March 15, 2016

TO: Interested Persons

FROM: Rob Hallyburton, Community Services Division Manager
Katherine Daniels, Farm and Forest Lands Specialist

SUBJECT: Adopted Minor, Technical, and Conforming Amendments to Administrative Rules for OAR Chapter 660, Divisions 4, 6, 25 and 33.

On January 14 and March 11, 2016, the Land Conservation and Development Commission (the commission) adopted amendments to OAR chapter 660, divisions 4, 6, 25 and 33 to make changes to conform to recent legislation and make other minor and technical amendments. The amended rules from the January 14 meeting were filed with the Secretary of State and became effective on February 10, 2016, while the amended rules from the March 11 meeting will be effective March 24, 2016.

PUBLIC NOTICE AND OUTREACH

The commission published notice of its intent to revise these rules in the Secretary of State's Administrative Rules Bulletin prior to the public hearings, and conducted public hearings at its January 14 and March 11, 2016, meetings, as required by the Oregon Administrative Procedures Act (ORS Chapter 183). Before the public hearings, notice and/or a copy of the draft rule amendments were mailed to the department's administrative rules notice list and posted on the department's website. All written comments, including emails, were submitted to the commission.

CHANGES TO CONFORM WITH LEGISLATION

The following changes to rules were made to conform with recent legislation:

- HB 3400 (2015) and SB 1598 (2016): These bills clarify that recreational and medical marijuana are a farm crop that is an allowable use in exclusive farm use zones and that may be allowed in other zones. The bills prohibit certain uses in conjunction with a marijuana crop, including farm dwellings, farm stands and commercial activities in conjunction with a marijuana crop. Adopted rules in division 33 are more specific, prohibiting a marijuana crop from being used to demonstrate compliance with the approval criteria for primary farm dwellings, accessory farm dwellings and relative farm help dwellings, and prohibiting the sale of or activities in conjunction with marijuana at farm stands and commercial activities in conjunction with farm use.
- HB 2457 (2015): This bill allows landowners to partition and sell portions of parcels that are partially inside and partially outside urban growth boundaries. Rule changes use simplified wording in divisions 6 and 33 to conform to the bill.
- HB 3214 (2015): This bill allows rezoning in built or committed exception areas without the need for justifying a new exception. Rule changes in division 4 conform to this bill.

- HB 3282 (2015): This bill clarifies that the commission may permit a city to enter periodic review for the limited purpose of responding to a remand of amendments reviewed “in the manner of periodic review.” Rule changes in division 25 conform to the bill and make other related minor and technical changes for clarity or improved process.

OTHER MINOR AND TECHNICAL CHANGES

A variety of minor and technical changes were made to divisions 6 and 33 for the purpose of clarity, improved process or better outcomes. Below is a brief summary of those changes. Please see the attached for the actual rule amendments.

Division 6 – Forest Lands

- Add forest land definition from Goal 4
- Separate primary processing review criteria from definition
- Delete DEQ-mandated solid waste disposal site authorization
- Cross-reference firearms training facility to statute
- Clarify that PLAs may not be used where land divisions prohibited
- Clarify applicability of forest deed requirements
- Conform division 6 to HB 2457 re partitions along UGBs

Division 33 – Agricultural Lands

- Create a definition for NRCS
- Clarify that challenges to NRCS soils apply to lots and parcels
- Adjust the soils assessment review timeline
- Clarify that PLAs may not be used where land divisions prohibited
- Provide consistency with LUBA holding on nonfarm dwellings
- Add statutory review criteria to relative farm help dwellings
- Reorder review criteria for power generating facilities
- Clarify school expansion criteria reference
- Clarify seasonal farmworker housing references
- Clarify farm dwelling capability criteria
- Clarify Table 1 to reference primary farm dwelling review criteria
- Delete authorization for residential “facility” consistent with LUBA ruling
- Delete obsolete (expired) rule
- Conform division 33 to HB 2457 re partitions along UGBs and to HB 3400 re marijuana and land use

For additional information, please contact Katherine Daniels, Farm and Forest Lands Specialist, at 503-934-0069 or katherine.daniels@state.or.us.

DIVISION 4

INTERPRETATION OF GOAL 2 EXCEPTION PROCESS

660-004-0018

Planning and Zoning for Exception Areas

(1) Purpose. This rule explains the requirements for adoption of plan and zone designations for exceptions. Exceptions to one goal or a portion of one goal do not relieve a jurisdiction from remaining goal requirements and do not authorize uses, densities, public facilities and services, or activities other than those recognized or justified by the applicable exception. Physically developed or irrevocably committed exceptions under OAR 660-004-0025 and 660-004-0028 and 660-014-0030 are intended to recognize and allow continuation of existing types of development in the exception area. Adoption of plan and zoning provisions that would allow changes in existing types of uses, densities, or services requires the application of the standards outlined in this rule.

(2) For "physically developed" and "irrevocably committed" exceptions to goals, residential plan and zone designations shall authorize a single numeric minimum lot size and all plan and zone designations shall limit uses, density, and public facilities and services to those **that satisfy (a) or (b) or (c) and, if applicable, (d):**

(a) That are the same as the existing land uses on the exception site;

(b) That meet the following requirements:

(A) The rural uses, density, and public facilities and services will maintain the land as "Rural Land" as defined by the goals, and are consistent with all other applicable goal requirements;

(B) The rural uses, density, and public facilities and services will not commit adjacent or nearby resource land to uses not allowed by the applicable goal as described in OAR 660-004-0028; and

(C) The rural uses, density, and public facilities and services are compatible with adjacent or nearby resource uses;

(c) For uses in unincorporated communities, the uses are consistent with OAR 660-022-0030, "Planning and Zoning of Unincorporated Communities", if the county chooses to designate the community under the applicable provisions of OAR chapter 660, division 22; [and]

(d) For industrial development uses and accessory uses subordinate to the industrial development, the industrial uses may occur in buildings of any size and type provided the exception area was planned and zoned for industrial use on January 1, 2004, subject to the territorial limits and other requirements of ORS 197.713 and 197.714.

(3) Uses, density, and public facilities and services not meeting section (2) of this rule may be approved on rural land only under provisions for a reasons exception as outlined in section (4) of this rule and applicable requirements of OAR 660-004-0020 through 660-004-0022, 660-011-0060 with regard to sewer service on rural lands, OAR 660-012-0070 with regard to transportation improvements on rural land, or OAR 660-014-0030 or 660-014-0040 with regard to urban development on rural land.

(4) "Reasons" Exceptions:

(a) When a local government takes an exception under the "Reasons" section of ORS 197.732(1)(c) and OAR 660-004-0020 through 660-004-0022, plan and zone designations must limit the uses, density, public facilities and services, and activities to only those that are justified in the exception.

(b) When a local government changes the types or intensities of uses or public facilities and services within an area approved as a "Reasons" exception, a new "Reasons" exception is required.

(c) When a local government includes land within an unincorporated community for which an exception under the "Reasons" section of ORS 197.732(1)(c) and OAR 660-004-0020 through 660-004-0022 was previously adopted, plan and zone designations must limit the uses, density, public facilities and services, and activities to only those that were justified in the exception or OAR 660-022-0030, whichever is more stringent.

DIVISION 6

GOAL 4 FOREST LANDS

660-006-0005

Definitions

For the purpose of this division, the following definitions apply:

- (1) Definitions contained in ORS 197.015 and the Statewide Planning Goals.
- (2) "Commercial Tree Species" means trees recognized for commercial production under rules adopted by the State Board of Forestry pursuant to ORS 527.715.
- (3) "Cubic Foot Per Acre" means the average annual increase in cubic foot volume of wood fiber per acre for fully stocked stands at the culmination of mean annual increment as reported by the USDA Natural Resource Conservation Service (NRCS) soil survey.
- (4) "Cubic Foot Per Tract Per Year" means the average annual increase in cubic foot volume of wood fiber per tract for fully stocked stands at the culmination of mean annual increment as reported by the USDA Natural Resource Conservation Service (NRCS) soil survey.
- (5) "Date of Creation and Existence." When a lot, parcel or tract is reconfigured pursuant to applicable law after November 4, 1993, the effect of which is to qualify a lot, parcel or tract for the siting of a dwelling, the date of the reconfiguration is the date of creation or existence. Reconfigured means any change in the boundary of the lot, parcel, or tract.
- (6) "Eastern Oregon" means that portion of the state lying east of a line beginning at the intersection of the northern boundary of the State of Oregon and the western boundary of Wasco County, then south along the western boundaries of the counties of Wasco, Jefferson, Deschutes and Klamath to the southern boundary of the State of Oregon.
- (7) **"Forest lands" as defined in Goal 4 are those lands acknowledged as forest lands, or, in the case of a plan amendment, forest lands shall include:**
 - (a) Lands that are suitable for commercial forest uses, including adjacent or nearby lands which are necessary to permit forest operations or practices; and**
 - (b) Other forested lands that maintain soil, air, water and fish and wildlife resources.**
- (8) "Forest Operation" means any commercial activity relating to the growing or harvesting or any forest tree species as defined in ORS 527.620(6).

~~[(8)]~~**(9)** "Governing Body" means a city council, county board of commissioners, or county court or its designate, including planning director, hearings officer, planning commission or as provided by Oregon law.

~~[(9)]~~**(10)** "Lot" means a single unit of land that is created by a subdivision of land as provided in ORS 92.010.

~~[(40)]~~ **(11)** "Parcel" means a single unit of land that is created by a partition of land and as further defined in ORS 215.010(1).

~~[(44)]~~ **(12)** "Primary processing of forest products" means the initial treatments of logs or other forest plant or fungi materials to prepare them for shipment for further processing or to market, ~~[in a building or buildings that do not exceed 10,000 square feet in total floor area, or an outdoor area that does not exceed one acre excluding laydown and storage yards, or both, that are adequately separated from surrounding properties to reasonably mitigate noise, odor and other impacts generated by the facility that adversely affect forest management and other existing uses, as determined by the governing body. Treatments may include]~~ including, but ~~[are]~~ not limited to, debarking, peeling, drying, cleaning, sorting, chipping, grinding, sawing, shaping, notching, biofuels conversion, or other similar methods of initial treatments.

~~[(42)]~~ **(13)** "Storage structures for emergency supplies" means structures to accommodate those goods, materials and equipment required to meet the essential and immediate needs of an affected population in a disaster. Such supplies include food, clothing, temporary shelter materials, durable medical goods and pharmaceuticals, electric generators, water purification gear, communication equipment, tools and other similar emergency supplies.

~~[(43)]~~ **(14)** "Tract" means one or more contiguous lots or parcels in the same ownership as provided in ORS 215.010(2).

~~[(44)]~~ **(15)** "Western Oregon" means that portion of the state lying west of a line beginning at the intersection of the northern boundary of the State of Oregon and the western boundary of Wasco County, then south along the western boundaries of the counties of Wasco, Jefferson, Deschutes and Klamath to the southern boundary of the State of Oregon.

660-006-0010

Identifying Forest Land

(1) Governing bodies shall identify "forest lands" as defined by Goal 4 in the comprehensive plan. Lands inventoried as Goal 3 agricultural lands, lands for which an exception to Goal 4 is justified pursuant to ORS 197.732 and taken, and lands inside urban growth boundaries are not

required to planned and zoned as forest lands. [~~Lands suitable for commercial forest uses shall be identified using a mapping of average annual wood production capability by cubic foot per acre (cf/ac) as reported by the USDA Natural Resources Conservation Service.~~]

(2) **Where a plan amendment is proposed:**

(a) Lands suitable for commercial forest uses shall be identified using a mapping of average annual wood production capability by cubic foot per acre (cf/ac) as reported by the USDA Natural Resources Conservation Service. [(2)] Where NRCS data are not available or are shown to be inaccurate, other site productivity data may be used to identify forest land, in the following order of priority:

[(a)] **(A)** Oregon Department of Revenue western Oregon site class maps;

[(b)] **(B)** USDA Forest Service plant association guides; or

[(e)] **(C)** Other information determined by the State Forester to be of comparable quality.

(3b) Where data of comparable quality under [subsections] **paragraphs** (2)(a)[- (e)] **(A) through (C)** are not available or are shown to be inaccurate, an alternative method for determining productivity may be used as described in the Oregon Department of Forestry's Technical Bulletin entitled "Land Use Planning Notes, Number 3 April 1998, Updated for Clarity April 2010."

(c) Counties shall identify forest lands that maintain soil air, water and fish and wildlife resources.

660-006-0025

Uses Authorized in Forest Zones

(1) Goal 4 requires that forest land be conserved. Forest lands are conserved by adopting and applying comprehensive plan provisions and zoning regulations consistent with the goals and this rule. In addition to forest practices and operations and uses auxiliary to forest practices, as set forth in ORS 527.722, the Commission has determined that five general types of uses, as set forth in the goal, may be allowed in the forest environment, subject to the standards in the goal and in this rule. These general types of uses are:

(a) Uses related to and in support of forest operations;

(b) Uses to conserve soil, air and water quality and to provide for fish and wildlife resources, agriculture and recreational opportunities appropriate in a forest environment;

(c) Locationally-dependent uses, such as communication towers, mineral and aggregate resources, etc.

(d) Dwellings authorized by ORS 215.705 to 215.755; and

(e) Other dwellings under prescribed conditions.

(2) The following uses pursuant to the Forest Practices Act (ORS [~~Chapter~~] **chapter** 527) and Goal 4 shall be allowed in forest zones:

(a) Forest operations or forest practices including, but not limited to, reforestation of forest land, road construction and maintenance, harvesting of a forest tree species, application of chemicals, and disposal of slash;

(b) Temporary on-site structures that are auxiliary to and used during the term of a particular forest operation;

(c) Physical alterations to the land auxiliary to forest practices including, but not limited to, those made for purposes of exploration, mining, commercial gravel extraction and processing, landfills, dams, reservoirs, road construction or recreational facilities; and

(d) For the purposes of section (2) of this rule "auxiliary" means a use or alteration of a structure or land that provides help or is directly associated with the conduct of a particular forest practice. An auxiliary structure is located on site, temporary in nature, and is not designed to remain for the forest's entire growth cycle from planting to harvesting. An auxiliary use is removed when a particular forest practice has concluded.

(3) The following uses may be allowed outright on forest lands:

(a) Uses to conserve soil, air and water quality and to provide for wildlife and fisheries resources;

(b) Farm use as defined in ORS 215.203;

(c) Local distribution lines (e.g., electric, telephone, natural gas) and accessory equipment (e.g., electric distribution transformers, poles, meter cabinets, terminal boxes, pedestals), or equipment that provides service hookups, including water service hookups;

(d) Temporary portable facility for the primary processing of forest products;

(e) Exploration for mineral and aggregate resources as defined in ORS chapter 517;

(f) Private hunting and fishing operations without any lodging accommodations;

(g) Towers and fire stations for forest fire protection;

(h) Widening of roads within existing rights-of-way in conformance with the transportation element of acknowledged comprehensive plans and public road and highway projects as described in ORS 215.213(1) and 215.283(1);

(i) Water intake facilities, canals and distribution lines for farm irrigation and ponds;

(j) Caretaker residences for public parks and public fish hatcheries;

(k) Uninhabitable structures accessory to fish and wildlife enhancement;

(l) Temporary forest labor camps;

(m) Exploration for and production of geothermal, gas, oil, and other associated hydrocarbons, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the well head;

(n) Destination resorts reviewed and approved pursuant to ORS 197.435 to 197.467 and Goal 8;

(o) ~~[Disposal site for solid waste that has been ordered established by the Oregon Environmental Quality Commission under ORS 459.049, together with the equipment, facilities or buildings necessary for its operation]~~ ~~(p)~~ Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structures;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement, is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling;

~~(q)~~ (p) An outdoor mass gathering as defined in ORS 433.735 or other gathering of fewer than 3,000 persons that is not anticipated to continue for more than 120 hours in any three-month period is not a "land use decision" as defined in ORS 197.015(10) or subject to review under this division;

~~(r)~~ (q) Dump truck parking as provided in ORS 215.311; and

~~(s)~~ (r) An agricultural building, as defined in ORS 455.315, customarily provided in conjunction with farm use or forest use. A person may not convert an agricultural building authorized by this section to another use.

(4) The following uses may be allowed on forest lands subject to the review standards in section (5) of this rule:

(a) Permanent facility for the primary processing of forest products **that is:**

(A) Located in a building or buildings that do not exceed 10,000 square feet in total floor area, or an outdoor area that does not exceed one acre excluding laydown and storage yards, or a proportionate combination of indoor and outdoor areas; and

(B) Adequately separated from surrounding properties to reasonably mitigate noise, odor and other impacts generated by the facility that adversely affect forest management and other existing uses, as determined by the governing body;

(b) Permanent logging equipment repair and storage;

(c) Log scaling and weigh stations;

(d) Disposal site for solid waste approved by the governing body of a city or county or both and for which the Oregon Department of Environmental Quality has granted a permit under ORS 459.245, together with equipment, facilities or buildings necessary for its operation;

(e)(A) Private parks and campgrounds. Campgrounds in private parks shall only be those allowed by this subsection. Except on a lot or parcel contiguous to a lake or reservoir, campgrounds shall not be allowed within three miles of an urban growth boundary unless an exception is approved pursuant to ORS 197.732 and OAR chapter 660, division 4. A campground is an area devoted to overnight temporary use for vacation, recreational or emergency purposes, but not for residential purposes and is established on a site or is contiguous to lands with a park or other outdoor natural amenity that is accessible for recreational use by the occupants of the campground. A campground shall be designed and integrated into the rural agricultural and forest environment in a manner that protects the natural amenities of the site and provides buffers of existing native trees and vegetation or other natural features between campsites. Campsites may be occupied by a tent, travel trailer or recreational vehicle. Separate sewer, water or electric service hook-ups shall not be provided to individual camp sites. Campgrounds authorized by this rule shall not include intensively developed recreational uses such as swimming pools, tennis courts, retail stores or gas stations. Overnight temporary use in the same campground by a camper or camper's vehicle shall not exceed a total of 30 days during any consecutive six-month period.

(B) Campsites may be occupied by a tent, travel trailer, yurt or recreational vehicle. Separate sewer, water or electric service hook-ups shall not be provided to individual camp sites except that electrical service may be provided to yurts allowed for by paragraph (4)(e)(C) of this rule.

(C) Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the

Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the Commission determines that the increase will comply with the standards described in ORS 215.296(1). As used in this rule, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hook-up or internal cooking appliance.

(f) Public parks including only those uses specified under OAR 660-034-0035 or 660-034-0040, whichever is applicable;

(g) Mining and processing of oil, gas, or other subsurface resources, as defined in ORS ~~[Chapter]~~ **chapter** 520, and not otherwise permitted under subsection (3)(m) of this rule (e.g., compressors, separators and storage serving multiple wells), and mining and processing of aggregate and mineral resources as defined in ORS ~~[Chapter]~~ **chapter** 517;

(h) Television, microwave and radio communication facilities and transmission towers;

(i) Fire stations for rural fire protection;

(j) Commercial utility facilities for the purpose of generating power. A power generation facility shall not preclude more than 10 acres from use as a commercial forest operation unless an exception is taken pursuant to OAR chapter 660, division 4;

(k) Aids to navigation and aviation;

(l) Water intake facilities, related treatment facilities, pumping stations, and distribution lines;

(m) Reservoirs and water impoundments;

(n) Firearms training facility **as provided in ORS 197.770(2)**;

(o) Cemeteries;

(p) Private seasonal accommodations for fee hunting operations may be allowed subject to section (5) of this rule, OAR 660-006-0029, and 660-006-0035 and the following requirements:

(A) Accommodations are limited to no more than 15 guest rooms as that term is defined in the Oregon Structural Specialty Code;

(B) Only minor incidental and accessory retail sales are permitted;

(C) Accommodations are occupied temporarily for the purpose of hunting during either or both game bird or big game hunting seasons authorized by the Oregon Fish and Wildlife Commission; and

(D) A governing body may impose other appropriate conditions.

(q) New electric transmission lines with right of way widths of up to 100 feet as specified in ORS 772.210. New distribution lines (e.g., gas, oil, geothermal, telephone, fiber optic cable) with rights-of-way 50 feet or less in width;

(r) Temporary asphalt and concrete batch plants as accessory uses to specific highway projects;

(s) Home occupations as defined in ORS 215.448;

(t) A manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative as defined in ORS 215.213 and 215.283. The manufactured dwelling shall use the same subsurface sewage disposal system used by the existing dwelling, if that disposal system is adequate to accommodate the additional dwelling. If the manufactured dwelling will use a public sanitary sewer system, such condition will not be required. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. A temporary residence approved under this subsection is not eligible for replacement under subsection ~~[(3)(p)]~~ **(3)(o)** of this rule. Governing bodies every two years shall review the permit authorizing such mobile homes. When the hardships end, governing bodies or their designate shall require the removal of such mobile homes. Oregon Department of Environmental Quality review and removal requirements also apply to such mobile homes. As used in this section, "hardship" means a medical hardship or hardship for the care of an aged or infirm person or persons;

(u) Expansion of existing airports;

(v) Public road and highway projects as described in ORS 215.213(2)(p) through (r) and (10) and 215.283(2)(q) through (s) and (3);

(w) Private accommodations for fishing occupied on a temporary basis may be allowed subject to section (5) of this rule, OAR 600-060-0029 and 660-006-0035 and the following requirements:

(A) Accommodations limited to no more than 15 guest rooms as that term is defined in the Oregon Structural Specialty Code;

(B) Only minor incidental and accessory retail sales are permitted;

(C) Accommodations occupied temporarily for the purpose of fishing during fishing seasons authorized by the Oregon Fish and Wildlife Commission;

(D) Accommodations must be located within 1/4 mile of fish-bearing Class I waters; and

(E) A governing body may impose other appropriate conditions.

(x) Forest management research and experimentation facilities as defined by ORS 526.215 or where accessory to forest operations; and

(y) An outdoor mass gathering subject to review by a county planning commission under the provisions of ORS 433.763. These gatherings are those of more than 3,000 persons that continue or can reasonably be expected to continue for more than 120 hours within any three-month period and any part of which is held in open spaces.

(z) Storage structures for emergency supplies to serve communities and households that are located in tsunami inundation zones, if:

(A) Areas within an urban growth boundary cannot reasonably accommodate the structures;

(B) The structures are located outside tsunami inundation zones and consistent with evacuation maps prepared by Department of Geology and Mineral Industries (DOGAMI) or the local jurisdiction;

(C) Sites where the structures could be co-located with an existing use approved under this section are given preference for consideration;

(D) The structures are of a number and size no greater than necessary to accommodate the anticipated emergency needs of the population to be served;

(E) The structures are managed by a local government entity for the single purpose of providing for the temporary emergency support needs of the public; and

(F) Written notification has been provided to the County Office of Emergency Management of the application for the storage structures.

