

NASACT WEBINAR

Federal Funding: Recipient and Single Audit Issues

February 23, 2023 | 2:00 - 4:00 p.m. Eastern

OVERVIEW

NASACT is pleased to announce the latest in its series of training events addressing timely issues in government accounting, auditing, and financial management.

Since March 2020, grant recipients and single auditors have been dealing with a variety of accounting, auditing, reporting, and management issues. In many regards, these issues are the result of significant increases in federal funding from the pandemic and more recently, from the Infrastructure Investment and Jobs Act. This webinar will provide an update on the latest developments for recipients and single auditors resulting from these federal funding increases. Among the topics covered will be:

- Revenue replacement
- Subrecipient monitoring
- Close-out and reporting issues, including CRF and ERA closing
- Lessons learned and trends from single audits of pandemic-related funding
- Audit resolution – current status/trends
- Infrastructure funding – what are risk areas to be aware of now?
- Single audit issues (current and future)

Speakers will provide current practical guidance on issues from the perspectives of grantors, grantees, and auditors (both state and federal).
