Fundamentals of Tobacco Treatment Training

**Monday and Tuesday
May 5th and May 6th
From 9:00 am to 4:30 pm**

Enrollment Fee:

FREE for Lane County OHP providers, community care workers, etc. See registration page for details on receiving a PROMO CODE. \$60 for all other participants.

About the Training

This training provides an overview of concepts and practices fundamental to nicotine and tobacco treatment. This includes a review of addiction and the brain, a look into a bio-psycho-social perspective of tobacco dependence, an overview of pharmacotherapy options, discussion on screening and assessment, exploration of communication strategies, review of the readiness for change model, identification of diversity considerations, and coverage of basic treatment strategies. The training includes multiple interactive components including group discussion, small group break-outs, self-assessment, skills practice, and more.

About the Trainer

Lisa Carlson is a licensed marriage and family therapist with a private practice in Eugene, OR. Lisa holds a National Certificate in Tobacco Treatment Practice (NCTTP), is designated a UMASS Tobacco Treatment Specialist Trainer, and has acted as a contributing editor to UMASS's Tobacco Treatment Specialist Training Program. She is an Internal Family Systems (IFS) Certified Therapist, an American Association for Marriage and Family Therapy (AAMFT) Approved Supervisor, and a MHACBO Approved Education Provider.