(5) A use authorized by section (4) of this rule may be allowed provided the following requirements or their equivalent are met. These requirements are designed to make the use compatible with forest operations and agriculture and to conserve values found on forest lands:

(a) The proposed use will not force a significant change in, or significantly increase the cost of, accepted farming or forest practices on agriculture or forest lands;

(b) The proposed use will not significantly increase fire hazard or significantly increase fire suppression costs or significantly increase risks to fire suppression personnel; and

(c) A written statement recorded with the deed or written contract with the county or its equivalent is obtained from the land owner that recognizes the rights of adjacent and nearby land owners to conduct forest operations consistent with the Forest Practices Act and Rules for uses authorized in subsections (4)(e), (m), (s), (t) and (w) of this rule.

(6) Nothing in this rule relieves governing bodies from complying with other requirement contained in the comprehensive plan or implementing ordinances such as the requirements addressing other resource values (e.g., Goal 5) that exist on forest lands.

New Land Division Requirements in Forest Zones

(1) Governing bodies shall legislatively amend their land division standards to incorporate one or more of the following parcel sizes. Under these provisions, a governing body may not determine minimum parcel sizes for forest land on a case-by-case basis:

(a) An 80-acre or larger minimum parcel size; or

(b) One or more numeric minimum parcel sizes less than 80 acres provided that each parcel size is large enough to ensure:

(A) The opportunity for economically efficient forest operations typically occurring in the area;

(B) The opportunity for the continuous growing and harvesting of forest tree species;

(C) The conservation of other values found on forest lands as described in Goal 4; and

(D) That parcel meets the requirements of ORS 527.630.

(2) New land divisions less than the parcel size in section (1) of this rule may be approved for any of the following circumstances:

(a) For the uses listed in OAR 660-006-0025(3)(m) [~~through (o)~~] **and (n)** and (4)(a) through (o) provided that such uses have been approved pursuant to OAR 660-060-0025(5) and the parcel created from the division is the minimum size necessary for the use.

(b) For the establishment of a parcel for a dwelling that has existed since before June 1, 1995, subject to the following requirements:

(A) The parcel established may not be larger than five acres, except as necessary to recognize physical factors such as roads or streams, in which case the parcel shall not be larger than 10 acres; and

(B) The parcel that does not contain the dwelling is not entitled to a dwelling unless subsequently authorized by law or goal and the parcel either:

(i) Meets the minimum land division standards of the zone; or

(ii) Is consolidated with another parcel, and together the parcels meet the minimum land division standards of the zone.

(c) To allow a division of forest land to facilitate a forest practice as defined in ORS 527.620 that results in a parcel that does not meet the minimum area requirements of subsection (1)(a) or (b). Approvals shall be based on findings that demonstrate that there are unique property specific characteristics present in the proposed parcel that require an amount of land smaller than the minimum area requirements of subsections (1)(a) or (b) of this rule in order to conduct the forest practice. Parcels created pursuant to this subsection:

(A) Are not eligible for siting of new dwelling;

(B) May not serve as the justification for the siting of a future dwelling on other lots or parcels;

(C) May not, as a result of the land division, be used to justify redesignation or rezoning of resource lands; and

(D) May not result in a parcel of less than 35 acres, unless the purpose of the land division is to:

(i) Facilitate an exchange of lands involving a governmental agency; or

(ii) Allow transactions in which at least one participant is a person with a cumulative ownership of at least 2,000 acres of forest land.

(d) To allow a division of a lot or parcel zoned for forest use if:

(A) At least two dwellings lawfully existed on the lot or parcel prior to November 4, 1993;

(B) Each dwelling complies with the criteria for a replacement dwelling under ORS 215.213(1) or 215.283(1);

(C) Except for one lot or parcel, each lot or parcel created under this paragraph is between two and five acres in size;

(D) At least one dwelling is located on each lot or parcel created under this paragraph; and

(E) The landowner of a lot or parcel created under this paragraph provides evidence that a restriction prohibiting the landowner and the landowner's successors in interest from further dividing the lot or parcel has been recorded with the county clerk of the county in which the lot or parcel is located. A restriction imposed under this paragraph shall be irrevocable unless a statement of release is signed by the county planning director of the county in which the lot or

parcel is located indicating that the comprehensive plan or land use regulations applicable to the lot or parcel have been changed so that the lot or parcel is no longer subject to statewide planning goals protecting forestland or unless the land division is subsequently authorized by law or by a change in a statewide planning goal for land zoned for forest use.

(e) To allow a proposed division of land as provided in ORS 215.783.

(3) A county planning director shall maintain a record of lots and parcels that do not qualify for division under the restrictions imposed by OAR 660-006-0026(2)(d) and (4). The record shall be available to the public.

(4) A lot or parcel may not be divided under OAR 660-006-0026(2)(d) if an existing dwelling on the lot or parcel was approved under:

(a) A statute, an administrative rule or a land use regulation as defined in ORS 197.015 that required removal of the dwelling or that prohibited subsequent division of the lot or parcel; or

(b) A farm use zone provision that allowed both farm and forest uses in a mixed farm and forest use zone under statewide goal 4 (Forest Lands).

(5)(a) An applicant for the creation of a parcel pursuant to subsection (2)(b) of this rule shall provide evidence that a restriction on the remaining parcel, not containing the dwelling, has been recorded with the county clerk of the county where the property is located. The restriction shall allow no dwellings unless authorized by law or goal on land zoned for forest use except as permitted under section (2) of this rule.

(b) A restriction imposed under this ~~[sub]~~section shall be irrevocable unless a statement of release is signed by the county planning director of the county where the property is located indicating that the comprehensive plan or land use regulations applicable to the property have been changed in such a manner that the parcel is no longer subject to statewide planning goals pertaining to agricultural land or forest land.

(c) The county planning director shall maintain a record of parcels that do not qualify for the siting of a new dwelling under restrictions imposed by this rule. The record shall be readily available to the public.

(6) A landowner allowed a land division under section (2) of this rule shall sign a statement that shall be recorded with the county clerk of the county in which the property is located, declaring that the landowner will not in the future complain about accepted farming or forest practices on nearby lands devoted to farm or forest use.

(7) The county governing body or its designate may not approve a property line adjustment of a lot or parcel in a manner that separates a temporary hardship dwelling or home occupation from the parcel on which the primary residential use exists.

(8) A division of a lawfully established unit of land may occur along an urban growth boundary where the parcel remaining outside the urban growth boundary is zoned for forest use or mixed farm and forest use and is smaller than the minimum parcel size, provided that:

(a) If the parcel contains a dwelling, it must be large enough to support continued residential use.

(b) If the parcel does not contain a dwelling:

(A) It is not eligible for siting a dwelling, except as may be authorized under ORS 195.120;

(B) It may not be considered in approving or denying an application for any other dwelling;

(C) It may not be considered in approving a redesignation or rezoning of forest lands, except to allow a public park, open space or other natural resource use; and

(D) The owner of the parcel shall record with the county clerk an irrevocable deed restriction prohibiting the owner and all successors in interest from pursuing a cause of action or claim of relief alleging injury from farming or forest practices for which a claim or action is not allowed under ORS 30.936 or 30.937.

660-006-0027

Dwellings in Forest Zones

The following standards apply to dwellings described at OAR 660-006-0025(1)(d):

(1) A lot of record dwelling authorized under ORS 215.705 may be allowed if:

(a) The lot or parcel on which the dwelling will be sited was lawfully created and was acquired and owned continuously by the present owner as defined in subsection (d) of this section:

(A) Since prior to January 1, 1985; or

(B) By devise or by intestate succession from a person who acquired and had owned continuously the lot or parcel since prior to January 1, 1985.

(b) The tract on which the dwelling will be sited does not include a dwelling;

(c) The lot or parcel on which the dwelling will be sited was part of a tract on November 4, 1993, no dwelling exists on another lot or parcel that was part of that tract.

(d) For purposes of this section, "owner" includes the wife, husband, son, daughter, mother, father, brother, brother-in-law, sister, sister-in-law, son-in-law, daughter-in-law, mother-in-law, father-in-law, aunt, uncle, niece, nephew, stepparent, stepchild, grandparent or grandchild of the owner or a business entity owned by any one or combination of these family members.

(e) The dwelling must be located:

(A) On a tract in western Oregon that is composed of soil is not capable of producing 5,000 cubic feet per year of commercial tree species and is located within 1,500 feet of a public road as defined under ORS 368.001 that provides or will provide access to the subject tract. The road shall be maintained and either paved or surfaced with rock and shall not be:

(i) A United States Bureau of Land Management road; or

(ii) A United States Forest Service road unless the road is paved to a minimum width of 18 feet, there is at least one defined lane in each direction and a maintenance agreement exists between the United States Forest Service and landowners adjacent to the road, a local government or a state agency.

(B) On a tract in eastern Oregon that is composed of soils not capable of producing 4,000 cubic feet per year of commercial tree species and is located within 1,500 feet of a public road as defined under ORS 368.001 that provides or will provide access to the subject tract. The road shall be maintained and either paved or surfaced with rock and shall not be:

(i) A United States Bureau of Land Management road; or

(ii) A United States Forest Service road unless the road is paved to a minimum width of 18 feet, there is at least one defined lane in each direction and a maintenance agreement exists between the United States Forest Service and landowners adjacent to the road, a local government or a state agency.

(f) When the lot or parcel on which the dwelling will be sited lies within an area designated in an acknowledged comprehensive plan as habitat of big game, the siting of the dwelling shall be consistent with the limitations on density upon which the acknowledged comprehensive plan and land use regulations intended to protect the habitat are based; and

(g) When the lot or parcel on which the dwelling will be sited is part of a tract, the remaining portions of the tract shall be consolidated into a single lot or parcel when the dwelling is allowed.

(2) If a dwelling is not allowed pursuant to section (1) of this rule, a large tract forest dwelling authorized under ORS 215.740 may be allowed on land zoned for forest use if it complies with other provisions of law and is sited on a tract that does not include a dwelling:

(a) In eastern Oregon of at least 240 contiguous acres or 320 acres in one ownership that are not contiguous but are in the same county or adjacent counties and zoned for forest use. A deed restriction shall be filed pursuant to section (7) of this rule for all tracts that are used to meet the acreage requirements of this subsection.

(b) In western Oregon of at least 160 contiguous acres or 200 acres in one ownership that are not contiguous but are in the same county or adjacent counties and zoned for forest use. A deed restriction shall be filed pursuant to section (7) of this rule for all tracts that are used to meet the acreage requirements of this subsection.

(c) A tract shall not be considered to consist of less than 240 acres or 160 acres because it is crossed by a public road or a waterway.

(3) In western Oregon, a governing body of a county or its designate may allow the establishment of a single family “template” dwelling authorized under ORS 215.750 on a lot or parcel located within a forest zone if the lot or parcel is predominantly composed of soils that are:

(a) Capable of producing zero to 49 cubic feet per acre per year of wood fiber if:

(A) All or part of at least three other lots or parcels that existed on January 1, 1993, are within a [~~160-acre~~] **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(b) Capable of producing 50 to 85 cubic feet per acre per year of wood fiber if:

(A) All or part of at least seven other lots or parcels that existed on January 1, 1993, are within a [~~160-acre~~] **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(c) Capable of producing more than 85 cubic feet per acre per year of wood fiber if:

(A) All or part of at least 11 other lots or parcels that existed on January 1, 1993, are within a [~~160-acre~~] **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(4) In eastern Oregon, a governing body of a county or its designate may allow the establishment of a single family “template” dwelling authorized under ORS 215.750 on a lot or parcel located within a forest zone if the lot or parcel is predominantly composed of soils that are:

(a) Capable of producing zero to 20 cubic feet per acre per year of wood fiber if:

(A) All or part of at least three other lots or parcels that existed on January 1, 1993, are within a ~~[160-acre]~~ **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(b) Capable of producing 21 to 50 cubic feet per acre per year of wood fiber if:

(A) All or part of at least seven other lots or parcels that existed on January 1, 1993, are within a ~~[160-acre]~~ **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(c) Capable of producing more than 50 cubic feet per acre per year of wood fiber if:

(A) All or part of at least 11 other lots or parcels that existed on January 1, 1993, are within a ~~[160-acre]~~ **160-acre** square centered on the center of the subject tract; and

(B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.

(5) The following review standards apply to “template” dwellings approved under sections (3) or (4) of this rule:

(a) Lots or parcels within urban growth boundaries shall not be used to satisfy the eligibility requirements under sections (3) or (4) of this rule.

(b) Except as provided by subsection (c) of this section, if the tract under section (3) or (4) of this rule abuts a road that existed on January 1, 1993, the measurement may be made by creating a ~~[160-acre]~~ **160-acre** rectangle that is one mile long and 1/4 mile wide centered on the center of the subject tract and that is to the maximum extent possible, aligned with the road.

(c)(A) If a tract 60 acres or larger described under section (3) or (4) of this rule abuts a road or perennial stream, the measurement shall be made in accordance with subsection (b) of this section. However, one of the three required dwellings shall be on the same side of the road or stream as the tract, and:

(i) Be located within a 160-acre rectangle that is one mile long and one-quarter mile wide centered on the center of the subject tract and that is, to the maximum extent possible aligned with the road or stream; or

(ii) Be within one-quarter mile from the edge of the subject tract but not outside the length of the ~~[160-acre]~~ **160-acre** rectangle, and on the same side of the road or stream as the tract.

(B) If a road crosses the tract on which the dwelling will be located, at least one of the three required dwellings shall be on the same side of the road as the proposed dwelling.

(6) A proposed “template” dwelling under this rule is not allowed:

(a) If it is prohibited by or will not comply with the requirements of an acknowledged comprehensive plan, acknowledged land use regulations, or other provisions of law;

(b) Unless it complies with the requirements of OAR 660-006-0029 and 660-006-0035;

(c) Unless no dwellings are allowed on other lots or parcels that make up the tract and deed restrictions established under section (7) of this rule for the other lots or parcels that make up the tract are met; or

(d) If the tract on which the dwelling will be sited includes a dwelling.

(7)(a) The applicant for a dwelling authorized by [~~subsections (2)(a) or (b) of this rule that requires one or more lot or parcel to meet minimum acreage requirements~~] **paragraph (A) or (B) below** shall provide evidence that the covenants, conditions and restrictions form adopted as "Exhibit A" has been recorded with the county clerk of the county or counties where the property subject to the covenants, conditions and restrictions is located.

(A) Subsections (2)(a) or (b) of this rule requiring one or more lot or parcel to meet minimum acreage requirements.

(B) Sections (3) or (4) of this rule applying to other lots or parcels that make up a tract in section (6).

(b) The covenants, conditions and restrictions are irrevocable, unless a statement of release is signed by an authorized representative of the county or counties where the property subject to the covenants, conditions and restrictions is located.

(c) Enforcement of the covenants, conditions and restrictions may be undertaken by the department or by the county or counties where the property subject to the covenants, conditions and restrictions is located.

(d) The failure to follow the requirements of this section shall not affect the validity of the transfer of property or the legal remedies available to the buyers of property that is subject to the covenants, conditions and restrictions required by this section.

(e) The county planning director shall maintain a copy of the covenants, conditions and restrictions filed in the county deed records pursuant to this section and a map or other record depicting tracts do not qualify for the siting of a dwelling under the covenants, conditions and restrictions filed in the county deed records pursuant to this section. The map or other record required by this subsection shall be readily available to the public in the county planning office.

(8) Notwithstanding subsection (6)(a) of this rule, if the acknowledged comprehensive plan and land use regulations of a county require that a dwelling be located in a 160-acre square or rectangle described in sections (3) or (4) or subsections (5)(b) or (c) of this rule, a dwelling is in the 160-acre square or rectangle if any part of the dwelling is in the 160-acre square or rectangle.

DIVISION 25
PERIODIC REVIEW

660-025-0020

Definitions

For the purposes of this division, the definitions contained in ORS 197.015, 197.303, and 197.747 shall apply unless the context requires otherwise. In addition, the following definitions apply:

~~[(1) "Economic Revitalization Team" means the team established under ORS 284.555.]~~

~~[(2)]~~ **(1)** "Filed" or "Submitted" means that the required documents have been received by the Department of Land Conservation and Development at its Salem, Oregon, office.

~~[(3)]~~ **(2)** "Final Decision" means the completion by the local government of a work task on an approved work program, including the adoption of supporting findings and any amendments to the comprehensive plan or land use regulations. A decision is final when the local government's decision is transmitted to the department for review.

~~[(4)]~~ **(3)** "Metropolitan planning organization" means an organization located wholly within the State of Oregon and designated by the Governor to coordinate transportation planning in an urbanized area of the state pursuant to 49 USC § 5303(c).

~~[(5)]~~ **(4)** "Objection" means a written complaint concerning the adequacy of an evaluation, proposed work program, or completed work task.

~~[(6)]~~ **(5)** "Participated at the local level" means to have provided substantive comment, evidence, documents, correspondence, or testimony to the local government during the local proceedings regarding a decision on an evaluation, work program or work task.

(6) "Regional Solutions Team" means a team described in ORS 284.754.

(7) "Work Program" means a detailed listing of tasks necessary to revise or amend the local comprehensive plan or land use regulations to ensure the plan and regulations achieve the statewide planning goals. A work program must indicate the date that each work task must be submitted to the department for review.

(8) "Work Task" or "task" means an activity that is included on an approved work program and that generally results in an adopted amendment to a comprehensive plan or land use regulation.

Stat. Auth.: ORS 197.040 & 197.633

660-025-0035

Initiating Periodic Review Outside the Schedule

(1) A local government may request, and the commission may approve, initiation of periodic review not otherwise provided for in the schedule established under OAR 660-025-0030. The request must be submitted to the commission along with justification for the requested action. The justification must include a statement of local circumstances that warrant periodic review and identification of the statewide planning goals to be addressed.

(2) A city may request, and the commission may approve, initiation of periodic review for the limited purpose of completing changes to proposed amendments to a comprehensive plan and land use regulations required on remand after review by the commission in the manner provided for review of a work task under ORS 197.626(1)(b) and OAR 660-025-0175(1)(b). If periodic review is initiated under this section, the city may adopt, and the director may approve, a work program that includes only the changes required on remand.

[~~(2)~~] **(3)** In consideration of the request filed pursuant to section (1) **or (2)**, the commission must consider the needs of the jurisdiction to address the issue(s) identified in the request for periodic review, the interrelationships of the statewide planning goals to be addressed in the periodic review project, and other factors the commission finds relevant. If the commission approves the request, the provisions of this division apply, except as provided in section [~~(3)~~] **(4)** of this rule.

[~~(3)~~] **(4)** The [~~Economic Revitalization Team~~] **Regional Solutions Team** may work with a city to create a voluntary comprehensive plan review that focuses on the unique vision of the city, instead of conducting a standard periodic review, if the team identifies a city that the team determines can benefit from a customized voluntary comprehensive plan review. In order for a voluntary comprehensive plan review to be initiated by the commission, the city must request initiation of such a modified periodic review. The provisions of this division apply except as follows:

(a) If the city is subject to the periodic review schedule in OAR 660-025-0030, the periodic review under this section will not replace or delay the next scheduled periodic review;

(b) If the city misses a deadline related to an evaluation, work program or work task, including any extension, the commission must terminate the evaluation, work program, or work task or impose sanctions pursuant to OAR 660-025-0170(3).

[~~(4)~~] **(5)** If the commission pays the costs of a local government that is not subject to OAR 660-025-0030 to perform new work programs and work tasks, the commission may require the local government to complete periodic review when the local government has not completed periodic review within the previous five years if:

(a) A city has been growing faster than the annual population growth rate of the state for five consecutive years;

(b) A major transportation project on the Statewide Transportation Improvement Program that is approved for funding by the Oregon Transportation Commission is likely to:

(A) Have a significant impact on a city or an urban unincorporated community; or

(B) Be significantly affected by growth and development in a city or an urban unincorporated community;

(c) A major facility, including a prison, is sited or funded by a state agency; or

(d) Approval by the city or county of a facility for a major employer will increase employment opportunities and significantly affect the capacity of housing and public facilities in the city or urban unincorporated community.

~~[(5)]~~ **(6)** As used in section ~~[(4)]~~ **(5)** of this rule, “the costs of a local government” means: normal and customary expenses for supplies, personnel and services directly related to preparing a work program, and completing studies and inventories, drafting of ordinances, preparing and sending notices of hearings and meetings, conducting meetings and workshops, and conducting hearings on possible adoption of amendments to plans or codes, to complete a work task.

Exclusive Jurisdiction of LCDC

(1) The commission, pursuant to ORS 197.644(2), has exclusive jurisdiction for review of completed periodic review work tasks for compliance with the statewide planning goals and applicable statutes and administrative rules, as provided in ORS 197.633(3). The director also has authority to review the periodic review evaluation, work program and completed work tasks, as provided in ORS 197.633 and 197.644.

(2) Pursuant to ORS 197.626, the commission has exclusive jurisdiction for review of the following final decisions for compliance with the statewide planning goals:

(a) An amendment of an urban growth boundary by a metropolitan service district that adds more than 100 acres to the area within its urban growth boundary;

(b) An amendment of an urban growth boundary by a city with a population of 2,500 or more within its urban growth boundary that adds more than 50 acres to the area within the urban growth boundary, **except as provided by ORS 197A.325 and OAR 660-038-0020(10);**

(c) A designation of an area as an urban reserve under ORS 195.137 to 195.145 by a metropolitan service district or by a city with a population of 2,500 or more within its urban growth boundary;

(d) An amendment of the boundary of an urban reserve by a metropolitan service district;

(e) An amendment of the boundary of an urban reserve to add more than 50 acres to the urban reserve by a city with a population of 2,500 or more within its urban growth boundary; and

(f) A designation or an amendment to the designation of a rural reserve under ORS 195.137 to 195.145 by a county, in coordination with a metropolitan service district, including an amendment of the boundary of a rural reserve.

(3) A final order of the commission pursuant to sections (1) or (2) of this rule may be subject to judicial review in the manner provided in applicable provisions of ORS 197.650 and 197.651.

(4) The director may transfer one or more matters arising from review of a work task, urban growth boundary amendment or designation or amendment of an urban reserve area to the Land Use Board of Appeals pursuant to ORS 197.825(2)(c)(A) and OAR 660-025-0250.

Periodic Review Assistance Team(s)

(1) The director may create one or more Periodic Review Assistance Team(s) to coordinate state, regional or local public agency comment, assistance, and information into the evaluation and work program development process. The director must seek input from agencies, regional governments and local governments on the membership of Periodic Review Assistance Team(s).

(2) Members of the Periodic Review Assistance Team will provide, as appropriate:

(a) Information relevant to the periodic review process;

(b) New and updated information;

(c) Technical and professional land use planning assistance; or

(d) Coordinated evaluation and comment from state agencies.

(3) Membership. The Periodic Review Assistance Team may include representatives of state agencies with programs affecting land use described in ORS 197.180, and representatives of regional or local governments who may have an interest in the review.

