

Intermountain GIS
2021 Conference
Transformations
May 17-20, 2021
Virtual Conference
(Platform provided by Whova)

Call for Presentations

The Northern Rockies Chapter URISA invites you to submit a presentation abstract for the 2021 Intermountain GIS Conference. Presentations are a great way to share your work and results with other professionals and students in the field. Please submit an abstract of 250 words or less by April 30, 2021. Presentations will take place starting Wednesday, May 19th. The virtual platform being used for the 2021 conference is Whova. For reliability and consistency, we will require you to upload your video presentation to a cloud platform such as YouTube and provide us with a link.
