Break-out Session

Brainstorm a list of strategies to engage individuals who are at risk of losing benefits due to SNAP time-limits (Able Bodied Adults Without Dependents – ABAWD)

- Please use the prompt to help start your conversations. We want this time to be most useful to you, so if the question leads you toward a different discussion, that's ok!
- There will be an ODHS representative in each room to take notes and assist with the report out (if needed)
- We will return at 2:45 to report out on the discussion
