

THE 1ST ANNUAL

Student Leadership Summit

LANE ESD & INTEGRATED GUIDANCE

WHAT IS THE EVENT?

Lane ESD has hosted a series of community engagement events in connection with Integrated Guidance, and we are excited to host our first student requested, student designed, and student led summit!

This event is an opportunity for each district to come together (in teams of high school buildings) alongside students for a day of workshops and action planning. This event was student requested, designed, and brought to life by a cross-county student design team.

2024 THEME:

Authentic Student Voice & Building Collaborations

FEATURING

- Student designed & facilitated sessions (working with admin, authentic student voice, school climate & visions for collaboration across affinity/student leadership groups)
- Facilitated action planning with your building & district teams (including students!)
- Time to connect (in small groups) with other educators leading affinity spaces, administrators supporting student voice, and student leaders across buildings.
- A chance to get some powerful community engagement artifacts for your IG plans!
- Lunch, raffles & tabling by student-centered community organizations!
