

## CrowdStrike RMM Hunting Dashboard

This is a RMM Hunting Dashboard from CrowdStrike's Github that provides visibility into those communicating with various RMM tools and domains. It offers a quick "at a glance" view of what's happening in the environment.

### RMM Hunting Dashboard Setup

- Download & import as a dashboard (CrowdStrike menu -> NGSIEM -> Log Management -> Dashboards -> Create Dashboard -> Import Dashboard)

[https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd\\_live\\_rmm/RMMHunting.yaml](https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd_live_rmm/RMMHunting.yaml)

- Download & import as a lookup file (CrowdStrike menu -> NGSIEM -> Log Management -> Dashboards -> Lookup files -> Import file)

[https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd\\_live\\_rmm/rmm\\_list.csv](https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd_live_rmm/rmm_list.csv)

- Download & import as a lookup file [https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd\\_live\\_rmm/rmm\\_tools.csv](https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd_live_rmm/rmm_tools.csv)

- Download & import as a lookup file [https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd\\_live\\_rmm/rmm\\_domains.csv](https://github.com/CrowdStrike/logscale-community-content/blob/main/Misc/crwd_live_rmm/rmm_domains.csv)