(4) Meetings. The Periodic Review Assistance Team shall meet as necessary to provide information and advice to a local government in periodic review.

(5) Authority. The Periodic Review Assistance Team shall be an advisory body. The team may make recommendations concerning an evaluation, a work program or work task undertaken pursuant to an approved work program. The team may also make recommendations to cities, counties, state agencies and the commission regarding any other issues related to periodic review.

(6) In addition to the Periodic Review Assistance Team(s), the department may utilize the ~~[Economic Revitalization Team]~~ **Regional Solutions Team** or institute an alternative process for coordinating agency participation in the periodic review of comprehensive plans.

(7) The commission must consider the recommendations, if any, of the Periodic Review Assistance Team(s).

Commission Hearings Notice and Procedures

(1) Hearings before the commission on a referral of a local government submittal of a work program or hearings on referral or appeal of a work task must be noticed and conducted in accordance with this rule.

(2) The commission shall take final action on an appeal or referral of a completed work task within 90 days of the date the appeal was filed or the director issued notice of the referral unless:

(a) At the request of a local government and a person who files a valid objection or appeals the director's decision, the department may provide mediation services to resolve disputes related to the appeal. Where mediation is underway, the commission shall delay its hearing until the mediation process is concluded or the director, after consultation with the mediator, determines that mediation is of no further use in resolution of the work program or work task disagreements;

(b) If the appeal or referral raises new or complex issues of fact or law that make it unreasonable for the commission to give adequate consideration to the issues within the 90-day limit the commission is not required to take final action within that time limit; or

(c) If the parties to the appeal and the commission agree to an extension, the hearing may be continued for a period not to exceed an additional 90 days.

(3) The director must provide written notice of the hearing to the local government, the appellant, objectors, and individuals requesting notice in writing. The notice must contain the date and location of the hearing.

(4) The director may prepare a written report to the commission on an appeal or referral. If a report is prepared, the director must ~~mail~~ **send** a copy to the local government, objectors, the appellant, and individuals requesting the report in writing.

(5) Commission hearings will be conducted using the following procedures:

(a) The chair will open the hearing and explain the proceedings;

(b) The director or designee will present an oral report regarding the nature of the matter before the commission, an explanation of the director's decision, if any, and other information to assist the commission in reaching a decision. If another state agency participated in the periodic review under ORS 197.637 or 197.638, the agency may participate in the director's oral report.

(c) Participation in the hearing is limited to:

(A) The local government or governments whose decision is under review;

(B) Persons who filed a valid objection to the local decision in the case of commission hearing on a referral;

(C) Persons who filed a valid appeal of the director's decision in the case of a commission hearing on an appeal; and

(D) Other affected local governments.

(d) Standing to file an appeal of a work task is governed by OAR 660-025-0150.

(e) Persons or their authorized representative may present oral argument.

(f) The local government that submitted the task may provide general information from the record on the task submittal and address those issues raised in the department review, objections, or the appeal. A person who submitted objections or an appeal may address only those issues raised in the objections or the appeal submitted by that person. Other affected local governments may address only those issues raised in objections or an appeal.

(g) As provided in ORS 197.633(3), the commission will confine its review of evidence to the local record.

(h) The director or commission may take official notice of law defined as:

(A) The decisional, constitutional and public statutory law of Oregon, the United States and any state, territory or other jurisdiction of the United States.

(B) Public and private official acts of the legislative, executive and judicial departments of this state, the United States, and any other state, territory or other jurisdiction of the United States.

(C) Regulations, ordinances and similar legislative enactments issued by or under the authority of the United States or any state, territory or possession of the United States.

(D) Rules of court of any court of this state or any court of record of the United States or of any state, territory or other jurisdiction of the United States.

(E) The law of an organization of nations and of foreign nations and public entities in foreign nations.

(F) An ordinance, comprehensive plan or enactment of any local government in this state, or a right derived therefrom.

Evaluation, Work Program or Decision that No Work Is Necessary

(1) The local government must conduct an evaluation of its plan and land use regulations based on the periodic review conditions in ORS 197.628 and OAR 660-025-0070. The local evaluation process must comply with the following requirements:

(a) The local government must follow its citizen involvement program and the requirements of OAR 660-025-0080 for conducting the evaluation and determining the scope of a work program.

(b) The local government must provide opportunities for participation by the department and Periodic Review Assistance Team. The local government must consider issues related to coordination between local government comprehensive plan provisions and certified state agency coordination programs that are raised by the affected agency or Periodic Review Assistance Team.

(c) The local government may provide opportunities for participation by the [~~Economic Revitalization Team~~] **Regional Solutions Team**.

(d) At least 21 days before submitting the evaluation and work program, or decision that no work program is required, the local government must provide copies of the evaluation to members of the Periodic Review Assistance Team, if formed, and others who have, in writing, requested copies.

(e) After review of comments from interested persons, the local government must adopt an evaluation and work program or decision that no work program is required.

(2) The local government must submit the evaluation and work program, or decision that no work program is required, to the department according to the following requirements:

(a) The evaluation must include completed evaluation forms that are appropriate to the jurisdiction as determined by the director. Evaluation forms will be based on the jurisdiction's size, growth rate, geographic location, and other factors that relate to the planning situation at the time of periodic review. Issues related to coordination between local government comprehensive plan provisions and certified agency coordination programs may be included in evaluation forms.

(b) The local government must also submit to the department a list of persons who requested notice of the evaluation and work program or decision that no work program is required.

(c) The evaluation and work program, or decision that no work program is necessary, must be submitted within six months of the date the department sent the letter initiating the periodic review process, including any extension granted under section (3) of this rule.

(3) A local government may request an extension of time for submitting its evaluation and work program, or decision that no work program is required. The director may grant the request if the local government shows good cause for the extension. A local government may be permitted only one extension, which shall be for no more than 90 days.

(4) A decision by the director to deny a request for an extension may be appealed to the commission according to the procedures in OAR 660-025-0110(5), or the director may refer a request for extension under section (3) of this rule to the commission pursuant to OAR 660-025-0085.

(5) If a local government fails to submit its evaluation and work program, or decision that no work program is necessary, by the deadline set by the director or the commission, including any extension, the director shall schedule a hearing before the commission according to OAR 660-025-0170(3).

660-025-0130

Submission of Completed Work Task

(1) A local government must submit completed work tasks as provided in the approved work program **or a submittal pursuant to OAR 660-025-0175** to the department along with the notice required in OAR 660-025-0140 and any form required by the department. A local government must submit to the department a list of persons who participated orally or in writing in the local proceedings leading to the adoption of the work task or who requested notice of the local government's final decision on a work task.

(2) After receipt of a work task **or a submittal pursuant to OAR 660-025-0175**, the department must determine whether the submittal is complete.

(3) ~~[To]~~ **For a periodic review task to** be complete, a submittal must be a final decision containing all required elements identified for that task in the work program. The department may accept a portion of a task or subtask as a complete submittal if the work program identified that portion of the task or subtask as a separate item for adoption by the local government.

~~[Task]~~ **All** submittals **required by section (1) of this rule** are subject to the following requirements:

(a) If the local record does not exceed 2,000 pages, a submittal must include the entire local record, including but not limited to adopted ordinances and orders, studies, inventories, findings, staff reports, correspondence, hearings minutes, written testimony and evidence, and any other items specifically listed in the work program;

(b) If the local record exceeds 2,000 pages, a submittal must include adopted ordinances, resolutions, and orders; any amended comprehensive or regional framework plan provisions or land use regulations; findings; hearings minutes; materials from the record that the local government deems necessary to explain the submittal or cites in its findings; and a detailed index listing all items in the local record and indicating whether or not the item is included in the submittal. All items in the local record must be made available for public review during the period for submitting objections under OAR 660-025-0140. The director or commission may require a local government to submit any materials from the local record not included in the initial submittal;

(c) A ~~[task]~~ submittal of over 500 pages must include an index of all submitted materials. **Each document must be separately indexed, in chronological order, with the last document on the top. Pages must be consecutively numbered at the bottom of the page.**

(4) A submittal includes only the materials provided to the department pursuant to section (3) of this rule. Following submission of objections pursuant to OAR 660-025-0140, the local government may:

(a) Provide written correspondence that is not part of the local record which identifies material in the record relevant to filed objections. The correspondence may not include or refer to materials not in the record submitted or listed pursuant to section (3) of this rule. The local government must provide the correspondence to each objector at the same time it is sent to the department.

(b) Submit materials in the record that were not part of the submittal under section (3) if the materials are relevant to one or more filed objections. The local government may not include or refer to materials not in the local record. The local government must provide the materials to each objector at the same time it is sent to the department.

(5) If the department determines that a submittal is incomplete, it must notify the local government. If the department determines that the submittal should be reviewed despite missing information, the department may commence a formal review of the submittal. Missing material may be identified as a deficiency in the review process and be a basis to require further work by the local government.

(6) A local government may request an extension of time for submitting a work task. The director may grant the request if the local government shows good cause for the extension. A

local government may be permitted only one extension, which shall be for no more than one year.

(7) If a local government fails to submit a complete work task by the deadline set by the director, or the commission, including any extension, the director must schedule a hearing before the commission. The hearing must be conducted according to the procedures in OAR 660-025-0170(3).

Notice and Filing of Objections (Work Task Phase)

(1) After the local government makes a final decision on a work task **or comprehensive plan amendment listed in ORS 197.626(1) and OAR 660-025-0175**, the local government must notify the department and persons who participated at the local level orally or in writing during the local process or who requested notice in writing. The local government notice must contain the following information:

(a) Where a person can review a copy of the local government's final decision, and how a person may obtain a copy of the final decision;

(b) The requirements listed in section (2) of this rule for filing a valid objection to the work task **or comprehensive plan amendment listed in OAR 660-025-0175**; and

(c) That objectors must give a copy of the objection to the local government.

(2) Persons who participated orally or in writing in the local process leading to the final decision may object to the local government's ~~[work task]~~ submittal. To be valid, objections must:

(a) Be in writing and filed with the department's Salem office no later than 21 days from the date the local government ~~[mailed]~~ **sent** the notice;

(b) Clearly identify an alleged deficiency in the work task **or adopted comprehensive plan amendment** sufficiently to identify the relevant section of the final decision and the statute, goal, or administrative rule the ~~[task]~~ submittal is alleged to have violated;

(c) Suggest specific revisions that would resolve the objection; and

(d) Demonstrate that the objecting party participated orally or in writing in the local process leading to the final decision.

(3) Objections that do not meet the requirements of section (2) of this rule will not be considered by the director or commission.

(4) If no valid objections are received within the 21-day objection period, the director may approve the ~~[work task]~~ **submittal**. Regardless of whether valid objections are received, the director may make a determination of whether the ~~[work task]~~ final decision complies with the statewide planning goals and applicable statutes and administrative rules.

(5) When a subsequent work task conflicts with a work task that has been deemed acknowledged, or violates a statewide planning goal, applicable statute or administrative rule related to a previous work task, the director or commission shall not approve the submittal until all conflicts and compliance issues are resolved. In such case, the director or commission may enter an order deferring acknowledgment of all, or part, of the work task until completion of additional tasks.

(6) If valid objections are received or the department conducts its own review, the department must issue a report. The report shall address the issues raised in valid objections. The report shall identify specific work tasks **or measures** to resolve valid objections or department concerns. A valid objection shall either be sustained or rejected by the department or commission based on the statewide planning goals, or applicable statutes or administrative rules.

660-025-0150

Director Action and Appeal of Director Action (Work Task Phase)

(1) In response to a completed work task **or other plan amendment** submitted to the department for review in accordance with OAR 660-025-0140, the director may:

(a) Issue an order approving the completed work task **or plan amendment**;

(b) Issue an order remanding the work task **or plan amendment** to the local government including, **for a work task only**, a date for resubmittal;

(c) Refer the work task **or plan amendment** to the commission for review and action; or

(d) The director may issue an order approving portions of the completed work task **or plan amendment** provided these portions are not affected by an order remanding or referring the completed work task.

(2) The director must send the order to the local government, persons who filed objections and persons who, in writing, requested a copy of the action.

(3) The director shall take action on, and the order or referral must be sent, not later than 120 days of the date the department received the task submittal from the local government, unless the local government waives the 120-day deadline or the commission grants the director an

extension. The local government may withdraw the submittal, in which case the 120-day deadline does not apply, provided the withdrawal will not result in the local government passing the deadline for work task submittal in the work program and any extension allowed in OAR 660-025-0130(6).

(4) If the director does not issue an order or refer the work task within the time limits set by section (3) of this rule, and the department did not receive any valid objections to the work task, the work task shall be deemed approved. In such cases, the department will provide a letter to the local government certifying that the work task is approved.

(5) If the department received one or more valid objections to the work task **or plan amendment**, the director must either issue an order **within the time limits set by section (3) of this rule** or refer the work task **or plan amendment** to the commission for review.

(6) Appeals of a director's decision are subject to the following requirements:

(a) A director's decision approving or partially approving a work task **or plan amendment** may be appealed to the commission only by a person who filed a valid objection.

(b) A director's decision remanding or partially remanding a work task **or plan amendment** may be appealed to the commission only by the local government, a person who filed a valid objection, or by another person who participated orally or in writing in the local proceedings leading to adoption of the local decision under review.

(c) Appeals of a director's decision must be filed with the department's Salem office within 21 days of the date the director's action was ~~[mailed]~~ **sent**;

(d) A person, other than the local government that submitted the work task **or plan amendment** and an affected local government, appealing the director's decision must:

(A) Show that the person participated in the local proceedings leading to adoption of the work task **or plan amendment** orally or in writing;

(B) Clearly identify a deficiency in the work task **or plan amendment** sufficiently to identify the relevant section of the ~~[submitted task]~~ **submittal** and the statute, goal, or administrative rule the local government is alleged to have violated; and

(C) Suggest a specific modification to the work task **or plan amendment** necessary to resolve the alleged deficiency.

(7) If no appeal to the commission is filed within the time provided by section (6) of this rule, the director's order is deemed affirmed by the commission. If the order approved a ~~[work task]~~ **submittal**, the work task **or plan amendment** is deemed acknowledged.

(8) When a subsequent work task conflicts with a work task that has been deemed acknowledged, or violates a statewide planning goal, applicable statute or administrative rule related to a previous work task, the director or commission shall not approve the submittal until all conflicts and compliance issues are resolved. In such case, the director or commission may

enter an order deferring acknowledgment of all, or part, of the subsequent work task until completion of additional tasks.

(9) The director's standard of review is the same as the standard that governs the commission expressed in OAR 660-025-0160(2).

660-025-0160

Commission Review of Referrals and Appeals (Work Task Phase)

(1) The commission shall hear appeals and referrals of work tasks **or other plan amendments** according to the applicable procedures in OAR 660-025-0085 and 660-025-0150.

(2) The commission's standard of review, as provided in ORS 197.633(3), is:

(a) For evidentiary issues, whether there is substantial evidence in the record as a whole to support the local government's decision.

(b) For procedural issues, whether the local government failed to follow the procedures applicable to the matter before the local government in a manner that prejudiced the substantial rights of a party to the proceeding.

(c) For issues concerning compliance with applicable laws, whether the local government's decision on the whole complies with applicable statutes, statewide land use planning goals, administrative rules, the comprehensive plan, the regional framework plan, the functional plan and land use regulations. The commission shall defer to a local government's interpretation of its comprehensive plan or land use regulation in the manner provided in ORS 197.829 or to Metro's interpretation of its regional framework plan or functional plans. For purposes of this subsection, "complies" has the meaning given the term "compliance" in the phrase "compliance with the goals" in ORS 197.747.

(3) In response to a referral or appeal, the director may prepare and submit a report to the commission.

(4) The department must [~~mail~~] **send** a copy of the report to the local government, all persons who submitted objections, and other persons who appealed the director's decision. The department must [~~mail~~] **send** the report at least 21 days before the commission meeting to consider the referral or appeal.

(5) The persons specified in OAR 660-025-0085(5)(c) may file written exceptions to the director's report within 10 days of the date the report is [~~mailed~~] **sent**. Objectors may refer to or append to their exceptions any document from the local record, whether or not the local

government submitted it to the department under OAR 660-025-0130. The director may issue a response to exceptions and may make revisions to the director's report in response to exceptions. The department may provide the commission a response or revised report at or prior to its hearing on the referral or appeal. A revised director's report [~~does not require mailing~~] **is not required to be sent at least** 21 days prior to the commission hearing.

(6) The commission shall hear appeals based on the local record. The written record shall consist of the submittal, timely objections, the director's report, timely exceptions to the director's report including materials described in section (5) of this rule, the director's response to exceptions and revised report if any, and the appeal if one was filed.

(7) Following its hearing, the commission must issue an order that does one or more of the following:

(a) Approves the work task **or plan amendment** or a portion of the task **or plan amendment**;

(b) Remands the work task **or plan amendment** or a portion of the task **or plan amendment** to the local government, including, **for a work task only**, a date for resubmittal;

(c) Requires specific plan or land use regulation revisions to be completed by a specific date. Where specific revisions are required, the order shall specify that no further review is necessary. These changes are final when adopted by the local government. The failure to adopt the required revisions by the date established in the order shall constitute failure to complete a work task **or plan amendment** by the specified deadline requiring the director to initiate a hearing before the commission according to the procedures in OAR 660-025-0170(3);

(d) Amends the work program to add a task authorized under OAR 660-025-0170(1)(b); or

(e) Modifies the schedule for the approved work program in order to accommodate additional work on a remanded work task.

(8) If the commission approves the work task **or plan amendment** or portion of a work task **or plan amendment** under subsection (7)(a) of this rule and no appeal to the Court of Appeals is filed within the time provided in ORS [~~183.482~~] **197.651**, the work task **or plan amendment** or portion of a work task **or plan amendment** shall be deemed acknowledged. If the commission decision on a work task **or plan amendment** is under subsection (7)(b) through (e) of this rule and no appeal to the Court of Appeals is filed within the time provided in ORS [~~183.482~~] **197.651**, the decision is final.

Review of UGB Amendments and Urban Reserve Area Designations

(1) A local government must submit the following land use decisions to the department for review for compliance with the applicable statewide planning goals, statutes and rules in the manner provided for review of a work task under ORS 197.633:

(a) An amendment of an urban growth boundary by a metropolitan service district that adds more than 100 acres to the area within its urban growth boundary;

(b) An amendment of an urban growth boundary by a city with a population of 2,500 or more within its urban growth boundary that adds more than 50 acres to the area within the urban growth boundary, **except as provided by ORS 197A.325 and OAR 660-038-0020(10)**;

(c) A designation of an area as an urban reserve under ORS 195.137 to 195.145 by a metropolitan service district or by a city with a population of 2,500 or more within its urban growth boundary;

(d) An amendment of the boundary of an urban reserve by a metropolitan service district;

(e) An amendment of the boundary of an urban reserve to add more than 50 acres to the urban reserve by a city with a population of 2,500 or more within its urban growth boundary; and

(f) A designation or an amendment to the designation of a rural reserve under ORS 195.137 to 195.145 by a county, in coordination with a metropolitan service district, including an amendment of the boundary of a rural reserve.

(2) The standards and procedures in this rule govern the local government process and submittal, and department and commission review.

(3) The local government must provide notice of the proposed amendment according to the procedures and requirements for post-acknowledgement plan amendments in ORS 197.610 and OAR 660-018-0020.

(4) The local government must submit its final decision amending its urban growth boundary, or designating urban reserve areas, to the department according to all the requirements for a work task submittal in OAR 660-025-0130 and 660-025-0140.

(5) Department and commission review and decision on the submittal from the local government must follow the procedures and requirements for review and decision of a work task submittal in OAR 660-025-0085, and 660-025-0140 to 660-025-0160.

DIVISION 33
AGRICULTURAL LAND

660-033-0020

Definitions

For purposes of this division, the definitions in ORS 197.015, the Statewide Planning Goals, and OAR chapter 660 shall apply. In addition, the following definitions shall apply:

(1)(a) "Agricultural Land" as defined in Goal 3 includes:

(A) Lands classified by the U.S. Natural Resources Conservation Service (NRCS) as predominantly Class I-IV soils in Western Oregon and I-VI soils in Eastern Oregon;

(B) Land in other soil classes that is suitable for farm use as defined in ORS 215.203(2)(a), taking into consideration soil fertility; suitability for grazing; climatic conditions; existing and future availability of water for farm irrigation purposes; existing land use patterns; technological and energy inputs required; and accepted farming practices; and

(C) Land that is necessary to permit farm practices to be undertaken on adjacent or nearby agricultural lands.

(b) Land in capability classes other than I-IV/I-VI that is adjacent to or intermingled with lands in capability classes I-IV/I-VI within a farm unit, shall be inventoried as agricultural lands even though this land may not be cropped or grazed;

(c) "Agricultural Land" does not include land within acknowledged urban growth boundaries or land within acknowledged exception areas for Goal 3 or 4.

(2)(a) "Commercial Agricultural Enterprise" consists of farm operations that will:

(A) Contribute in a substantial way to the area's existing agricultural economy; and

(B) Help maintain agricultural processors and established farm markets.

(b) When determining whether a farm is part of the commercial agricultural enterprise, not only what is produced, but how much and how it is marketed shall be considered. These are important factors because of the intent of Goal 3 to maintain the agricultural economy of the state.

(3) "Contiguous" means connected in such a manner as to form a single block of land.

(4) "Date of Creation and Existence". When a lot, parcel or tract is reconfigured pursuant to applicable law after November 4, 1993, the effect of which is to qualify a lot, parcel or tract for the siting of a dwelling, the date of the reconfiguration is the date of creation or existence. Reconfigured means any change in the boundary of the lot, parcel or tract.

(5) "Eastern Oregon" means that portion of the state lying east of a line beginning at the intersection of the northern boundary of the State of Oregon and the western boundary of Wasco County, then south along the western boundaries of the Counties of Wasco, Jefferson, Deschutes and Klamath to the southern boundary of the State of Oregon.

(6) "Exception Area" means an area no longer subject to the requirements of Goal 3 or 4 because the area is the subject of a site specific exception acknowledged pursuant to ORS 197.732 and OAR chapter 660, division 4.

(7)(a) "Farm Use" as that term is used in ORS chapter 215 and this division means "farm use" as defined in ORS 215.203.

(b) As used in the definition of "farm use" in ORS 215.203 and in this division:

(A) "Preparation" of products or by-products includes but is not limited to the cleaning, treatment, sorting, or packaging of the products or by-products; and

(B) "Products or by-products raised on such land" means that those products or by-products are raised on the farm operation where the preparation occurs or on other farm land provided the preparation is occurring only on land being used for the primary purpose of obtaining a profit in money from the farm use of the land.

(8)(a) "High-Value Farmland" means land in a tract composed predominantly of soils that are:

(A) Irrigated and classified prime, unique, Class I or II; or

(B) Not irrigated and classified prime, unique, Class I or II.

