1. Log in to NFR-CRS - https://data.ncfrp.org/.
2. Click on Manage Cases in the left menu bar. In the Manage Cases Section, click "Create Cases From Import" on the top.

3. Enter the date of death, first name, and last name from the list provided, then press "Search cases."
   - The search fields are not case sensitive (VonTrapp is the same as Vontrapp).
   - The search will not match if spaces are inserted or omitted (Von Trapp is not the same as VonTrapp).

Create New Case From Import

Last Name ▲	First Name	Death Cert #	Birth Cert #	Death Date	Manner of Death	Actions	Status
Last Child 1	First Child 1	DC12345	BC12345	1-1-2001		Create	New

Search Imports:

Date of Death   01/01/2001

First Name   First Child 1

Last Name   Last Child 1

Please note: Only new cases that have not previously been created will appear on this list. To find a created case, click "Manage Cases" and search for the case in the "Search Cases" field.
