

Webinar: The Open Data Coordinator

ENTERPRISE
information services

Policy Area Spotlight: Health and Human Services

April 16, 2021

10am PST

About this webinar:

The second webinar in the Open Data Webinar Series will dive into the expectations for agency open data coordinators, identify resources to support the data coordinator, and discuss the role of the data coordinator in championing agency open data.

The second half of this presentation will be a policy area spotlight highlighting open data use cases in the area of Health and Human Services.

This webinar is open to all who have an interest in open data or want to learn more about Oregon's Open Data Program.

Registration:

[Register using the online form linked here](#)

Registrants will have an event invite forwarded to their inbox within 2 business days of registering. The webinar will be recorded and made available after the event.