(b) In addition to that land described in subsection (a) of this section, high-value farmland, if outside the Willamette Valley, includes tracts growing specified perennials as demonstrated by the most recent aerial photography of the Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture taken prior to November 4, 1993. "Specified perennials" means perennials grown for market or research purposes including, but not limited to, nursery stock, berries, fruits, nuts, Christmas trees, or vineyards, but not including seed crops, hay, pasture or alfalfa;

(c) In addition to that land described in subsection (a) of this section, high-value farmland, if in the Willamette Valley, includes tracts composed predominantly of the following soils in Class III or IV or composed predominantly of a combination of the soils described in subsection (a) of this section and the following soils:

(A) Subclassification IIIe, specifically, Bellpine, Bornstedt, Burlington, Briedwell, Carlton, Cascade, Chehalem, Cornelius Variant, Cornelius and Kinton, Helvetia, Hillsboro, Hult, Jory, Kinton, Latourell, Laurelwood, Melbourne, Multnomah, Nekia, Powell, Price, Quatama, Salkum, Santiam, Saum, Sawtell, Silverton, Veneta, Willakenzie, Woodburn and Yamhill;

(B) Subclassification IIIw, specifically, Concord, Conser, Cornelius Variant, Dayton (thick surface) and Sifton (occasionally flooded);

(C) Subclassification IVe, specifically, Bellpine Silty Clay Loam, Carlton, Cornelius, Jory, Kinton, Latourell, Laurelwood, Powell, Quatama, Springwater, Willakenzie and Yamhill; and

(D) Subclassification IVw, specifically, Awbrig, Bashaw, Courtney, Dayton, Natroy, Noti and Whiteson.

(d) In addition to that land described in subsection (a) of this section, high-value farmland, if west of the summit of the Coast Range and used in conjunction with a dairy operation on January 1, 1993, includes tracts composed predominantly of the following soils in Class III or IV or composed predominantly of a combination of the soils described in subsection (a) of this section and the following soils:

(A) Subclassification IIIe, specifically, Astoria, Hembre, Knappa, Meda, Quillayutte and Winema;

(B) Subclassification IIIw, specifically, Brenner and Chitwood;

(C) Subclassification IVe, specifically, Astoria, Hembre, Meda, Nehalem, Neskowin and Winema; and

(D) Subclassification IVw, specifically, Coquille.

(e) In addition to that land described in subsection (a) of this section, high-value farmland includes tracts located west of U.S. Highway 101 composed predominantly of the following soils in Class III or IV or composed predominantly of a combination of the soils described in subsection (a) of this section and the following soils:

(A) Subclassification IIIw, specifically, Ettersburg Silt Loam and Crofland Silty Clay Loam;

(B) Subclassification IIIe, specifically, Klooqueh Silty Clay Loam and Winchuck Silt Loam; and

(C) Subclassification IVw, specifically, Huffling Silty Clay Loam.

(f) Lands designated as "marginal lands" according to the marginal lands provisions adopted before January 1, 1993, and according to the criteria in former ORS 215.247 (1991), are excepted from this definition of "high-value farmlands";

(9) "Irrigated" means watered by an artificial or controlled means, such as sprinklers, furrows, ditches, or spreader dikes. An area or tract is "irrigated" if it is currently watered, or has established rights to use water for irrigation, including such tracts that receive water for irrigation from a water or irrigation district or other provider. For the purposes of this division, an area or tract within a water or irrigation district that was once irrigated shall continue to be considered "irrigated" even if the irrigation water was removed or transferred to another tract.

(10) "Lot" shall have the meaning set forth in ORS 92.010.

(11) "Manufactured dwelling" and "manufactured home" shall have the meaning set forth in ORS 446.003(26).

(12) **"NRCS Web Soil Survey" means the official source of certified soils data available online that identifies agricultural land capability classes, developed and maintained by the Natural Resources Conservation Service as of January 1, 2016, for agricultural soils that are not high-value, and as of December 6, 2007, for high-value agricultural soils.**

(13) "Parcel" shall have the meaning set forth in ORS 215.010.

~~[(13)]~~ **(14)** "Tract" means one or more contiguous lots or parcels under the same ownership.

~~[(14)]~~ **(15)** "Western Oregon" means that portion of the state lying west of a line beginning at the intersection of the northern boundary of the State of Oregon and the western boundary of Wasco County, then south along the western boundaries of the Counties of Wasco, Jefferson, Deschutes and Klamath to the southern boundary of the State of Oregon.

~~[(15)]~~ **(16)** "Willamette Valley" is Clackamas, Linn, Marion, Multnomah, Polk, Washington and Yamhill Counties and that portion of Benton and Lane Counties lying east of the summit of the Coast Range.

660-033-0030

Identifying Agricultural Land

(1) All land defined as "agricultural land" in OAR 660-033-0020(1) shall be inventoried as agricultural land.

(2) When a jurisdiction determines the predominant soil capability classification of a lot or parcel it need only look to the land within the lot or parcel being inventoried. However, whether land is

"suitable for farm use" requires an inquiry into factors beyond the mere identification of scientific soil classifications. The factors are listed in the definition of agricultural land set forth at OAR 660-033-0020(1)(a)(B). This inquiry requires the consideration of conditions existing outside the lot or parcel being inventoried. Even if a lot or parcel is not predominantly Class I-IV soils or suitable for farm use, Goal 3 nonetheless defines as agricultural "Lands in other classes which are necessary to permit farm practices to be undertaken on adjacent or nearby lands." A determination that a lot or parcel is not agricultural land requires findings supported by substantial evidence that addresses each of the factors set forth in 660-033-0020(1).

(3) Goal 3 attaches no significance to the ownership of a lot or parcel when determining whether it is agricultural land. Nearby or adjacent land, regardless of ownership, shall be examined to the extent that a lot or parcel is either "suitable for farm use" or "necessary to permit farm practices to be undertaken on adjacent or nearby lands" outside the lot or parcel.

(4) When inventoried land satisfies the definition requirements of both agricultural land and forest land, an exception is not required to show why one resource designation is chosen over another. The plan need only document the factors that were used to select an agricultural, forest, agricultural/forest, or other appropriate designation.

(5)(a) More detailed data on soil capability than is contained in the USDA Natural Resources Conservation Service (NRCS) soil maps and soil surveys may be used to define agricultural land. However, the more detailed soils data shall be related to the NRCS land capability classification system.

(b) If a person concludes that more detailed soils information than that contained in the **NRCS** Web Soil Survey [~~operated by the NRCS as of January 2, 2012~~], would assist a county to make a better determination of whether land qualifies as agricultural land, the person must request that the department arrange for an assessment of the capability of the land by a professional soil classifier who is chosen by the person, using the process described in OAR 660-033-0045.

(c) This section and OAR 660-033-0045 apply to:

(A) A change to the designation of [~~land~~] **a lot or parcel** planned and zoned for exclusive farm use, forest use or mixed farm-forest use to a non-resource plan designation and zone on the basis that such land is not agricultural land; and

(B) Excepting land use decisions under section (7) of this rule, any other proposed land use decision in which more detailed data is used to demonstrate that [~~land~~] **a lot or parcel** planned and zoned for exclusive farm use does not meet the definition of agricultural land under OAR 660-033-0020(1)(a)(A).

(d) This section and OAR 660-033-0045 implement ORS 215.211, effective on October 1, 2011. After this date, only those soils assessments certified by the department under section (9) of this rule may be considered by local governments in land use proceedings described in subsection (c)

of this section. However, a local government may consider soils assessments that have been completed and submitted prior to October 1, 2011.

(e) This section and OAR 660-033-0045 authorize a person to obtain additional information for use in the determination of whether [~~land~~] **a lot or parcel** qualifies as agricultural land, but do not otherwise affect the process by which a county determines whether land qualifies as agricultural land as defined by Goal 3 and OAR 660-033-0020.

(6) Any county that adopted marginal lands provisions before January 1, 1993, may continue to designate lands as “marginal lands” according to those provisions and criteria in former ORS 197.247 (1991), as long as the county has not applied the provisions of ORS 215.705 to 215.750 to lands zoned for exclusive farm use.

(7)(a) For the purposes of approving a land use application on high-value farmland under ORS 215.705, the county may change the soil class, soil rating or other soil designation of a specific lot or parcel if the property owner:

(A) Submits a statement of agreement from the NRCS that the soil class, soil rating or other soil designation should be adjusted based on new information; or

(B) Submits a report from a soils scientist whose credentials are acceptable to the Oregon Department of Agriculture that the soil class, soil rating or other soil designation should be changed; and

(C) Submits a statement from the Oregon Department of Agriculture that the Director of Agriculture or the director’s designee has reviewed the report described in paragraph (a)(B) of this section and finds the analysis in the report to be soundly and scientifically based.

(b) Soil classes, soil ratings or other soil designations used in or made pursuant to this section are those of the NRCS Web Soil Survey for that class, rating or designation [~~before November 4, 1993~~], except for changes made pursuant to subsection (a) of this section.

(8) For the purposes of approving a land use application on high-value farmland under OAR 660-033-0090, 660-033-0120, 660-033-0130 and 660-033-0135, soil classes, soil ratings or other soil designations used in or made pursuant to this definition are those of the NRCS Web Soil Survey [~~as of January 2, 2012~~] for that class, rating or designation.

Soils Assessments by Professional Soil Classifiers

(1) A “professional soil classifier” means any professional in good standing with the Soil Science Society of America (SSSA) who the SSSA has certified to have met its requirements that existed as of October 1, 2011 for:

(a) Certified Professional Soil Classifier; or

(b) Certified Professional Soil Scientist, and who has been determined by an independent panel of soils professionals as defined in section (8) of this rule to have:

(A) Completed five semester hours in soil genesis, morphology and classification;

(B) At least five years of field experience in soils classification and mapping that meets National Cooperative Soil Survey standards, as maintained by the NRCS, or three years of field experience if the applicant holds an MS or PhD degree; and

(C) Demonstrated competence in practicing soils classification and mapping without direct supervision, based on published SSSA standards.

(2) The department will develop, update quarterly and post a list of professional soil classifiers (henceforth ‘soils professionals’) who are qualified to perform soils assessments under this rule.

(a) Qualified soils professionals shall include those individuals who have either met the requirements of subsection (1)(a) of this section or the requirements of subsection (1)(b) of this section as determined by a majority vote of an independent panel of soils professionals.

(A) A person must apply to the department for initial inclusion on the list described in section (2) of this rule.

(B) Qualified soils professionals must reapply to the department for listing on a biennial basis.

(b) A soils assessment auditing committee as defined in section (9) of this rule will periodically reevaluate qualifications of soils professionals by auditing soils assessments, considering sample department reviews and field checks as described in section (6) of this rule and verifying continued good standing of soils professionals with the SSSA.

(A) When reviewing applications for relisting, the department will consider the recommendations of the auditing committee and make final determinations as to the continued qualifications of soils professionals to perform soils assessments under this rule.

(B) The department will re-approve soils professionals for listing when audits, sample reviews and field checks reveal a pattern of demonstrated competence in practicing soils classification and mapping consistent with paragraph (1)(b)(C) of this rule, and when the SSSA verifies that the soils professional is in good standing with the SSSA.

(3) A person requesting a soils assessment shall:

- (a) Choose a soils professional from the posted list described in section (2) of this rule:
- (b) Privately contract for a soils assessment to be prepared; and
- (c) On completion of the soils assessment, submit to the department payment of the non-refundable administrative fee established by the department as provided in statute to meet department costs to administer this rule.
- (4) On completion of the soils assessment, the selected soils professional shall submit to the department:
 - (a) A Soils Assessment Submittal Form that includes the property owner's and soils professional's authorized signatures and a liability waiver for the department; and
 - (b) A soils assessment that is soundly and scientifically based and that meets reporting requirements as established by the department.
- (5) The department shall deposit fees collected under this rule in the Soils Assessment Fund established under Oregon Laws 2010, chapter 44, section 2.
- (6) The department shall review the soils assessment by:
 - (a) Performing completeness checks for consistency with reporting requirements for all submitted soils assessments; and
 - (b) Performing sample reviews and field checks for some submitted soils assessments, as follows:
 - (A) The department shall arrange for a person who meets the qualifications of 'professional soil classifier' in section (1) of this rule to conduct systematic sample reviews and field checks of soils assessments and make recommendations to the department as to whether they are soundly and scientifically based.
 - (B) Within 30 days of the receipt of a soils assessment subject to review under this subsection **that the department determines to be complete pursuant to subsection (a) of this section**, the department shall determine whether the soils assessment is soundly and scientifically based. Where soils assessments are determined not to be soundly and scientifically based, the department will provide an opportunity to the soils professional to correct any noted deficiencies. Where noted deficiencies are not corrected to the satisfaction of the department, the department will provide written notification of the noted deficiencies to the soils professional, property owner and person who requested the soils assessment.
- (7)(a) A soils assessment produced under this rule is not a public record, as defined in ORS 192.410, unless the person requesting the assessment utilizes the assessment in a land use proceeding. If the person decides to utilize a soils assessment produced under this section in a land use proceeding, the person shall inform the department and consent to the release by the

department of certified copies of all assessments produced under this section regarding the land to the local government conducting the land use proceeding. The department may not disclose a soils assessment prior to its utilization in a land use proceeding as described in this rule without written consent of the person paying the fee for the assessment and the property owner.

(b) On receipt of written consent, the department shall release to the local government all soils assessments produced under this rule as well as any department notifications provided under section (6) of this rule regarding land to which the land use proceeding applies.

(8) As used in this rule, “Independent panel of soils professionals” means a committee of three professionals appointed by the department that, quarterly or as needed, reviews and makes determinations regarding the qualifications of individuals seeking to be listed as soils professionals to perform soils analyses.

(a) Such panel shall consist of:

(A) A member of the SSSA;

(B) The Oregon State Soil Scientist; and

(C) An Oregon college or university soils professional.

(b) Panel members shall meet the qualifications of professional soil classifiers as defined in this rule or shall have experience mapping and teaching soil genesis, morphology and classification in a college or university setting.

(c) The department’s farm and forest lands specialist shall serve as staff to the panel.

(d) In reviewing qualifications of applicants with respect to required semester hours of academic study under paragraph (1)(b)(A) of this rule, panel members may adjust for differences in academic calendars.

(9) As used in this rule, “Soils assessment auditing committee” means a group of three professionals that, annually or as needed, reviews and makes recommendations to the department regarding the continuing qualifications of soils professionals to perform soils analyses under this rule.

(a) Committee members shall be appointed by the independent panel of soils professionals and shall meet the qualifications of professional soil classifier as defined in section (1) of this rule.

(b) The department’s farm and forest lands specialist shall serve as staff to the committee.

(10) As used in this rule, “person” shall have the meaning set forth in ORS 197.015(18).

660-033-0100

Minimum Parcel Size Requirements

(1) Counties shall establish minimum sizes for new parcels for land zoned for exclusive farm use. For land not designated rangeland, the minimum parcel size shall be at least 80 acres. For land designated rangeland, the minimum parcel size shall be at least 160 acres.

(2) A county may adopt a minimum parcel size lower than that described in section (1) of this rule by demonstrating to the Commission that it can do so while continuing to meet the requirements of ORS 215.243 and that parcel sizes below the 80 or 160 acre minimum sizes are appropriate to maintain the existing commercial agricultural enterprise within an area. This standard is intended to prevent division of farmland into parcels that are too small to contribute to commercial agriculture in an area. This standard does not require that every new parcel created be as large as existing farms or ranches in an area. The minimum parcel size may allow creation of parcels smaller than the size of existing farms or ranches. However, the minimum parcel size shall be large enough to keep commercial farms and ranches in the area successful and not contribute to their decline. Lots or parcels used, or to be used, for training or stabling facilities shall not be considered appropriate to maintain the existing commercial agricultural enterprise in any area where other types of agriculture occur.

(a) To determine a minimum parcel size under this section, the county shall complete the following steps:

(A) Identify different agricultural areas within the county, if any;

(B) Determine the nature of the commercial agricultural enterprise in the county, or within areas of the county;

(C) Identify the type(s) and size(s) of farms or ranches that comprise this commercial agricultural enterprise; and

(D) Determine the minimum size for new parcels that will maintain this commercial agricultural enterprise.

(b) To determine whether there are distinct agricultural areas in a county, the county should consider soils, topography and land forms, land use patterns, farm sizes, ranch sizes and field sizes, acreage devoted to principal crops, and grazing areas and accepted farming practices for the principal crops and types of livestock.

(c) To determine the nature of the existing commercial agricultural enterprise within an area, a county shall identify the following characteristics of farms and ranches in the area: Type and size of farms and ranches, size of fields or other parts, acreage devoted to principal crops, the relative

contribution of the different types and sizes of farms and ranches to the county's gross farm sales, and their contribution to local processors and established farm markets. The following sources may assist in a county's analysis: The most recent Census of Agriculture and special tabulations from the census developed by Oregon State University, the Oregon Department of Agriculture, the United States Department of Agriculture's Agricultural Stabilization and Conservation Service (AACS), Soil and Water Conservation Districts, the Oregon State University Extension Service and the county assessor's office.

(d) To determine the minimum parcel size, a county shall evaluate available data and choose a size that maintains the existing commercial agricultural enterprise within the county or within each area of the county. In areas where the size of commercial farms and ranches is mixed, and the size of parcels needed to maintain those commercial farms and ranches varies, the county shall not choose a minimum parcel size that allows larger farms, lots or parcels to be divided to the size of the smallest farms, lots or parcels in the area. The activities of the larger as well as smaller holdings must be maintained.

(3) A minimum size for new parcels for farm use does not mean that dwellings may be approved automatically on parcels that satisfy the minimum parcel size for the area. New dwellings in conjunction with farm use shall satisfy the criteria for such dwellings set forth in OAR 660-033-0130(1).

(4) A minimum size for new parcels may be appropriate to maintain the existing agricultural enterprise in the area, but it may not be adequate to protect wildlife habitat pursuant to Goal 5. When farmland is located in areas of wildlife habitat, the provisions of Goal 5 continue to apply.

(5) A county may choose to establish a different minimum parcel size for distinct commercial agricultural areas of the county. The appropriate minimum lot or parcel size for each area shall reflect the type of commercial agriculture in the area, consistent with section (2) of this rule.

(6) Counties may allow the creation of new parcels for nonfarm uses only as authorized by ORS 215.263. Such new parcels shall be the minimum size needed to accommodate the use in a manner consistent with other provisions of law except as required for the nonfarm dwellings authorized by section (7) of this rule.

(7)(a) Counties may allow the creation of new lots or parcels for dwellings not in conjunction with farm use pursuant to ORS 215.263(4) or (5), whichever is applicable.

(b) In the Willamette Valley, a new lot or parcel may be allowed if the originating lot or parcel is equal to or larger than the applicable minimum lot or parcel size, and:

(A) Is not stocked to the requirements under ORS 527.610 to 527.770;

(B) Is composed of at least 95 percent Class VI through VIII soils; and

(C) Is composed of at least 95 percent soils not capable of producing 50 cubic feet per acre per year of wood fiber; and

(D) The new lot or parcel will not be smaller than 20 acres.

(c) No new lot or parcel may be created for this purpose until the county finds that the dwelling to be sited on the new lot or parcel has been approved under the requirements for dwellings not in conjunction with farm use in ORS 215.284(3) or (4), 215.236 and OAR 660-033-0130(4).

(8) The county governing body or its designate may not approve a land division or property line adjustment of a lot or parcel that separates a temporary hardship dwelling, relative farm help dwelling, home occupation or processing facility from the parcel on which the primary residential or other primary use exists.

(9) The county governing body or its designate may not approve a land division of a lot or parcel created before January 1, 1993, on which a nonfarm dwelling was approved pursuant to ORS 215.284(1).

(10) A division of a lawfully established unit of land may occur along an urban growth boundary where the parcel remaining outside the urban growth boundary is zoned for agricultural uses and is smaller than the minimum parcel size, provided that:

(a) If the parcel contains a dwelling, the parcel must be large enough to support continued residential use.

(b) If the parcel does not contain a dwelling, it:

(A) Is not eligible for siting a dwelling, except as may be authorized under ORS 195.120;

(B) May not be considered in approving or denying an application for any other dwelling; and

(C) May not be considered in approving a redesignation or rezoning of agricultural lands, except to allow a public park, open space or other natural resource use.

Uses Authorized on Agricultural Lands

The uses listed in the table adopted and referenced by this rule may be allowed on agricultural land in areas that meet the applicable requirements of this division, statewide goals and applicable laws. All uses are subject to the requirements, special conditions, additional restrictions and exceptions set forth in ORS [Chapter] **chapter** 215, Goal 3 and this division. The abbreviations used within the table shall have the following meanings:

(1) “A” — The use is allowed. Authorization of some uses may require notice and the opportunity for a hearing because the authorization qualifies as a land use decision pursuant to ORS [~~Chapter~~] **chapter** 197. Minimum standards for uses in the table that include a numerical reference are specified in OAR 660-033-0130. Counties may prescribe additional limitations and requirements to meet local concerns only to the extent authorized by law.

(2) “R” — The use may be allowed, after required review. The use requires notice and the opportunity for a hearing. Minimum standards for uses in the table that include a numerical reference are specified in OAR 660-033-0130. Counties may prescribe additional limitations and requirements to address local concerns.

(3) “*” — The use is not allowed.

(4) “#” — Numerical references for specific uses shown in the table refer to the corresponding section of OAR 660-033-0130. Where no numerical reference is noted for a use in the table, this rule does not establish criteria for the use.

[ED. NOTE: Tables referenced are not included in rule text.]

660-033-0130

Minimum Standards Applicable to the Schedule of Permitted and Conditional Uses

The following requirements apply to uses specified, and as listed in the table adopted by OAR 660-033-0120. For each section of this rule, the corresponding section number is shown in the table. Where no numerical reference is indicated on the table, this rule does not specify any minimum review or approval criteria. Counties may include procedures and conditions in addition to those listed in the table, as authorized by law.

(1) A dwelling on farmland may be considered customarily provided in conjunction with farm use if it meets the requirements of OAR 660-033-0135.

(2)(a) No enclosed structure with a design capacity greater than 100 people, or group of structures with a total design capacity of greater than 100 people, shall be approved in connection with the use within three miles of an urban growth boundary, unless an exception is approved pursuant to ORS 197.732 and OAR chapter 660, division 4, or unless the structure is described in a master plan adopted under the provisions of OAR chapter 660, division 34.

(b) Any enclosed structures or group of enclosed structures described in subsection (a) within a tract must be separated by at least one-half mile. For purposes of this section, “tract” means a tract as defined by ORS 215.010(2) that is in existence as of June 17, 2010.

(c) Existing facilities wholly within a farm use zone may be maintained, enhanced or expanded on the same tract, subject to other requirements of law, but enclosed existing structures within a farm use zone within three miles of an urban growth boundary may not be expanded beyond the requirements of this rule.

