

Specialized Neurodivergent Curriculum

Charlie Health is proud to offer specialized clinical programming for neurodivergent individuals who may have autism, ADHD, and other neurodivergent conditions, along with other co-occurring mental health diagnoses. Our program provides a safe and healing space for clients to deal with the challenges that come with living in a neurotypical world together.

EACH CLIENT'S PERSONALIZED TREATMENT PLAN INCLUDES:

- Curated groups
- Individual therapy
- Family therapy
- Neurodivergent-affirming, trauma-informed clinicians
- Free family support groups
