UNDERSTANDING THE NEUROBIOLOGY OF TRAUMA:

IMPROVING YOUR CASE *AND* A VICTIM'S EXPERIENCE WITH THE CRIMINAL JUSTICE SYSTEM

- This one-day training will include a fascinating and easy-to-understand presentation on the science of trauma by nationally acclaimed presenter, **Dr. Christopher Wilson**.
- The training will significantly improve our consideration of the (often misunderstood) reactions and behaviors of sexual and domestic violence victims.
- Attendees will also learn about the ground-breaking trauma-informed interviewing technique, **FETI©** (Forensic Experiential Trauma Interview).
- **The training will be fast-paced and interactive!**

**This is a must-see presentation, even for those who have
previously attended a Neurobiology of Trauma session!**

REGISTRATION MATERIALS WILL BE SENT OUT ON **JUNE 20, 2016**