(3)(a) A dwelling may be approved on a pre-existing lot or parcel if:

(A) The lot or parcel on which the dwelling will be sited was lawfully created and was acquired and owned continuously by the present owner as defined in subsection (3)(g) of this rule:

(i) Since prior to January 1, 1985; or

(ii) By devise or by intestate succession from a person who acquired and had owned continuously the lot or parcel since prior to January 1, 1985.

(B) The tract on which the dwelling will be sited does not include a dwelling;

(C) The lot or parcel on which the dwelling will be sited was part of a tract on November 4, 1993, no dwelling exists on another lot or parcel that was part of that tract;

(D) The proposed dwelling is not prohibited by, and will comply with, the requirements of the acknowledged comprehensive plan and land use regulations and other provisions of law;

(E) The lot or parcel on which the dwelling will be sited is not high-value farmland except as provided in subsections (3)(c) and (d) of this rule; and

(F) When the lot or parcel on which the dwelling will be sited lies within an area designated in an acknowledged comprehensive plan as habitat of big game, the siting of the dwelling is consistent with the limitations on density upon which the acknowledged comprehensive plan and land use regulations intended to protect the habitat are based.

(b) When the lot or parcel on which the dwelling will be sited is part of a tract, the remaining portions of the tract are consolidated into a single lot or parcel when the dwelling is allowed;

(c) Notwithstanding the requirements of paragraph (3)(a)(E) of this rule, a single-family dwelling may be sited on high-value farmland if:

(A) It meets the other requirements of subsections (3)(a) and (b) of this rule;

(B) The lot or parcel is protected as high-value farmland as defined in OAR 660-033-0020(8)(a);

(C) A hearings officer of a county determines that:

(i) The lot or parcel cannot practicably be managed for farm use, by itself or in conjunction with other land, due to extraordinary circumstances inherent in the land or its physical setting that do not apply generally to other land in the vicinity. For the purposes of this section, this criterion

asks whether the subject lot or parcel can be physically put to farm use without undue hardship or difficulty because of extraordinary circumstances inherent in the land or its physical setting. Neither size alone nor a parcel's limited economic potential demonstrates that a lot or parcel cannot be practicably managed for farm use. Examples of "extraordinary circumstances inherent in the land or its physical setting" include very steep slopes, deep ravines, rivers, streams, roads, railroad or utility lines or other similar natural or physical barriers that by themselves or in combination separate the subject lot or parcel from adjacent agricultural land and prevent it from being practicably managed for farm use by itself or together with adjacent or nearby farms. A lot or parcel that has been put to farm use despite the proximity of a natural barrier or since the placement of a physical barrier shall be presumed manageable for farm use;

(ii) The dwelling will comply with the provisions of ORS 215.296(1); and

(iii) The dwelling will not materially alter the stability of the overall land use pattern in the area by applying the standards set forth in paragraph (4)(a)(D) of this rule; and

(D) A local government shall provide notice of all applications for dwellings allowed under subsection (3)(c) of this rule to the Oregon Department of Agriculture. Notice shall be provided in accordance with the governing body's land use regulations but shall be mailed at least 20 calendar days prior to the public hearing before the hearings officer under paragraph (3)(c)(C) of this rule.

(d) Notwithstanding the requirements of paragraph (3)(a)(E) of this rule, a single-family dwelling may be sited on high-value farmland if:

(A) It meets the other requirements of subsections (3)(a) and (b) of this rule;

(B) The tract on which the dwelling will be sited is:

(i) Identified in OAR 660-033-0020(8)(c) or (d);

(ii) Not high-value farmland defined in OAR 660-033-0020(8)(a); and

(iii) Twenty-one acres or less in size; and

(C) The tract is bordered on at least 67 percent of its perimeter by tracts that are smaller than 21 acres, and at least two such tracts had dwellings on January 1, 1993; or

(D) The tract is not a flaglot and is bordered on at least 25 percent of its perimeter by tracts that are smaller than 21 acres, and at least four dwellings existed on January 1, 1993, within one-quarter mile of the center of the subject tract. Up to two of the four dwellings may lie within an urban growth boundary, but only if the subject tract abuts an urban growth boundary; or

(E) The tract is a flaglot and is bordered on at least 25 percent of its perimeter by tracts that are smaller than 21 acres, and at least four dwellings existed on January 1, 1993, within one-quarter mile of the center of the subject tract and on the same side of the public road that provides access

to the subject tract. The governing body of a county must interpret the center of the subject tract as the geographic center of the flaglot if the applicant makes a written request for that interpretation and that interpretation does not cause the center to be located outside the flaglot. Up to two of the four dwellings may lie within an urban growth boundary, but only if the subject tract abuts an urban growth boundary:

(i) "Flaglot" means a tract containing a narrow strip or panhandle of land providing access from the public road to the rest of the tract.

(ii) "Geographic center of the flaglot" means the point of intersection of two perpendicular lines of which the first line crosses the midpoint of the longest side of a flaglot, at a 90-degree angle to the side, and the second line crosses the midpoint of the longest adjacent side of the flaglot.

(e) If land is in a zone that allows both farm and forest uses, is acknowledged to be in compliance with both Goals 3 and 4 and may qualify as an exclusive farm use zone under ORS [~~Chapter~~] **chapter** 215, a county may apply the standards for siting a dwelling under either section (3) of this rule or OAR 660-006-0027, as appropriate for the predominant use of the tract on January 1, 1993;

(f) A county may, by application of criteria adopted by ordinance, deny approval of a dwelling allowed under section (3) of this rule in any area where the county determines that approval of the dwelling would:

(A) Exceed the facilities and service capabilities of the area;

(B) Materially alter the stability of the overall land use pattern of the area; or

(C) Create conditions or circumstances that the county determines would be contrary to the purposes or intent of its acknowledged comprehensive plan or land use regulations.

(g) For purposes of subsection (3)(a) of this rule, "owner" includes the wife, husband, son, daughter, mother, father, brother, brother-in-law, sister, sister-in-law, son-in-law, daughter-in-law, mother-in-law, father-in-law, aunt, uncle, niece, nephew, stepparent, stepchild, grandparent or grandchild of the owner or a business entity owned by any one or a combination of these family members;

(h) The county assessor shall be notified that the governing body intends to allow the dwelling.

(i) When a local government approves an application for a single-family dwelling under section (3) of this rule, the application may be transferred by a person who has qualified under section (3) of this rule to any other person after the effective date of the land use decision.

(4) A single-family residential dwelling not provided in conjunction with farm use requires approval of the governing body or its designate in any farmland area zoned for exclusive farm use:

(a) In the Willamette Valley, the use may be approved if:

(A) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming or forest practices on nearby lands devoted to farm or forest use;

(B) The dwelling will be sited on a lot or parcel that is predominantly composed of Class IV through VIII soils that would not, when irrigated, be classified as prime, unique, Class I or II soils;

(C) The dwelling will be sited on a lot or parcel created before January 1, 1993;

(D) The dwelling will not materially alter the stability of the overall land use pattern of the area. In determining whether a proposed nonfarm dwelling will alter the stability of the land use pattern in the area, a county shall consider the cumulative impact of possible new nonfarm dwellings and parcels on other lots or parcels in the area similarly situated. To address this standard, the county shall:

(i) Identify a study area for the cumulative impacts analysis. The study area shall include at least 2000 acres or a smaller area not less than 1000 acres, if the smaller area is a distinct agricultural area based on topography, soil types, land use pattern, or the type of farm or ranch operations or practices that distinguish it from other, adjacent agricultural areas. Findings shall describe the study area, its boundaries, the location of the subject parcel within this area, why the selected area is representative of the land use pattern surrounding the subject parcel and is adequate to conduct the analysis required by this standard. Lands zoned for rural residential or other urban or nonresource uses shall not be included in the study area;

(ii) Identify within the study area the broad types of farm uses (irrigated or nonirrigated crops, pasture or grazing lands), the number, location and type of existing dwellings (farm, nonfarm, hardship, etc.), and the dwelling development trends since 1993. Determine the potential number of nonfarm/lot-of-record dwellings that could be approved under subsection (3)(a) and section (4) of this rule, including identification of predominant soil classifications, the parcels created prior to January 1, 1993 and the parcels larger than the minimum lot size that may be divided to create new parcels for nonfarm dwellings under ORS 215.263(4). The findings shall describe the existing land use pattern of the study area including the distribution and arrangement of existing uses and the land use pattern that could result from approval of the possible nonfarm dwellings under this subparagraph; and

(iii) Determine whether approval of the proposed nonfarm/lot-of-record dwellings together with existing nonfarm dwellings will materially alter the stability of the land use pattern in the area. The stability of the land use pattern will be materially altered if the cumulative effect of existing and potential nonfarm dwellings will make it more difficult for the existing types of farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the study area; and

(E) The dwelling complies with such other conditions as the governing body or its designate considers necessary.

(b) In the Willamette Valley, on a lot or parcel allowed under OAR 660-033-0100(7), the use may be approved if:

(A) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming or forest practices on nearby lands devoted to farm or forest use;

(B) The dwelling will not materially alter the stability of the overall land use pattern of the area. In determining whether a proposed nonfarm dwelling will alter the stability of the land use pattern in the area, a county shall consider the cumulative impact of nonfarm dwellings on other lots or parcels in the area similarly situated and whether creation of the parcel will lead to creation of other nonfarm parcels, to the detriment of agriculture in the area by applying the standards set forth in paragraph (4)(a)(D) of this rule; and

(C) The dwelling complies with such other conditions as the governing body or its designate considers necessary.

(c) In counties located outside the Willamette Valley require findings that:

(A) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming or forest practices on nearby lands devoted to farm or forest use;

(B)(i) The dwelling, **including essential or accessory improvements or structures,** is situated upon a lot or parcel, or, **in the case of an existing lot or parcel, upon** a portion of a lot or parcel, that is generally unsuitable land for the production of farm crops and livestock or merchantable tree species, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location and size of the tract. A lot or parcel or portion of a lot or parcel shall not be considered unsuitable solely because of size or location if it can reasonably be put to farm or forest use in conjunction with other land; and

(ii) A lot or parcel or portion of a lot or parcel is not "generally unsuitable" simply because it is too small to be farmed profitably by itself. If a lot or parcel or portion of a lot or parcel can be sold, leased, rented or otherwise managed as a part of a commercial farm or ranch, then the lot or parcel or portion of the lot or parcel is not "generally unsuitable". A lot or parcel or portion of a lot or parcel is presumed to be suitable if, in Western Oregon it is composed predominantly of Class I-IV soils or, in Eastern Oregon, it is composed predominantly of Class I-VI soils. Just because a lot or parcel or portion of a lot or parcel is unsuitable for one farm use does not mean it is not suitable for another farm use; or

(iii) If the parcel is under forest assessment, the dwelling shall be situated upon generally unsuitable land for the production of merchantable tree species recognized by the Forest Practices Rules, considering the terrain, adverse soil or land conditions, drainage and flooding,

vegetation, location and size of the parcel. If a lot or parcel is under forest assessment, the area is not "generally unsuitable" simply because it is too small to be managed for forest production profitably by itself. If a lot or parcel under forest assessment can be sold, leased, rented or otherwise managed as a part of a forestry operation, it is not "generally unsuitable". If a lot or parcel is under forest assessment, it is presumed suitable if, in Western Oregon, it is composed predominantly of soils capable of producing 50 cubic feet of wood fiber per acre per year, or in Eastern Oregon it is composed predominantly of soils capable of producing 20 cubic feet of wood fiber per acre per year. If a lot or parcel is under forest assessment, to be found compatible and not seriously interfere with forest uses on surrounding land it must not force a significant change in forest practices or significantly increase the cost of those practices on the surrounding land;

(C) The dwelling will not materially alter the stability of the overall land use pattern of the area. In determining whether a proposed nonfarm dwelling will alter the stability of the land use pattern in the area, a county shall consider the cumulative impact of nonfarm dwellings on other lots or parcels in the area similarly situated by applying the standards set forth in paragraph (4)(a)(D) of this rule. If the application involves the creation of a new parcel for the nonfarm dwelling, a county shall consider whether creation of the parcel will lead to creation of other nonfarm parcels, to the detriment of agriculture in the area by applying the standards set forth in paragraph (4)(a)(D) of this rule; and

(D) The dwelling complies with such other conditions as the governing body or its designate considers necessary.

(d) If a single-family dwelling is established on a lot or parcel as set forth in section (3) of this rule or OAR 660-006-0027, no additional dwelling may later be sited under the provisions of section (4) of this rule;

(e) Counties that have adopted marginal lands provisions before January 1, 1993, shall apply the standards in ORS 215.213(3) through 215.213(8) for nonfarm dwellings on lands zoned exclusive farm use that are not designated marginal or high-value farmland.

(5) Approval requires review by the governing body or its designate under ORS 215.296. Uses may be approved only where such uses:

(a) Will not force a significant change in accepted farm or forest practices on surrounding lands devoted to farm or forest use; and

(b) Will not significantly increase the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use.

(6) A facility for the primary processing of forest products shall not seriously interfere with accepted farming practices and shall be compatible with farm uses described in ORS 215.203(2). Such facility may be approved for a one-year period that is renewable and is intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial

treatment of a forest product in order to enable its shipment to market. Forest products as used in this section means timber grown upon a tract where the primary processing facility is located.

(7) A personal-use airport as used in this section means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities allowed under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be allowed subject to any applicable rules of the Oregon Department of Aviation.

(8)(a) A lawfully established dwelling may be altered, restored or replaced under ORS 215.213(1)(q) or 215.283(1)(p) if, when an application for a permit is submitted, the permitting authority finds to its satisfaction, based on substantial evidence that:

(A) The dwelling to be altered, restored or replaced has, or formerly had:

(i) Intact exterior walls and roof structure;

(ii) Indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(iii) Interior wiring for interior lights; and

(iv) A heating system; and

(B) The dwelling was assessed as a dwelling for purposes of ad valorem taxation for the previous five property tax years, or, if the dwelling has existed for less than five years, from that time~~;~~
~~and~~]

(C) Notwithstanding paragraph (B), if the value of the dwelling was eliminated as a result of either of the following circumstances, the dwelling was assessed as a dwelling until such time as the value of the dwelling was eliminated:

(i) The destruction (i.e by fire or natural hazard), or demolition in the case of restoration, of the dwelling; or

(ii) The applicant establishes to the satisfaction of the permitting authority that the dwelling was improperly removed from the tax roll by a person other than the current owner. "Improperly removed" means that the dwelling has taxable value in its present state, or had taxable value when the dwelling was first removed from the tax roll or was destroyed by fire or natural hazard, and the county stopped assessing the dwelling even though the current or former owner did not request removal of the dwelling from the tax roll.

(b) For replacement of a lawfully established dwelling under ORS 215.213(1)(q) or 215.283(1)(p):

(A) The dwelling to be replaced must be removed, demolished or converted to an allowable nonresidential use:

(i) Within one year after the date the replacement dwelling is certified for occupancy pursuant to ORS 455.055; or

(ii) If the dwelling to be replaced is, in the discretion of the permitting authority, in such a state of disrepair that the structure is unsafe for occupancy or constitutes an attractive nuisance, on or before a date set by the permitting authority that is not less than 90 days after the replacement permit is issued; and

(iii) If a dwelling is removed by moving it off the subject parcel to another location, the applicant must obtain approval from the permitting authority for the new location.

(B) The applicant must cause to be recorded in the deed records of the county a statement that the dwelling to be replaced has been removed, demolished or converted.

(C) As a condition of approval, if the dwelling to be replaced is located on a portion of the lot or parcel that is not zoned for exclusive farm use, the applicant shall execute and cause to be recorded in the deed records of the county in which the property is located a deed restriction prohibiting the siting of another dwelling on that portion of the lot or parcel. The restriction imposed is irrevocable unless the county planning director, or the director's designee, places a statement of release in the deed records of the county to the effect that the provisions of 2013 Oregon Laws, [~~Chapter~~] **chapter** 462, Section 2 and either ORS 215.213 or 215.283 regarding replacement dwellings have changed to allow the lawful siting of another dwelling.

(D) The county planning director, or the director's designee, shall maintain a record of:

(i) The lots and parcels for which dwellings to be replaced have been removed, demolished or converted; and

(ii) The lots and parcels that do not qualify for the siting of a new dwelling under subsection (b) of this section, including a copy of the deed restrictions filed under paragraph (B) of this subsection.

(c) A replacement dwelling under ORS 215.213(1)(q) or 215.283(1)(p) must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. However, the standards may not be applied in a manner that prohibits the siting of the replacement dwelling.

(A) The siting standards of paragraph (B) of this subsection apply when a dwelling under ORS 215.213(1)(q) or 215.213(1)(p) qualifies for replacement because the dwelling:

(i) Formerly had the features described in paragraph (a)(A) of this section;

(ii) Was removed from the tax roll as described in paragraph (C) of subsection (a); or

(iii) Had a permit that expired as described under paragraph (d)(C) of this section.

(B) The replacement dwelling must be sited on the same lot or parcel:

(i) Using all or part of the footprint of the replaced dwelling or near a road, ditch, river, property line, forest boundary or another natural boundary of the lot or parcel; and

(ii) If possible, for the purpose of minimizing the adverse impacts on resource use of land in the area, within a concentration or cluster of structures or within 500 yards of another structure.

(C) Replacement dwellings that currently have the features described in paragraph (a)(A) of this subsection and that have been on the tax roll as described in paragraph (B) of subsection (a) may be sited on any part of the same lot or parcel.

(d) A replacement dwelling permit that is issued under ORS 215.213(1)(q) or 215.283(1)(p):

(A) Is a land use decision as defined in ORS 197.015 where the dwelling to be replaced:

(i) Formerly had the features described in paragraph (a)(A) of this section; or

(ii) Was removed from the tax roll as described in paragraph (a)(C) of this section;

(B) Is not subject to the time to act limits of ORS 215.417; and

(C) If expired before January 1, 2014, shall be deemed to be valid and effective if, before January 1, 2015, the holder of the permit:

(i) Removes, demolishes or converts to an allowable nonresidential use the dwelling to be replaced; and

(ii) Causes to be recorded in the deed records of the county a statement that the dwelling to be replaced has been removed, demolished or converted.

(9)(a) To qualify for a relative farm help dwelling, a dwelling shall be occupied by relatives whose assistance in the management and farm use of the existing commercial farming operation is required by the farm operator. **However, farming of a marijuana crop may not be used to demonstrate compliance with the approval criteria for a relative farm help dwelling.** The farm operator shall continue to play the predominant role in the management and farm use of the farm. A farm operator is a person who operates a farm, doing the work and making the day-to-day decisions about such things as planting, harvesting, feeding and marketing.

(b) A relative farm help dwelling must be located on the same lot or parcel as the dwelling of the farm operator and must be on real property used for farm use.

(c) For the purpose of subsection (a), “relative” means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of the farm operator or the farm operator’s spouse.

(d) Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel requirements under 215.780, if the owner of a dwelling described in this section obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the “homesite,” as defined in 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel. Prior conditions of approval for the subject land and dwelling remain in effect.

~~[(e)]~~ **(e)** For the purpose of subsection ~~[(b)]~~ **(d)**, “foreclosure” means only those foreclosures that are exempt from partition under ORS 92.010(9)(a).

(10) A manufactured dwelling, or recreational vehicle, or the temporary residential use of an existing building allowed under this provision is a temporary use for the term of the hardship suffered by the existing resident or relative as defined in ORS ~~[Chapter]~~ **chapter** 215. The manufactured dwelling shall use the same subsurface sewage disposal system used by the existing dwelling, if that disposal system is adequate to accommodate the additional dwelling. If the manufactured home will use a public sanitary sewer system, such condition will not be required. Governing bodies shall review the permit authorizing such manufactured homes every two years. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. A temporary residence approved under this section is not eligible for replacement under 215.213(1)(q) or 215.283(1)(p). Department of Environmental Quality review and removal requirements also apply. As used in this section “hardship” means a medical hardship or hardship for the care of an aged or infirm person or persons.

(11) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under 468B.095, and with the requirements of 215.246, 215.247, 215.249 and 215.251, the land application of reclaimed water, agricultural process or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zones under this division is allowed.

(12) In order to meet the requirements specified in the statute, a historic dwelling shall be listed on the National Register of Historic Places.

(13) Roads, highways and other transportation facilities, and improvements not otherwise allowed under this rule may be established, subject to the adoption of the governing body or its designate of an exception to Goal 3, Agricultural Lands, and to any other applicable goal with

which the facility or improvement does not comply. In addition, transportation uses and improvements may be authorized under conditions and standards as set forth in OAR 660-012-0035 and 660-012-0065.

(14) Home occupations and the parking of vehicles may be authorized. Home occupations shall be operated substantially in the dwelling or other buildings normally associated with uses permitted in the zone in which the property is located. A home occupation shall be operated by a resident or employee of a resident of the property on which the business is located, and shall employ on the site no more than five full-time or part-time persons.

(15) New uses that batch and blend mineral and aggregate into asphalt cement may not be authorized within two miles of a planted vineyard. Planted vineyard means one or more vineyards totaling 40 acres or more that are planted as of the date the application for batching and blending is filed.

(16)(a) A utility facility established under ORS 215.213(1)(c) or 215.283(1)(c) is necessary for public service if the facility must be sited in an exclusive farm use zone in order to provide the service. To demonstrate that a utility facility is necessary, an applicant must:

(A) Show that reasonable alternatives have been considered and that the facility must be sited in an exclusive farm use zone due to one or more of the following factors:

(i) Technical and engineering feasibility;

(ii) The proposed facility is locationally-dependent. A utility facility is locationally-dependent if it must cross land in one or more areas zoned for exclusive farm use in order to achieve a reasonably direct route or to meet unique geographical needs that cannot be satisfied on other lands;

(iii) Lack of available urban and nonresource lands;

(iv) Availability of existing rights of way;

(v) Public health and safety; and

(vi) Other requirements of state and federal agencies.

(B) Costs associated with any of the factors listed in paragraph (A) of this subsection may be considered, but cost alone may not be the only consideration in determining that a utility facility is necessary for public service. Land costs shall not be included when considering alternative locations for substantially similar utility facilities and the siting of utility facilities that are not substantially similar.

(C) The owner of a utility facility approved under this section shall be responsible for restoring, as nearly as possible, to its former condition any agricultural land and associated improvements that are damaged or otherwise disturbed by the siting, maintenance, repair or reconstruction of

the facility. Nothing in this paragraph shall prevent the owner of the utility facility from requiring a bond or other security from a contractor or otherwise imposing on a contractor the responsibility for restoration.

(D) The governing body of the county or its designee shall impose clear and objective conditions on an application for utility facility siting to mitigate and minimize the impacts of the proposed facility, if any, on surrounding lands devoted to farm use in order to prevent a significant change in accepted farm practices or a significant increase in the cost of farm practices on surrounding farmlands.

