REDUCE CHILD ABUSE
90% BY 2030 IN LANE COUNTY

Are you expecting a new baby between May and September? Your baby can be a “Tiny Teacher” in a Lane County school this fall, where they will help build caring classrooms.

As a Roots of Empathy family, you and your baby will visit a classroom with a Roots of Empathy Instructor 9 times over the next school year.

Your baby will teach students about child development, helping students recognize themselves and their emotions, and explore how to care for others.
