

EIS CYBER SECURITY WEBINAR SERIES

Zero Trust

Please join us on Wednesday, December 7th at 1pm for our next EIS web series event “Zero Trust”. This webinar will focus on answering the following questions:

- What is Zero Trust?
- Why do I (attendee) care about it?
- What can be done now with little to no budget/resources?
- How/where do I start; it is a lot to do?
- What does a roadmap look like for Agencies to follow to start achieving Zero Trust?
- What are lessons learned that attendees could avoid repeating?