(E) Utility facilities necessary for public service may include on-site and off-site facilities for temporary workforce housing for workers constructing a utility facility. Such facilities must be removed or converted to an allowed use under OAR 660-033-0130(19) or other statute or rule when project construction is complete. Off-site facilities allowed under this paragraph are subject to 660-033-0130(5). Temporary workforce housing facilities not included in the initial approval may be considered through a minor amendment request. A minor amendment request shall have no effect on the original approval.

(F) In addition to the provisions of paragraphs (A) to (D) of this subsection, the establishment or extension of a sewer system as defined by OAR 660-011-0060(1)(f) in an exclusive farm use zone shall be subject to the provisions of 660-011-0060.

(G) The provisions of paragraphs (A) to (D) of this subsection do not apply to interstate natural gas pipelines and associated facilities authorized by and subject to regulation by the Federal Energy Regulatory Commission.

(b) An associated transmission line is necessary for public service and shall be approved by the governing body of a county or its designee if an applicant for approval under ORS 215.213(1)(c) or 215.283(1)(c) demonstrates to the governing body of a county or its designee that the associated transmission line meets either the requirements of paragraph (A) of this subsection or the requirements of paragraph (B) of this subsection.

(A) An applicant demonstrates that the entire route of the associated transmission line meets at least one of the following requirements:

(i) The associated transmission line is not located on high-value farmland, as defined in ORS 195.300, or on arable land;

(ii) The associated transmission line is co-located with an existing transmission line;

(iii) The associated transmission line parallels an existing transmission line corridor with the minimum separation necessary for safety; or

(iv) The associated transmission line is located within an existing right of way for a linear facility, such as a transmission line, road or railroad, that is located above the surface of the ground.

(B) After an evaluation of reasonable alternatives, an applicant demonstrates that the entire route of the associated transmission line meets, subject to paragraphs (C) and (D) of this subsection, two or more of the following criteria:

(i) Technical and engineering feasibility;

(ii) The associated transmission line is locationally-dependent because the associated transmission line must cross high-value farmland, as defined in ORS 195.300, or arable land to achieve a reasonably direct route or to meet unique geographical needs that cannot be satisfied on other lands;

(iii) Lack of an available existing right of way for a linear facility, such as a transmission line, road or railroad, that is located above the surface of the ground;

(iv) Public health and safety; or

(v) Other requirements of state or federal agencies.

(C) As pertains to paragraph (B), the applicant shall present findings to the governing body of the county or its designee on how the applicant will mitigate and minimize the impacts, if any, of the associated transmission line on surrounding lands devoted to farm use in order to prevent a significant change in accepted farm practices or a significant increase in the cost of farm practices on the surrounding farmland.

(D) The governing body of a county or its designee may consider costs associated with any of the factors listed in paragraph (B) of this subsection, but consideration of cost may not be the only consideration in determining whether the associated transmission line is necessary for public service.

(17) **Permanent features of a power generation facility shall not preclude more than 12 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4.** A power generation facility may include on-site and off-site facilities for temporary workforce housing for workers constructing a power generation facility. Such facilities must be removed or converted to an allowed use under OAR 660-033-0130(19) or other statute or rule when project construction is complete. Temporary workforce housing facilities not included in the initial approval may be considered through a minor amendment request. A minor amendment request shall be subject to 660-033-0130(5) and shall have no effect on the original approval. ~~[Permanent features of a power generation facility shall not preclude more than 12 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4.]~~

(18)(a) Existing facilities wholly within a farm use zone may be maintained, enhanced or expanded on the same tract, subject to other requirements of law. An existing golf course may be expanded consistent with the requirements of sections (5) and (20) of this rule, but shall not be expanded to contain more than 36 total holes.

(b) In addition to and not in lieu of the authority in ORS 215.130 to continue, alter, restore or replace a use that has been disallowed by the enactment or amendment of a zoning ordinance or regulation, ~~[a use]~~**schools as** formerly allowed pursuant to **ORS** 215.213(1)(a) or 215.283(1)(a), as in effect before January 1, 2010, the effective date of 2009 Oregon Laws, chapter 850, section 14, may be expanded subject to:

(A) The requirements of subsection (c) of this section; and

(B) Conditional approval of the county in the manner provided in ORS 215.296.

(c) A nonconforming use described in subsection (b) of this section may be expanded under this section if:

(A) The use was established on or before January 1, 2009; and

(B) The expansion occurs on:

(i) The tax lot on which the use was established on or before January 1, 2009; or

(ii) A tax lot that is contiguous to the tax lot described in subparagraph (i) of this paragraph and that was owned by the applicant on January 1, 2009.

(19)(a) Except on a lot or parcel contiguous to a lake or reservoir, private campgrounds shall not be allowed within three miles of an urban growth boundary unless an exception is approved pursuant to ORS 197.732 and OAR chapter 660, division 4. A campground is an area devoted to overnight temporary use for vacation, recreational or emergency purposes, but not for residential purposes and is established on a site or is contiguous to lands with a park or other outdoor natural amenity that is accessible for recreational use by the occupants of the campground. A campground shall be designed and integrated into the rural agricultural and forest environment in a manner that protects the natural amenities of the site and provides buffers of existing native trees and vegetation or other natural features between campsites. Campgrounds authorized by this rule shall not include intensively developed recreational uses such as swimming pools, tennis courts, retail stores or gas stations. Overnight temporary use in the same campground by a camper or camper's vehicle shall not exceed a total of 30 days during any consecutive six-month period.

(b) Campsites may be occupied by a tent, travel trailer, yurt or recreational vehicle. Separate sewer, water or electric service hook-ups shall not be provided to individual camp sites except that electrical service may be provided to yurts allowed for by subsection (19)(c) of this rule.

(c) Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will

comply with the standards described in ORS 215.296(1). As used in this section, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hook-up or internal cooking appliance.

(20) "Golf Course" means an area of land with highly maintained natural turf laid out for the game of golf with a series of nine or more holes, each including a tee, a fairway, a putting green, and often one or more natural or artificial hazards. A "golf course" for purposes of ORS 215.213(2)(f), 215.283(2)(f), and this division means a nine or 18 hole regulation golf course or a combination nine and 18 hole regulation golf course consistent with the following:

(a) A regulation 18 hole golf course is generally characterized by a site of about 120 to 150 acres of land, has a playable distance of 5,000 to 7,200 yards, and a par of 64 to 73 strokes;

(b) A regulation nine hole golf course is generally characterized by a site of about 65 to 90 acres of land, has a playable distance of 2,500 to 3,600 yards, and a par of 32 to 36 strokes;

(c) Non-regulation golf courses are not allowed uses within these areas. "Non-regulation golf course" means a golf course or golf course-like development that does not meet the definition of golf course in this rule, including but not limited to executive golf courses, Par three golf courses, pitch and putt golf courses, miniature golf courses and driving ranges;

(d) Counties shall limit accessory uses provided as part of a golf course consistent with the following standards:

(A) An accessory use to a golf course is a facility or improvement that is incidental to the operation of the golf course and is either necessary for the operation and maintenance of the golf course or that provides goods or services customarily provided to golfers at a golf course. An accessory use or activity does not serve the needs of the non-golfing public. Accessory uses to a golf course may include: Parking; maintenance buildings; cart storage and repair; practice range or driving range; clubhouse; restrooms; lockers and showers; food and beverage service; pro shop; a practice or beginners course as part of an 18 hole or larger golf course; or golf tournament. Accessory uses to a golf course do not include: Sporting facilities unrelated to golfing such as tennis courts, swimming pools, and weight rooms; wholesale or retail operations oriented to the non-golfing public; or housing;

(B) Accessory uses shall be limited in size and orientation on the site to serve the needs of persons and their guests who patronize the golf course to golf. An accessory use that provides commercial services (e.g., pro shop, etc.) shall be located in the clubhouse rather than in separate buildings; and

(C) Accessory uses may include one or more food and beverage service facilities in addition to food and beverage service facilities located in a clubhouse. Food and beverage service facilities must be part of and incidental to the operation of the golf course and must be limited in size and orientation on the site to serve only the needs of persons who patronize the golf course and their guests. Accessory food and beverage service facilities shall not be designed for or include structures for banquets, public gatherings or public entertainment.

(21) "Living History Museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events. As used in this rule, a living history museum shall be related to resource based activities and shall be owned and operated by a governmental agency or a local historical society. A living history museum may include limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of an urban growth boundary. "Local historical society" means the local historical society, recognized as such by the county governing body and organized under ORS [Chapter] **chapter** 65.

(22) **Permanent features of a power generation facility shall not preclude more than 20 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4.** A power generation facility may include on-site and off-site facilities for temporary workforce housing for workers constructing a power generation facility. Such facilities must be removed or converted to an allowed use under OAR 660-033-0130(19) or other statute or rule when project construction is complete. Temporary workforce housing facilities not included in the initial approval may be considered through a minor amendment request. A minor amendment request shall be subject to 660-033-0130(5) and shall have no effect on the original approval. ~~[Permanent features of a power generation facility shall not preclude more than 20 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4.]~~

(23) A farm stand may be approved if:

(a) The structures are designed and used for sale of farm crops and livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sales of the incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(b) The farm stand does not include structures designed for occupancy as a residence or for activities other than the sale of farm crops and livestock and does not include structures for banquets, public gatherings or public entertainment.

(c) As used in this section, "farm crops or livestock" includes both fresh and processed farm crops and livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area. As used in this subsection, "processed crops and livestock" includes jams, syrups, apple cider, animal products and other similar farm crops and livestock that have been processed and converted into another product but not prepared food items.

(d) As used in this section, "local agricultural area" includes Oregon or an adjacent county in Washington, Idaho, Nevada or California that borders the Oregon county in which the farm stand is located.

(e) A farm stand may not be used for the sale, or to promote the sale, of marijuana products or extracts.

(24) Accessory farm dwellings as defined by subsection (e) of this section may be considered customarily provided in conjunction with farm use if:

(a) Each accessory farm dwelling meets all the following requirements:

(A) The accessory farm dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land and whose seasonal or year-round assistance in the management of the farm use, such as planting, harvesting, marketing or caring for livestock, is or will be required by the farm operator;

(B) The accessory farm dwelling will be located:

(i) On the same lot or parcel as the primary farm dwelling;

(ii) On the same tract as the primary farm dwelling when the lot or parcel on which the accessory farm dwelling will be sited is consolidated into a single parcel with all other contiguous lots and parcels in the tract;

(iii) On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is limited to only a manufactured dwelling with a deed restriction. The deed restriction shall be filed with the county clerk and require the manufactured dwelling to be removed when the lot or parcel is conveyed to another party. The manufactured dwelling may remain if it is reapproved under these rules;

(iv) On any lot or parcel, when the accessory farm dwelling is limited to only attached multi-unit residential structures allowed by the applicable state building code or similar types of farmworker housing as that existing on farm or ranch operations registered with the Department of Consumer and Business Services, Oregon Occupational Safety and Health Division under ORS 658.750. A county shall require all accessory farm dwellings approved under this subparagraph to be removed, demolished or converted to a nonresidential use when farmworker housing is no longer required. "Farmworker housing" shall have the meaning set forth in 215.278 and not the meaning in 315.163; or

(v) On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is located on a lot or parcel at least the size of the applicable minimum lot size under ORS 215.780 and the lot or parcel complies with the gross farm income requirements in OAR 660-033-0135(3) or (4), whichever is applicable; and

(C) There is no other dwelling on the lands designated for exclusive farm use owned by the farm operator that is vacant or currently occupied by persons not working on the subject farm or ranch and that could reasonably be used as an accessory farm dwelling.

(b) In addition to the requirements in subsection (a) of this section, the primary farm dwelling to which the proposed dwelling would be accessory, meets one of the following:

(A) On land not identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed for farm use, as defined in ORS 215.203, on which, in each of the last two years or three of the last five years or in an average of three of the last five years, the farm operator earned the lower of the following:

(i) At least \$40,000 in gross annual income from the sale of farm products. In determining the gross income, the cost of purchased livestock shall be deducted from the total gross income attributed to the tract; or

(ii) Gross annual income of at least the midpoint of the median income range of gross annual sales for farms in the county with the gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon. In determining the gross income, the cost of purchased livestock shall be deducted from the total gross income attributed to the tract;

(B) On land identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed for farm use, as defined in ORS 215.203, on which the farm operator earned at least \$80,000 in gross annual income from the sale of farm products in each of the last two years or three of the last five years or in an average of three of the last five years. In determining the gross income, the cost of purchased livestock shall be deducted from the total gross income attributed to the tract;

(C) On land not identified as high-value farmland in counties that have adopted marginal lands provisions under former ORS 197.247 (1991 Edition) before January 1, 1993, the primary farm dwelling is located on a farm or ranch operation that meets the standards and requirements of 215.213(2)(a) or (b) or paragraph (A) of this subsection; or

(D) It is located on a commercial dairy farm as defined by OAR 660-033-0135(8); and

(i) The building permits, if required, have been issued and construction has begun or been completed for the buildings and animal waste facilities required for a commercial dairy farm;

(ii) The Oregon Department of Agriculture has approved a permit for a "confined animal feeding operation" under ORS 468B.050 and 468B.200 to 468B.230; and

(iii) A Producer License for the sale of dairy products under ORS 621.072.

(c) The governing body of a county shall not approve any proposed division of a lot or parcel for an accessory farm dwelling approved pursuant to this section. If it is determined that an

accessory farm dwelling satisfies the requirements of OAR 660-033-0135, a parcel may be created consistent with the minimum parcel size requirements in 660-033-0100.

(d) An accessory farm dwelling approved pursuant to this section cannot later be used to satisfy the requirements for a dwelling not provided in conjunction with farm use pursuant to section (4) of this rule.

(e) For the purposes of OAR 660-033-0130(24), "accessory farm dwelling" includes all types of residential structures allowed by the applicable state building code.

(f) Farming of a marijuana crop shall not be used to demonstrate compliance with the approval criteria for an accessory farm dwelling.

(25) In counties that have adopted marginal lands provisions under former ORS 197.247 (1991 Edition) before January 1, 1993, an armed forces reserve center is allowed, if the center is within one-half mile of a community college. An "armed forces reserve center" includes an armory or National Guard support facility.

(26) Buildings and facilities associated with a site for the takeoff and landing of model aircraft shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this section. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this section. An owner of property used for the purpose authorized in this section may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the operator's cost to maintain the property, buildings and facilities. As used in this section, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(27) Insect species shall not include any species under quarantine by the Oregon Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this section to the Oregon Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(28) A farm on which a processing facility is located must provide at least one-quarter of the farm crops processed at the facility. A farm may also be used for an establishment for the slaughter, processing or selling of poultry or poultry products pursuant to ORS 603.038. If a building is established or used for the processing facility or establishment, the farm operator may not devote more than 10,000 square feet of floor area to the processing facility or establishment, exclusive of the floor area designated for preparation, storage or other farm use. A processing facility or establishment must comply with all applicable siting standards but the standards may not be applied in a manner that prohibits the siting of the processing facility or establishment. A county may not approve any division of a lot or parcel that separates a processing facility or establishment from the farm operation on which it is located.

(29)(a) Composting operations and facilities allowed on high-value farmland are limited to those that are accepted farming practices in conjunction with and auxiliary to farm use on the subject tract, and that meet the performance and permitting requirements of the Department of Environmental Quality under OAR 340-093-0050 and 340-096-0060. Excess compost may be sold to neighboring farm operations in the local area and shall be limited to bulk loads of at least one unit (7.5 cubic yards) in size. Buildings and facilities used in conjunction with the composting operation shall only be those required for the operation of the subject facility.

(b) Composting operations and facilities allowed on land not defined as high-value farmland shall meet the performance and permitting requirements of the Department of Environmental Quality under OAR 340-093-0050 and 340-096-0060. Composting operations that are accepted farming practices in conjunction with and auxiliary to farm use on the subject tract are allowed uses, while other composting operations are subject to the review standards of ORS 215.296. Buildings and facilities used in conjunction with the composting operation shall only be those required for the operation of the subject facility. Onsite sales shall be limited to bulk loads of at least one unit (7.5 cubic yards) in size that are transported in one vehicle.

(30) The County governing body or its designate shall require as a condition of approval of a single-family dwelling under ORS 215.213, 215.283 or 215.284 or otherwise in a farm or forest zone, that the landowner for the dwelling sign and record in the deed records for the county a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under 30.936 or 30.937.

(31) Public parks including only the uses specified under OAR 660-034-0035 or 660-034-0040, whichever is applicable.

(32) Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(a) A public right of way;

(b) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(c) The property to be served by the utility.

(33) An outdoor mass gathering as defined in ORS 433.735 or other gathering of 3,000 or fewer persons that is not anticipated to continue for more than 120 hours in any three-month period is not a "land use decision" as defined in 197.015(10) or subject to review under this division. Agri-tourism and other commercial events or activities may not be permitted as mass gatherings under 215.213(11) and 215.283(4).

(34) Any outdoor gathering of more than 3,000 persons that is anticipated to continue for more than 120 hours in any three-month planning period is subject to review by a county planning commission under the provisions of ORS 433.763.

(35)(a) As part of the conditional use approval process under ORS 215.296 and OAR 660-033-0130(5), for the purpose of verifying the existence, continuity and nature of the business described in ORS 215.213(2)(w) or 215.283(2)(y), representatives of the business may apply to the county and submit evidence including, but not limited to, sworn affidavits or other documentary evidence that the business qualifies; and

(b) Alteration, restoration or replacement of a use authorized in ORS 215.213(2)(w) or 215.283(2)(y) may be altered, restored or replaced pursuant to 215.130(5), (6) and (9).

(36) For counties subject to ORS 215.283 and not 215.213, a community center authorized under this section may provide services to veterans, including but not limited to emergency and transitional shelter, preparation and service of meals, vocational and educational counseling and referral to local, state or federal agencies providing medical, mental health, disability income replacement and substance abuse services, only in a facility that is in existence on January 1, 2006. The services may not include direct delivery of medical, mental health, disability income replacement or substance abuse services.

(37) For purposes of this rule a wind power generation facility includes, but is not limited to, the following system components: all wind turbine towers and concrete pads, permanent meteorological towers and wind measurement devices, electrical cable collection systems connecting wind turbine towers with the relevant power substation, new or expanded private roads (whether temporary or permanent) constructed to serve the wind power generation facility, office and operation and maintenance buildings, temporary lay-down areas and all other necessary appurtenances, including but not limited to on-site and off-site facilities for temporary workforce housing for workers constructing a wind power generation facility. Such facilities must be removed or converted to an allowed use under OAR 660-033-0130(19) or other statute or rule when project construction is complete. Temporary workforce housing facilities not included in the initial approval may be considered through a minor amendment request filed after a decision to approve a power generation facility. A minor amendment request shall be subject to 660-033-0130(5) and shall have no effect on the original approval. A proposal for a wind power generation facility shall be subject to the following provisions:

(a) For high-value farmland soils described at ORS 195.300(10), the governing body or its designate must find that all of the following are satisfied:

(A) Reasonable alternatives have been considered to show that siting the wind power generation facility or component thereof on high-value farmland soils is necessary for the facility or component to function properly or if a road system or turbine string must be placed on such soils to achieve a reasonably direct route considering the following factors:

(i) Technical and engineering feasibility;

(ii) Availability of existing rights of way; and

(iii) The long term environmental, economic, social and energy consequences of siting the facility or component on alternative sites, as determined under paragraph (B);

(B) The long-term environmental, economic, social and energy consequences resulting from the wind power generation facility or any components thereof at the proposed site with measures designed to reduce adverse impacts are not significantly more adverse than would typically result from the same proposal being located on other agricultural lands that do not include high-value farmland soils;

(C) Costs associated with any of the factors listed in paragraph (A) may be considered, but costs alone may not be the only consideration in determining that siting any component of a wind power generation facility on high-value farmland soils is necessary;

(D) The owner of a wind power generation facility approved under subsection (a) shall be responsible for restoring, as nearly as possible, to its former condition any agricultural land and associated improvements that are damaged or otherwise disturbed by the siting, maintenance, repair or reconstruction of the facility. Nothing in this subsection shall prevent the owner of the facility from requiring a bond or other security from a contractor or otherwise imposing on a contractor the responsibility for restoration; and

(E) The criteria of subsection (b) are satisfied.

(b) For arable lands, meaning lands that are cultivated or suitable for cultivation, including high-value farmland soils described at ORS 195.300(10), the governing body or its designate must find that:

(A) The proposed wind power facility will not create unnecessary negative impacts on agricultural operations conducted on the subject property. Negative impacts could include, but are not limited to, the unnecessary construction of roads, dividing a field or multiple fields in such a way that creates small or isolated pieces of property that are more difficult to farm, and placing wind farm components such as meteorological towers on lands in a manner that could disrupt common and accepted farming practices;

(B) The presence of a proposed wind power facility will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property. This provision may be satisfied by the submittal and county approval of a soil and erosion control plan prepared by an adequately qualified individual, showing how unnecessary soil erosion will be avoided or remedied and how topsoil will be stripped, stockpiled and clearly marked. The approved plan shall be attached to the decision as a condition of approval;

(C) Construction or maintenance activities will not result in unnecessary soil compaction that reduces the productivity of soil for crop production. This provision may be satisfied by the submittal and county approval of a plan prepared by an adequately qualified individual, showing how unnecessary soil compaction will be avoided or remedied in a timely manner through deep

soil decompaction or other appropriate practices. The approved plan shall be attached to the decision as a condition of approval; and

(D) Construction or maintenance activities will not result in the unabated introduction or spread of noxious weeds and other undesirable weeds species. This provision may be satisfied by the submittal and county approval of a weed control plan prepared by an adequately qualified individual that includes a long-term maintenance agreement. The approved plan shall be attached to the decision as a condition of approval.

(c) For nonarable lands, meaning lands that are not suitable for cultivation, the governing body or its designate must find that the requirements of OAR 660-033-0130(37)(b)(D) are satisfied.

(d) In the event that a wind power generation facility is proposed on a combination of arable and nonarable lands as described in OAR 660-033-0130(37)(b) and (c) the approval criteria of 660-033-0130(37)(b) shall apply to the entire project.

(38) A proposal to site a photovoltaic solar power generation facility shall be subject to the following definitions and provisions:

(a) “Arable land” means land in a tract that is predominantly cultivated or, if not currently cultivated, predominantly comprised of arable soils.

(b) “Arable soils” means soils that are suitable for cultivation as determined by the governing body or its designate based on substantial evidence in the record of a local land use application, but “arable soils” does not include high-value farmland soils described at ORS 195.300(10) unless otherwise stated.

(c) “Nonarable land” means land in a tract that is predominantly not cultivated and predominantly comprised of nonarable soils.

