

Emergency Management GIS Interest Group Annual Report Survey

Mar 31, 2026

Thank you for taking the time to fill out this feedback survey on how GIS is implemented within Emergency Management Oregon. The results of this survey will be utilized in an annual GIS report as well as build content for future EMGIC dates to OEM's GIS strategy. This survey consists of 10 questions and should take approximately 20 minutes to complete.

* Required

Barriers and Challenges

Questions 1 and 2 ask for information about barriers and challenges your GIS program has faced in emergency management.

1. What barriers has your agency encountered when trying to use GIS for emergency management (e.g., staffing, training, data, access, software limitations, coordination)? Please explain. *

2. Thinking about the challenges or limitations you described in the previous question, what changes would you make next time in how GIS is used for emergency management (e.g., planning, data, staffing, coordination, training, or tools)? *

Successes

Questions 3, 4 and 5 ask for information about successes your GIS program has had in emergency management.

3. What successes has your agency experienced using GIS for emergency management? If possible, describe the situation, how GIS was used, and the outcome or benefit. *

4. To what extent are you currently able to use GIS to support your agency's emergency response and recovery efforts? *

	Not at all	To a small extent	To a moderate extent	To a great extent	To a very great extent	Does not apply
Please indicate your choice	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. Please explain your previous answer. What helps or limits your ability to support response and recovery using GIS?

GIS Connectivity and Involvement

Questions 6, 7, and 8 ask for information about the degree to which your GIS program is connected to, and involved in, emergency management.

6. How connected is your GIS program to your agency's emergency management response and recovery efforts? *

	Not connected at all	Slightly connected	Moderately connected	Greatly connected	Very greatly connected	Does not apply
Please indicate your choice	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

7. Please explain your previous answer. What helps or limits your GIS program's ability to be connected to your agency's emergency management response and recovery efforts?

8. Of the last three **exercises or real-world events** your agency has conducted or dealt with, how many of them did your GIS program participate in? *

- 0
- 1
- 2
- 3

Name and Agency

Lastly, questions 9 and 10 ask you to share your name and agency affiliation.

9. Please share your name (optional)

10. Please share your agency name. *
