The Oregon Reference Summit presents... Nontraditional Reference and Readers' Advisory on October 12, 2022

Body:

Oregon Reference Summit Presents 2022

The Oregon Reference Summit is inviting you to join us October 12th for a lively conversation entitled **"Nontraditional Reference and Readers' Advisory"** for our October bi-monthly program.

Our presenter, Spencer Ellis, addresses using nontraditional ways to enhance your readers' advisory. Please Join us **Wednesday, October 12th at 1pm pacific time.**

Nontraditional Reference and Readers' Advisory

Did COVID change how you approached reference and readers' advisory in your library? Spencer Ellis and the team at Jackson County Library Services found new approaches to reference and he will share those ideas with you during this presentation. He'll focus on the use of unusual formats, passive programs, and take & makes, to enhance your reference services. From blog posts to addressing common reference questions, this presentation will help you find creative ways to meet the needs and goals of your patrons, especially marginalized communities and staff.