(d) “Nonarable soils” means soils that are not suitable for cultivation. Soils with an NRCS agricultural capability class V–VIII and no history of irrigation shall be considered nonarable in all cases. The governing body or its designate may determine other soils, including soils with a past history of irrigation, to be nonarable based on substantial evidence in the record of a local land use application.

(e) “Photovoltaic solar power generation facility” includes, but is not limited to, an assembly of equipment that converts sunlight into electricity and then stores, transfers, or both, that electricity. This includes photovoltaic modules, mounting and solar tracking equipment, foundations, inverters, wiring, storage devices and other components. Photovoltaic solar power generation facilities also include electrical cable collection systems connecting the photovoltaic solar generation facility to a transmission line, all necessary grid integration equipment, new or expanded private roads constructed to serve the photovoltaic solar power generation facility, office, operation and maintenance buildings, staging areas and all other necessary appurtenances. For purposes of applying the acreage standards of this section, a photovoltaic solar power generation facility includes all existing and proposed facilities on a single tract, as well as any

existing and proposed facilities determined to be under common ownership on lands with fewer than 1320 feet of separation from the tract on which the new facility is proposed to be sited. Projects connected to the same parent company or individuals shall be considered to be in common ownership, regardless of the operating business structure. A photovoltaic solar power generation facility does not include a net metering project established consistent with ORS 757.300 and OAR chapter 860, division 39 or a Feed-in-Tariff project established consistent with ORS 757.365 and OAR chapter 860, division 84.

(f) For high-value farmland described at ORS 195.300(10), a photovoltaic solar power generation facility shall not preclude more than 12 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4. The governing body or its designate must find that:

(A) The proposed photovoltaic solar power generation facility will not create unnecessary negative impacts on agricultural operations conducted on any portion of the subject property not occupied by project components. Negative impacts could include, but are not limited to, the unnecessary construction of roads dividing a field or multiple fields in such a way that creates small or isolated pieces of property that are more difficult to farm, and placing photovoltaic solar power generation facility project components on lands in a manner that could disrupt common and accepted farming practices;

(B) The presence of a photovoltaic solar power generation facility will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property. This provision may be satisfied by the submittal and county approval of a soil and erosion control plan prepared by an adequately qualified individual, showing how unnecessary soil erosion will be avoided or remedied and how topsoil will be stripped, stockpiled and clearly marked. The approved plan shall be attached to the decision as a condition of approval;

(C) Construction or maintenance activities will not result in unnecessary soil compaction that reduces the productivity of soil for crop production. This provision may be satisfied by the submittal and county approval of a plan prepared by an adequately qualified individual, showing how unnecessary soil compaction will be avoided or remedied in a timely manner through deep soil decompaction or other appropriate practices. The approved plan shall be attached to the decision as a condition of approval;

(D) Construction or maintenance activities will not result in the unabated introduction or spread of noxious weeds and other undesirable weed species. This provision may be satisfied by the submittal and county approval of a weed control plan prepared by an adequately qualified individual that includes a long-term maintenance agreement. The approved plan shall be attached to the decision as a condition of approval;

(E) The project is not located on high-value farmland soils unless it can be demonstrated that:

(i) Non high-value farmland soils are not available on the subject tract;

(ii) Siting the project on non high-value farmland soils present on the subject tract would significantly reduce the project's ability to operate successfully; or

(iii) The proposed site is better suited to allow continuation of an existing commercial farm or ranching operation on the subject tract than other possible sites also located on the subject tract, including those comprised of non high-value farmland soils; and

(F) A study area consisting of lands zoned for exclusive farm use located within one mile measured from the center of the proposed project shall be established and:

(i) If fewer than 48 acres of photovoltaic solar power generation facilities have been constructed or received land use approvals and obtained building permits within the study area, no further action is necessary.

(ii) When at least 48 acres of photovoltaic solar power generation have been constructed or received land use approvals and obtained building permits, either as a single project or as multiple facilities within the study area, the local government or its designate must find that the photovoltaic solar energy generation facility will not materially alter the stability of the overall land use pattern of the area. The stability of the land use pattern will be materially altered if the overall effect of existing and potential photovoltaic solar energy generation facilities will make it more difficult for the existing farms and ranches in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland or acquire water rights, or will reduce the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the study area.

(g) For arable lands, a photovoltaic solar power generation facility shall not preclude more than 20 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4. The governing body or its designate must find that:

(A) The project is not located on high-value farmland soils or arable soils unless it can be demonstrated that:

(i) Nonarable soils are not available on the subject tract;

(ii) Siting the project on nonarable soils present on the subject tract would significantly reduce the project's ability to operate successfully; or

(iii) The proposed site is better suited to allow continuation of an existing commercial farm or ranching operation on the subject tract than other possible sites also located on the subject tract, including those comprised of nonarable soils;

(B) No more than 12 acres of the project will be sited on high-value farmland soils described at ORS 195.300(10) unless an exception is taken pursuant to 197.732 and OAR chapter 660, division 4;

(C) A study area consisting of lands zoned for exclusive farm use located within one mile measured from the center of the proposed project shall be established and:

(i) If fewer than 80 acres of photovoltaic solar power generation facilities have been constructed or received land use approvals and obtained building permits within the study area no further action is necessary.

(ii) When at least 80 acres of photovoltaic solar power generation have been constructed or received land use approvals and obtained building permits, either as a single project or as multiple facilities, within the study area the local government or its designate must find that the photovoltaic solar energy generation facility will not materially alter the stability of the overall land use pattern of the area. The stability of the land use pattern will be materially altered if the overall effect of existing and potential photovoltaic solar energy generation facilities will make it more difficult for the existing farms and ranches in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the study area; and

(D) The requirements of OAR 660-033-0130(38)(f)(A), (B), (C) and (D) are satisfied.

(h) For nonarable lands, a photovoltaic solar power generation facility shall not preclude more than 320 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4. The governing body or its designate must find that:

(A) The project is not located on high-value farmland soils or arable soils unless it can be demonstrated that:

(i) Siting the project on nonarable soils present on the subject tract would significantly reduce the project's ability to operate successfully; or

(ii) The proposed site is better suited to allow continuation of an existing commercial farm or ranching operation on the subject tract as compared to other possible sites also located on the subject tract, including sites that are comprised of nonarable soils;

(B) No more than 12 acres of the project will be sited on high-value farmland soils described at ORS 195.300(10);

(C) No more than 20 acres of the project will be sited on arable soils unless an exception is taken pursuant to ORS 197.732 and OAR chapter 660, division 4;

(D) The requirements of OAR 660-033-0130(38)(f)(D) are satisfied;

(E) If a photovoltaic solar power generation facility is proposed to be developed on lands that contain a Goal 5 resource protected under the county's comprehensive plan, and the plan does not address conflicts between energy facility development and the resource, the applicant and the

county, together with any state or federal agency responsible for protecting the resource or habitat supporting the resource, will cooperatively develop a specific resource management plan to mitigate potential development conflicts. If there is no program present to protect the listed Goal 5 resource(s) present in the local comprehensive plan or implementing ordinances and the applicant and the appropriate resource management agency(ies) cannot successfully agree on a cooperative resource management plan, the county is responsible for determining appropriate mitigation measures; and

(F) If a proposed photovoltaic solar power generation facility is located on lands where, after site specific consultation with an Oregon Department of Fish and Wildlife biologist, it is determined that the potential exists for adverse effects to state or federal special status species (threatened, endangered, candidate, or sensitive) or habitat or to big game winter range or migration corridors, golden eagle or prairie falcon nest sites or pigeon springs, the applicant shall conduct a site-specific assessment of the subject property in consultation with all appropriate state, federal, and tribal wildlife management agencies. A professional biologist shall conduct the site-specific assessment by using methodologies accepted by the appropriate wildlife management agency and shall determine whether adverse effects to special status species or wildlife habitats are anticipated. Based on the results of the biologist's report, the site shall be designed to avoid adverse effects to state or federal special status species or to wildlife habitats as described above. If the applicant's site-specific assessment shows that adverse effects cannot be avoided, the applicant and the appropriate wildlife management agency will cooperatively develop an agreement for project-specific mitigation to offset the potential adverse effects of the facility. Where the applicant and the resource management agency cannot agree on what mitigation will be carried out, the county is responsible for determining appropriate mitigation, if any, required for the facility.

(G) The provisions of paragraph (F) are repealed on January 1, 2022.

(i) The county governing body or its designate shall require as a condition of approval for a photovoltaic solar power generation facility, that the project owner sign and record in the deed records for the county a document binding the project owner and the project owner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices as defined in ORS 30.930(2) and (4).

(j) Nothing in this section shall prevent a county from requiring a bond or other security from a developer or otherwise imposing on a developer the responsibility for retiring the photovoltaic solar power generation facility.

(k) If ORS 469.300(11)(a)(D) is amended, the commission may re-evaluate the acreage thresholds identified in subsections (f), (g) and (h) of this section.

(39) Dog training classes or testing trials conducted outdoors or in farm buildings that existed on January 1, 2013, when:

(a) The number of dogs participating in training does not exceed 10 per training class and the number of training classes to be held on-site does not exceed six per day; and

(b) The number of dogs participating in a testing trial does not exceed 60 and the number of testing trials to be conducted on-site does not exceed four per calendar year.

(40) A youth camp may be established on agricultural land under the requirements of this section. The purpose of this section is to allow for the establishment of youth camps that are generally self-contained and located on a lawfully established unit of land of suitable size and location to limit potential impacts on nearby land and to ensure compatibility with surrounding farm uses.

(a) Definitions: In addition to the definitions provided for this division in OAR 660-033-0020 and ORS 92.010, for purposes of this section the following definitions apply:

(A) “Low impact recreational facilities” means facilities that have a limited amount of permanent disturbance on the landscape and are likely to create no, or only minimal impacts on adjacent private lands. Low impact recreational facilities include, but are not limited to, open areas, ball fields, volleyball courts, soccer fields, archery or shooting ranges, hiking and biking trails, horseback riding areas, swimming pools and zip lines. Low impact recreational facilities are designed and developed in a manner consistent with the lawfully established unit of land’s natural environment.

(B) “Youth camp” means a facility that is either owned or leased, and is operated by a state or local government or a nonprofit corporation as defined under ORS 65.001 and is established for the purpose of providing an outdoor recreational and educational experience primarily for the benefit of persons 21 years of age and younger. Youth camps do not include a juvenile detention center or juvenile detention facility or similar use.

(C) “Youth camp participants” means persons directly involved with providing or receiving youth camp services, including but not limited to, campers, group leaders, volunteers or youth camp staff.

(b) Location: A youth camp may be located only on a lawfully established unit of land suitable to ensure an outdoor experience in a private setting without dependence on the characteristics of adjacent and nearby public and private land. In determining the suitability of a lawfully established unit of land for a youth camp the county shall consider its size, topography, geographic features and other characteristics, the proposed number of overnight participants and the type and number of proposed facilities. A youth camp may be located only on a lawfully established unit of land that is:

(A) At least 1,000 acres;

(B) In eastern Oregon;

(C) Composed predominantly of class VI, VII or VIII soils;

(D) Not within an irrigation district;

(E) Not within three miles of an urban growth boundary;

(F) Not in conjunction with an existing golf course;

(G) Suitable for the provision of protective buffers to separate the visual and audible aspects of youth camp activities from other nearby and adjacent lands and uses. Such buffers shall consist of natural vegetation, topographic or other natural features and shall be implemented through the requirement of setbacks from adjacent public and private lands, public roads, roads serving other ownerships and riparian areas. Setbacks from riparian areas shall be consistent with OAR 660-023-0090. Setbacks from adjacent public and private lands, public roads and roads serving other ownerships shall be 250 feet unless the county establishes on a case-by-case basis a different setback distance sufficient to:

(i) Prevent significant conflicts with commercial resource management practices;

(ii) Prevent a significant increase in safety hazards associated with vehicular traffic on public roads and roads serving other ownerships; and

(iii) Minimize conflicts with resource uses on nearby resource lands;

(H) At least 1320 feet from any other lawfully established unit of land containing a youth camp approved pursuant to this section; and

(I) Suitable to allow for youth camp development that will not interfere with the exercise of legally established water rights on nearby properties.

(c) Overnight Youth Camp Participants: The maximum number of overnight youth camp participants is 350 participants unless the county finds that a lower number of youth camp participants is necessary to avoid conflicts with surrounding uses based on consideration of the size, topography, geographic features and other characteristics of the lawfully established unit of land proposed for the youth camp. Notwithstanding the preceding sentence, a county may approve a youth camp for more than 350 overnight youth camp participants consistent with this subsection if resource lands not otherwise needed for the youth camp that are located in the same county or adjacent counties that are in addition to, or part of, the lawfully established unit of land approved for the youth camp are permanently protected by restrictive covenant as provided in subsection (d) and subject to the following provisions:

(A) For each 160 acres of agricultural lands predominantly composed of class I-V soils that are permanently protected from development, an additional 50 overnight youth camp participants may be allowed;

(B) For each 160 acres of wildlife habitat that is either included on an acknowledged inventory in the local comprehensive plan or identified with the assistance and support of Oregon Department of Fish and Wildlife, regardless of soil types and resource land designation that are permanently protected from development, an additional 50 overnight youth camp participants may be allowed;

(C) For each 160 acres of agricultural lands predominantly composed of class VI-VIII soils that are permanently protected from development, an additional 25 overnight youth camp participants may be allowed; or

(D) A youth camp may have 351 to 600 overnight youth camp participants when:

(i) The tract on which the youth camp will be located includes at least 1,920 acres; and

(ii) At least 920 acres is permanently protected from development. The county may require a larger area to be protected from development when it finds a larger area necessary to avoid conflicts with surrounding uses.

(E) Under no circumstances shall more than 600 overnight youth camp participants be allowed.

(d) The county shall require, as a condition of approval of an increased number of overnight youth camp participants authorized by paragraphs (c)(A), (B), (C) or (D) of this section requiring other lands to be permanently protected from development, that the land owner of the other lands to be protected sign and record in the deed records for the county or counties where such other lands are located a document that protects the lands as provided herein, which for purposes of this section shall be referred to as a restrictive covenant.

(A) A restrictive covenant shall be sufficient if it is in a form substantially the same as the form attached hereto as Exhibit B.

(B) The county condition of approval shall require that the land owner record a restrictive covenant under this subsection:

(i) Within 90 days of the final land use decision if there is no appeal, or

(ii) Within 90 days after an appellate judgment affirming the final land use decision on appeal.

(C) The restrictive covenant is irrevocable, unless a statement of release is signed by an authorized representative of the county or counties where the land subject to the restrictive covenant is located.

(D) Enforcement of the restrictive covenant may be undertaken by the department or by the county or counties where the land subject to the restrictive covenant is located.

(E) The failure to follow the requirements of this section shall not affect the validity of the transfer of property or the legal remedies available to the buyers of property that is subject to the restrictive covenant required by this subsection.

(F) The county planning director shall maintain a copy of the restrictive covenant filed in the county deed records pursuant to this section and a map or other record depicting the tracts, or portions of tracts, subject to the restrictive covenant filed in the county deed records pursuant to

this section. The map or other record required by this subsection shall be readily available to the public in the county planning office.

(e) In addition, the county may allow:

(A) Up to eight nights during the calendar year during which the number of overnight youth camp participants may exceed the total number of overnight youth camp participants allowed under subsection (c) of this section.

(B) Overnight stays at a youth camp for participants of adult programs that are intended primarily for individuals over 21 years of age, not including staff, for up to 30 days in any one calendar year.

(f) Facilities: A youth camp may provide only the facilities described in paragraphs (A) through (I) of this subsection:

(A) Low impact recreational facilities. Intensive developed facilities such as water parks and golf courses are not allowed;

(B) Cooking and eating facilities, provided they are within a building that accommodates youth camp activities but not in a building that includes sleeping quarters. Food services shall be limited to those provided in conjunction with the operation of the youth camp and shall be provided only for youth camp participants. The sale of individual meals may be offered only to family members or guardians of youth camp participants;

(C) Bathing and laundry facilities;

(D) Up to three camp activity buildings, not including a building for primary cooking and eating facilities.

(E) Sleeping quarters, including cabins, tents or other structures, for youth camp participants only, consistent with subsection (c) of this section. Sleeping quarters intended as overnight accommodations for persons not participating in activities allowed under this section or as individual rentals are not allowed. Sleeping quarters may include restroom facilities and, except for the caretaker's dwelling, may provide only one shower for every five beds. Sleeping quarters may not include kitchen facilities.

(F) Covered areas that are not fully enclosed for uses allowed in this section;

(G) Administrative, maintenance and storage buildings including permanent structures for administrative services, first aid, equipment and supply storage, and a gift shop available to youth camp participants but not open to the general public;

(H) An infirmary, which may provide sleeping quarters for medical care providers (e.g., a doctor, registered nurse, or emergency medical technician);

(I) A caretaker's residence, provided no other dwelling is on the lawfully established unit of land on which the youth camp is located.

(g) A campground as described in ORS 215.283(2)(c), OAR 660-033-0120, and section (19) of this rule may not be established in conjunction with a youth camp.

(h) Conditions of Approval: In approving a youth camp application, a county must include conditions of approval as necessary to achieve the requirements of this section.

(A) With the exception of trails, paths and ordinary farm and ranch practices not requiring land use approval, youth camp facilities shall be clustered on a single development envelope of no greater than 40 acres.

(B) A youth camp shall adhere to standards for the protection of archaeological objects, archaeological sites, burials, funerary objects, human remains, objects of cultural patrimony and sacred objects, as provided in ORS 97.740 to 97.750 and 358.905 to 358.961, as follows:

(i) If a particular area of the lawfully established unit of land proposed for the youth camp is proposed to be excavated, and if that area contains or is reasonably believed to contain resources protected by ORS 97.740 to 97.750 and 358.905 to 358.961, the application shall include evidence that there has been coordination among the appropriate Native American Tribe, the State Historic Preservation Office (SHPO) and a qualified archaeologist, as described in 390.235(6)(b).

(ii) The applicant shall obtain a permit required by ORS 390.235 before any excavation of an identified archeological site begins.

(iii) The applicant shall monitor construction during the ground disturbance phase(s) of development if such monitoring is recommended by SHPO or the appropriate Native American Tribe.

(C) A fire safety protection plan shall be adopted for each youth camp that includes the following:

(i) Fire prevention measures;

(ii) On site pre-suppression and suppression measures; and

(iii) The establishment and maintenance of fire-safe area(s) in which camp participants can gather in the event of a fire.

(D) A youth camp's on-site fire suppression capability shall at least include:

(i) A 1000 gallon mobile water supply that can reasonably serve all areas of the camp;

(ii) A 60 gallon-per-minute water pump and an adequate amount of hose and nozzles;

(iii) A sufficient number of firefighting hand tools; and

(iv) Trained personnel capable of operating all fire suppression equipment at the camp during designated periods of fire danger.

(v) An equivalent level of fire suppression facilities may be determined by the governing body or its designate. The equivalent capability shall be based on the response time of the effective wildfire suppression agencies.

(E) The county shall require, as a condition of approval of a youth camp, that the land owner of the youth camp sign and record in the deed records for the county a document binding the land owner, the operator of the youth camp if different from the owner, and the land owner's or operator's successors in interest, prohibiting:

(i) a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937;

(ii) future land divisions resulting in a lawfully established unit of land containing the youth camp that is smaller in size than required by the county for the original youth camp approval; and

(iii) development on the lawfully established unit of land that is not related to the youth camp and would require a land use decision as defined at ORS 197.015(10) unless the county's original approval of the camp is rescinded and the youth camp development is either removed or can remain, consistent with a county land use decision that is part of such rescission.

(F) Nothing in this rule relieves a county from complying with other requirements contained in the comprehensive plan or implementing land use regulations, such as the requirements addressing other resource values (e.g. resources identified in compliance with statewide planning Goal 5) that exist on agricultural lands.

(i) If a youth camp is proposed to be developed on lands that contain a Goal 5 resource protected under the county's comprehensive plan, and the plan does not address conflicts between youth camp development and the resource, the applicant and the county, together with any state or federal agency responsible for protecting the resource or habitat supporting the resource, will cooperatively develop a specific resource management plan to mitigate potential development conflicts consistent with OAR chapter 660, divisions 16 and 23. If there is no program to protect the listed Goal 5 resource(s) included in the local comprehensive plan or implementing ordinances and the applicant and the appropriate resource management agency cannot successfully agree on a cooperative resource management plan, the county is responsible for determining appropriate mitigation measures in compliance with OAR chapter 660, division 23; and

(ii) If a proposed youth camp is located on lands where, after site specific consultation with a district state biologist, the potential exists for adverse effects to state or federal special status species (threatened, endangered, candidate, or sensitive) or habitat, or to big game winter range

or migration corridors, golden eagle or prairie falcon nest sites, or pigeon springs), the applicant shall conduct a site-specific assessment of the land in consultation with all appropriate state, federal, and tribal wildlife management agencies. A professional biologist shall conduct the site-specific assessment by using methodologies accepted by the appropriate wildlife management agency and shall determine whether adverse effects to special status species or wildlife habitats are anticipated. Based on the results of the biologist's report, the site shall be designed to avoid adverse effects to state or federal special status species or to wildlife habitats as described above. If the applicant's site-specific assessment shows that adverse effects cannot be avoided, the applicant and the appropriate wildlife management agency will cooperatively develop an agreement for project-specific mitigation to offset the potential adverse effects of the youth camp facility. Where the applicant and the resource management agency cannot agree on what mitigation will be carried out, the county is responsible for determining appropriate mitigation, if any, required for the youth camp facility.

(iii) The commission shall consider the repeal of the provisions of subparagraph (ii) on or before January 1, 2022.

(i) Extension of Sewer to a Youth Camp. A Goal 11 exception to authorize the extension of a sewer system to serve a youth camp shall be taken pursuant to ORS 197.732(1)(c), Goal 2, and this section. The exceptions standards in OAR chapter 660, division 4 and OAR chapter 660, division 11 shall not apply. Exceptions adopted pursuant to this section shall be deemed to fulfill the requirements for goal exceptions under ORS 197.732(1)(c) and Goal 2.

(A) A Goal 11 exception shall determine the general location for the proposed sewer extension and shall require that necessary infrastructure be no larger than necessary to accommodate the proposed youth camp.

(B) To address Goal 2, Part II(c)(1), the exception shall provide reasons justifying why the state policy in the applicable goals should not apply. Goal 2, Part II(c)(1) shall be found to be satisfied if the proposed sewer extension will serve a youth camp proposed for up to 600 youth camp participants.

(C) To address Goal 2, Part II(c)(2), the exception shall demonstrate that areas which do not require a new exception cannot reasonably accommodate the proposed sewer extension. Goal 2, Part II(c)(2) shall be found to be satisfied if the sewer system to be extended was in existence as of January 1, 1990 and is located outside of an urban growth boundary on lands for which an exception to Goal 3 has been taken.

