

ENVS 499Q: Topics in GIS

ArcGIS App Development with Arcade

Dates: July 11-12, 2026

Time: 9:00 AM - 2:50 PM

Instructor: Emily Bradford, M.A.

This one-credit seminar provides an introduction to developing interactive web apps using Arcade. Arcade is a programming language created to interface with ArcGIS, including ArcGIS Pro and ArcGIS Online. Students will complete in-class activities and create ArcGIS Dashboards as a final project.

Prerequisites: ENVS 320. No prior experience with ArcGIS Online or Arcade is required! Open to enrollment for all community members.