(D) To address Goal 2, Part II(c)(3), the exception shall demonstrate that the long term environmental, economic, social, and energy consequences resulting from the proposed extension of sewer with measures to reduce the effect of adverse impacts are not significantly more adverse than would typically result from the same proposal being located in areas requiring a goal exception other than the lawfully established unit of land proposed for the youth camp. Goal 2, Part II(c)(3) shall be found to be satisfied if the proposed sewer extension will serve a youth camp located on a tract of at least 1,000 acres.

(E) To address Goal 2, Part II(c)(4), the exception shall demonstrate that the proposed sewer extension is compatible with other adjacent uses or will be so rendered through measures designed to reduce adverse impacts. Goal 2, Part II(c)(4) shall be found to be satisfied if the proposed sewer extension for a youth camp is conditioned to comply with section (5) of this rule.

(F) An exception taken pursuant to this section does not authorize extension of sewer beyond what is justified in the exception.

(j) Applicability: The provisions of this section shall apply directly to any land use decision pursuant to ORS 197.646 and 215.427(3). A county may adopt provisions in its comprehensive plan or land use regulations that establish standards and criteria in addition to those set forth in this section, or that are necessary to ensure compliance with any standards or criteria in this section.

Dwellings in Conjunction with Farm Use

(1) On land not identified as high-value farmland pursuant to OAR 660-033-0020(8), a dwelling may be considered customarily provided in conjunction with farm use if:

(a) The parcel on which the dwelling will be located is at least:

(A) 160 acres and not designated rangeland; or

(B) 320 acres and designated rangeland; or

(C) As large as the minimum parcel size if located in a zoning district with an acknowledged minimum parcel size larger than indicated in paragraph (A) or (B) of this subsection.

(b) The subject tract is currently employed for farm use, as defined in ORS 215.203.

(c) The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the ~~[land]~~ **subject tract**, such as planting, harvesting, marketing or caring for livestock, at a commercial scale.

(d) Except ~~[as permitted in ORS 215.213(1)(r) and 215.283(1)(p)(1999 Edition)]~~ **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on the subject tract.

(2)(a) If a county prepares the potential gross sales figures pursuant to subsection (c) of this section, the county may determine that on land not identified as high-value farmland pursuant to OAR 660-033-0020(8), a dwelling may be considered customarily provided in conjunction with farm use if:

(A) The subject tract is at least as large as the median size of those commercial farm or ranch tracts capable of generating at least \$10,000 in annual gross sales that are located within a study area that includes all tracts wholly or partially within one mile from the perimeter of the subject tract;

(B) The subject tract is capable of producing at least the median level of annual gross sales of county indicator crops as the same commercial farm or ranch tracts used to calculate the tract size in paragraph (A) of this subsection;

(C) The subject tract is currently employed for a farm use, as defined in ORS 215.203, at a level capable of producing the annual gross sales required in paragraph (B) of this subsection;

(D) The subject lot or parcel on which the dwelling is proposed is not less than 10 acres in western Oregon or 20 acres in eastern Oregon;

(E) Except [~~as permitted in ORS 215.213(1)(r) and 215.283(1)(p) (1999 Edition)~~] **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on the subject tract;

(F) The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the [~~land~~ **subject tract**, such as planting, harvesting, marketing or caring for livestock, at a commercial scale; and

(G) If no farm use has been established at the time of application, land use approval shall be subject to a condition that no building permit may be issued prior to the establishment of the farm use required by paragraph (C) of this subsection.

(H) In determining the gross sales capability required by paragraph (C):

(i) The actual or potential cost of purchased livestock shall be deducted from the total gross sales attributed to the farm or ranch tract;

(ii) Only actual or potential gross sales from land owned, not leased or rented, shall be counted; and

(iii) Actual or potential gross farm sales earned from a lot or parcel that has been used previously to qualify another lot or parcel for the construction or siting of a primary farm dwelling may not be used.

(b) In order to identify the commercial farm or ranch tracts to be used in paragraph (2)(a)(A) of this rule, the gross sales capability of each tract in the study area, including the subject tract,

must be determined, using the gross sales figures prepared by the county pursuant to subsection (2)(c) of this section as follows:

(A) Identify the study area. This includes all the land in the tracts wholly or partially within one mile of the perimeter of the subject tract;

(B) Determine for each tract in the study area the number of acres in every land classification from the county assessor's data;

(C) Determine the potential earning capability for each tract by multiplying the number of acres in each land class by the gross sales per acre for each land class provided by the commission pursuant to subsection (2)(c) of this section. Add these to obtain the potential earning capability for each tract;

(D) Identify those tracts capable of grossing at least \$10,000 based on the data generated in paragraph (C) of this subsection; and

(E) Determine the median size and median gross sales capability for those tracts capable of generating at least \$10,000 in annual gross sales to use in paragraphs (2)(a)(A) and (B) of this subsection.

(c) In order to review a farm dwelling pursuant to subsection (2)(a) of this section, a county may prepare, subject to review by the director **of the Department of Land Conservation and Development**, a table of the estimated potential gross sales per acre for each assessor land class (irrigated and nonirrigated) required in subsection (2)(b) of this section. The director shall provide assistance and guidance to a county in the preparation of this table. The table shall be prepared as follows:

(A) Determine up to three indicator crop types with the highest harvested acreage for irrigated and for nonirrigated lands in the county using the most recent OSU Extension Service Commodity Data Sheets, Report No. 790, "Oregon County and State Agricultural Estimates," or other USDA/Extension Service documentation;

(B) Determine the combined weighted average of the gross sales per acre for the three indicator crop types for irrigated and for nonirrigated lands, as follows:

(i) Determine the gross sales per acre for each indicator crop type for the previous five years (i.e., divide each crop type's gross annual sales by the harvested acres for each crop type);

(ii) Determine the average gross sales per acre for each crop type for three years, discarding the highest and lowest sales per acre amounts during the five-year period;

(iii) Determine the percentage each indicator crop's harvested acreage is of the total combined harvested acres for the three indicator crop types **for the five year period**;

(iv) Multiply the combined sales per acre for each crop type identified under subparagraph (ii) of this paragraph by its percentage of harvested acres to determine a weighted sales per acre amount for each indicator crop; and

(v) Add the weighted sales per acre amounts for each indicator crop type identified in subparagraph (iv) of this paragraph. The result provides the combined weighted gross sales per acre.

(C) Determine the average land rent value for irrigated and nonirrigated land classes in the county's exclusive farm use zones according to the annual "income approach" report prepared by the county assessor pursuant to ORS 308A.092; and

(D) Determine the percentage of the average land rent value for each specific land rent for each land classification determined in paragraph (C) of this subsection. Adjust the combined weighted sales per acre amount identified in subparagraph (B)(v) of this subsection using the percentage of average land rent (i.e., multiply the weighted average determined in subparagraph (B)(v) of this subsection by the percent of average land rent value from paragraph (C) of this subsection). The result provides the estimated potential gross sales per acre for each assessor land class that will be provided to each county to be used as explained under paragraph (2)(b)(C) of this section.

(3) On land not identified as high-value farmland, a dwelling may be considered customarily provided in conjunction with farm use if:

(a) The subject tract is currently employed for the farm use, as defined in ORS 215.203, on which, in each of the last two years or three of the last five years, or in an average of three of the last five years, the farm operator earned the lower of the following:

(A) At least \$40,000 in gross annual income from the sale of farm products; or

(B) Gross annual income of at least the midpoint of the median income range of gross annual sales for farms in the county with gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon; and

(b) Except ~~[as permitted in ORS 215.213(1)(r) and 215.283(1)(p) (1999 Edition)]~~ **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on lands designated for exclusive farm use pursuant to ORS ~~[Chapter]~~ **chapter** 215 or for mixed farm/forest use pursuant to OAR 660-006-0057 owned by the farm or ranch operator or on the farm or ranch operation;

(c) The dwelling will be occupied by a person or persons who produced the commodities that grossed the income in subsection (a) of this section; and

(d) In determining the gross income required by subsection (a) of this section:

(A) The cost of purchased livestock shall be deducted from the total gross income attributed to the farm or ranch operation;

(B) Only gross income from land owned, not leased or rented, shall be counted; and

(C) Gross farm income earned from a lot or parcel that has been used previously to qualify another lot or parcel for the construction or siting of a primary farm dwelling may not be used.

(4) On land identified as high-value farmland, a dwelling may be considered customarily provided in conjunction with farm use if:

(a) The subject tract is currently employed for the farm use, as defined in ORS 215.203, on which the farm operator earned at least \$80,000 in gross annual income from the sale of farm products in each of the last two years or three of the last five years, or in an average of three of the last five years; and

(b) Except ~~[as permitted in ORS 215.213(1)(r) and 215.283(1)(p) (1999 Edition)]~~ **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on lands designated for exclusive farm use pursuant to ORS ~~[Chapter]~~ **chapter** 215 or for mixed farm/forest use pursuant to OAR 660-006-0057 owned by the farm or ranch operator or on the farm or ranch operation; and

(c) The dwelling will be occupied by a person or persons who produced the commodities that grossed the income in subsection (a) of this section;

(d) In determining the gross income required by subsection (a) of this section;

(A) The cost of purchased livestock shall be deducted from the total gross income attributed to the farm or ranch operation;

(B) Only gross income from land owned, not leased or rented, shall be counted; and

(C) Gross farm income earned from a lot or parcel that has been used previously to qualify another lot or parcel for the construction or siting of a primary farm dwelling may not be used.

(5)(a) For the purpose of sections (3) or (4) of this rule, noncontiguous lots or parcels zoned for farm use in the same county or contiguous counties may be used to meet the gross income requirements. Except for Hood River and Wasco counties and Jackson and Klamath counties, when a farm or ranch operation has lots or parcels in both "western" and "eastern" Oregon as defined by this division, lots or parcels in eastern or western Oregon may not be used to qualify a dwelling in the other part of the state.

(b) Prior to the final approval for a dwelling authorized by sections (3) and (4) of this rule that requires one or more contiguous or non contiguous lots or parcels of a farm or ranch operation to comply with the gross farm income requirements, the applicant shall provide evidence that the covenants, conditions and restrictions form adopted as "Exhibit A" has been recorded with the county clerk of the county or counties where the property subject to the covenants, conditions and restrictions is located. The covenants, conditions and restrictions shall be recorded for each lot or parcel subject to the application for the primary farm dwelling and shall preclude:

(A) All future rights to construct a dwelling except for accessory farm dwellings, relative farm assistance dwellings, temporary hardship dwellings or replacement dwellings allowed by ORS [~~Chapter~~] **chapter** 215; and

(B) The use of any gross farm income earned on the lots or parcels to qualify another lot or parcel for a primary farm dwelling.

(c) The covenants, conditions and restrictions are irrevocable, unless a statement of release is signed by an authorized representative of the county or counties where the property subject to the covenants, conditions and restrictions is located;

(d) Enforcement of the covenants, conditions and restrictions may be undertaken by the department or by the county or counties where the property subject to the covenants, conditions and restrictions is located;

(e) The failure to follow the requirements of this section shall not affect the validity of the transfer of property or the legal remedies available to the buyers of property that is subject to the covenants, conditions and restrictions required by this section;

(f) The county planning director shall maintain a copy of the covenants, conditions and restrictions filed in the county deed records pursuant to this section and a map or other record depicting the lots and parcels subject to the covenants, conditions and restrictions filed in the county deed records pursuant to this section. The map or other record required by this subsection shall be readily available to the public in the county planning office.

(6) In counties that have adopted marginal lands provisions under former ORS 197.247 (1991 Edition) before January 1, 1993, a dwelling may be considered customarily provided in conjunction with farm use if it is not on a lot or parcel identified as high-value farmland and it meets the standards and requirements of **ORS** 215.213(2)(a) or (b).

(7) A dwelling may be considered customarily provided in conjunction with a commercial dairy farm as defined by OAR 660-033-0135(8) if:

(a) The subject tract will be employed as a commercial dairy as defined by OAR 660-033-0135(8);

(b) The dwelling is sited on the same lot or parcel as the buildings required by the commercial dairy;

(c) Except [~~as permitted by ORS 215.213(r) and 215.283(1)(p) (1999 Edition)~~] **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on the subject tract;

(d) The dwelling will be occupied by a person or persons who will be principally engaged in the operation of the commercial dairy farm, such as the feeding, milking or pasturing of the dairy animals or other farm use activities necessary to the operation of the commercial dairy farm;

(e) The building permits, if required, have been issued for and construction has begun for the buildings and animal waste facilities required for a commercial dairy farm; and

(f) The Oregon Department of Agriculture has approved the following:

(A) A permit for a "confined animal feeding operation" under ORS 468B.050 and 468B.200 to 468B.230; and

(B) A Producer License for the sale of dairy products under ORS 621.072.

(8) As used in this division, the following definitions apply:

(a) "Commercial dairy farm" is a dairy operation that owns a sufficient number of producing dairy animals capable of earning the gross annual income required by OAR 660-033-0135(3)(a) or (4)(a), whichever is applicable, from the sale of fluid milk; and

(b) "Farm or ranch operation" means all lots or parcels of land in the same ownership that are used by the farm or ranch operator for farm use as defined in ORS 215.203.

(9) A dwelling may be considered customarily provided in conjunction with farm use if:

(a) Within the previous two years, the applicant owned and operated a different farm or ranch operation that earned the gross farm income in each of the last five years or four of the last seven years as required by OAR 660-033-0135(3) or (4) of this rule, whichever is applicable;

(b) The subject lot or parcel on which the dwelling will be located is:

(A) Currently employed for the farm use, as defined in ORS 215.203, that produced in each of the last two years or three of the last five years, or in an average of three of the last five years the gross farm income required by OAR 660-033-0135(3) or (4) of this rule, whichever is applicable; and

(B) At least the size of the applicable minimum lot size under OAR 215.780;

(c) Except [~~as permitted in ORS 215.213(1)(r) and 215.283(1)(p) (1999 Edition)~~] **for seasonal farmworker housing approved prior to 2001**, there is no other dwelling on the subject tract;

(d) The dwelling will be occupied by a person or persons who produced the commodities that grossed the income in subsection (a) of this section; and

(e) In determining the gross income required by subsections (a) and (b)(A) of this section:

(A) The cost of purchased livestock shall be deducted from the total gross income attributed to the tract; and

(B) Only gross income from land owned, not leased or rented, shall be counted.

(10) Farming of a marijuana crop, and the gross sales derived from selling a marijuana crop, may not be used to demonstrate compliance with the approval criteria for a primary farm dwelling.

**Land Conservation and Development
Department**

**Oregon Administrative
Rules**

**Chapter 660, Division 033, Rule 0120,
Table**

Uses Authorized on Agricultural Lands

OAR 660-033-0120 The specific development and uses listed in the following table are allowed in the areas that qualify for the designation pursuant to this division. All uses are subject to the general provisions, special conditions, additional restrictions and exceptions set forth in this division. The abbreviations used within the table shall have the following meanings:

A Use is allowed. Authorization of some uses may require notice and the opportunity for a hearing because the authorization qualifies as a land use decision pursuant to ORS chapter 197. Minimum standards for uses in the table that include a numerical reference are specified in

OAR 660-033-0130 and 660-033-0135. Counties may prescribe additional limitations and requirements to meet local concerns only to the extent authorized by law.

R Use may be allowed, after required review. The use requires notice and the opportunity for a hearing. Minimum standards for uses in the table that include a numerical reference are specified in OAR 660-033-0130. Counties may prescribe additional limitations and requirements to meet local concerns.

***** Use not allowed.

Numerical references for specific uses shown on the table refer to the corresponding section of OAR 660-033-0130. Where no numerical reference is noted for a use on the table, this rule does not establish criteria for the use.

<u>HV</u> <u>Farmland</u>	<u>All</u> <u>Other</u>	<u>USES</u>
		Farm/Forest Resource
A	A	Farm use as defined in ORS 215.203.
A	A	Other buildings customarily provided in conjunction with farm use.

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
A	A	Propagation or harvesting of a forest product.
R5,6	R5,6	A facility for the primary processing of forest products.
R28	R28	A facility for the processing of farm crops or the production of biofuel as defined in ORS 315.141 or an establishment for the slaughter or processing of poultry pursuant to ORS 603.038.
Natural Resource		
A	A	Creation of, restoration of, or enhancement of wetlands.
R5,27	R5,27	The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species.
Residential		
A1,30	A1,30	Dwelling customarily provided in conjunction with farm use <u>as provided in OAR 660-033-0135.</u>
R9,30	R9,30	A <u>relative farm help</u> dwelling [on property used for farm use located on the same lot or parcel as the dwelling of the farm operator, and occupied by a relative of the farm operator or farm operator's spouse, which means grandparent, step-grandparent, grandchild, parent, step-parent, child, brother, sister, sibling, step-sibling, niece, nephew, or first cousin of either, if the farm operator does, or will, require the assistance of the relative in the management of the farm use].
A24,30	A24,30	Accessory Farm Dwellings for year-round and seasonal farm workers.
A3,30	A3,30	One single-family dwelling on a lawfully created lot or parcel.
R5,10,30	R5,10,30	One manufactured dwelling, or recreational vehicle, or the temporary residential use of an existing building in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident.
R4,30	R4,30	Single-family residential dwelling, not provided in conjunction with farm use.
R5,30	R5,30	Residential home [or facility] as defined in ORS 197.660, in existing dwellings.
R5,30	R5,30	Room and board arrangements for a maximum of five unrelated persons in existing residences.
R12,30	R12,30	Replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
A8,30	A8,30	Alteration, restoration, or replacement of a lawfully established dwelling.
Commercial Uses		
R5	R5	Commercial activities in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203(2)(b)(L) or ORS 215.213(1)(u) and 215.283(1)(r), <u>but excluding activities in conjunction with a marijuana crop.</u>
R5,14	R5,14	Home occupations as provided in ORS 215.448.
A39	A39	Dog training classes or testing trials.
R5	R5	Commercial dog boarding kennels or dog training classes or testing trials that cannot be established under ORS 215.213(1)(z) or 215.283(1)(x).
R5,35	R5,35	An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possess a wholesaler's permit to sell or provide fireworks.
*18(a)	R5	Destination resort which is approved consistent with the requirements of Goal 8.
A	A	A winery as described in ORS 215.452 or 215.453, and 215.237.
R5	R5	A restaurant in conjunction with a winery as described in ORS 215.453 that is open to the public for more than 25 days in a calendar year or the provision of private events in conjunction with a winery as described in ORS 215.453 that occur on more than 25 days in a calendar year.
R or R5	R or R5	Agri-tourism and other commercial events or activities that are related to and supportive of agriculture, as described in ORS 215.213(11) or 215.283(4).
A23	A23	Farm stands.
R5	R5	A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.
R	R	Guest ranch in eastern Oregon as provided in chapter 84 Oregon Laws 2010.
A	A	Log truck parking as provided in ORS 215.311.

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
Mineral, Aggregate, Oil, and Gas Uses		
A	A	Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead.
A	A	Operations for the exploration for minerals as defined by ORS 517.750.
R5	R5	Operations conducted for mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005 not otherwise permitted under this rule.
R5	R5	Operations conducted for mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298.
R5,15	R5,15	Processing as defined by ORS 517.750 of aggregate into asphalt or portland cement.
R5	R5	Processing of other mineral resources and other subsurface resources.
Transportation		
R5,7	R5,7	Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities.
A	A	Climbing and passing lanes within the right of way existing as of July 1, 1987.
R5	R5	Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.
A	A	Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way but not resulting in the creation of new land parcels.
R5	R5	Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.
A	A	Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
A	A	Minor betterment of existing public road and highway related facilities such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous public- owned property utilized to support the operation and maintenance of public roads and highways.
R5	R5	Improvement of public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.
R13	R13	Roads, highways and other transportation facilities, and improvements not otherwise allowed under this rule.
R	R	Transportation improvements on rural lands allowed by OAR 660-012-0065
Utility/Solid Waste Disposal Facilities		
R,16(a) or (b)	R,16(a) or (b)	Utility facilities necessary for public service, including associated transmission lines as defined in ORS 469.300 and wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet high.
R5	R5	Transmission towers over 200 feet in height.
A	A	Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.
A32	A32	Utility facility service lines.
R5,17	R5,22	Commercial utility facilities for the purpose of generating power for public use by sale, not including wind power generation facilities or photovoltaic solar power generation facilities.
R5,37	R5,37	Wind power generation facilities as commercial utility facilities for the purpose of generating power for public use by sale.
R5,38	R5,38	Photovoltaic solar power generation facilities as commercial utility facilities for the purpose of generating power for public use by sale.
*18(a)	R5	A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
*18(a), 29(a)	A or R5,29(b)	Composting facilities on farms or for which a permit has been granted by the Department of Environmental Quality under ORS 459.245 and OAR 340-093-0050 and 340-096-0060.
Parks/Public/Quasi-Public		
18	R5,40	Youth camps in Eastern Oregon on land that is composed predominantly of class VI, VII or VIII soils.
2,*18(a) or R2,18(b-c)	R2,5, 18(b-c)	Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.
2,*18(a)	R2	Churches and cemeteries in conjunction with churches consistent with ORS 215.441.
2,*18(a)	R2,5,19	Private parks, playgrounds, hunting and fishing preserves, and campgrounds.
R2,5,31	R2,5,31	Public parks and playgrounds. A public park may be established consistent with the provisions of ORS 195.120.
A	A	Fire service facilities providing rural fire protection services.
R2,5,36	R2,5,36	Community centers owned by a governmental agency or a nonprofit organization and operated primarily by and for residents of the local rural community.
R2,*18(a)	R2,5,20	Golf courses on land determined not to be high-value farmland as defined in ORS 195.300.
R2,5,21	R2,5,21	Living history museum
R2	R2	Firearms training facility as provided in ORS 197.770.
R2,25	R2,25	Armed forces reserve center as provided for in ORS 215.213(1)(s).
A	A	Onsite filming and activities accessory to onsite filming for 45 days or less as provided for in ORS 215.306.
R5	R5	Onsite filing and activities accessory to onsite filming for more than 45 days as provided for in ORS 215.306.
A26	A26	A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary
R5	R5	Expansion of existing county fairgrounds and activities directly relating to county fairgrounds governed by county fair boards established pursuant to ORS 565.210.
R5	R5	Operations for the extraction of bottling water.
A11	A11	Land application of reclaimed water, agricultural or industrial process water or biosolids.

<u>HV Farmland</u>	<u>All Other</u>	<u>USES</u>
R5	R5	A county law enforcement facility that lawfully existed on August 20, 2002, and is used to provide rural law enforcement services primarily in rural areas, including parole and post-prison supervision, but not including a correctional facility as defined under ORS 162.135 as provided for in ORS 215.283(1).
		Outdoor Gatherings
A33	A33	An outdoor mass gathering or other gathering described in ORS 197.015(10)(d).
R34	R34	Any outdoor gathering subject to review of a county planning commission under ORS 433.763.
