What's Included in ArcGIS 10.3 Prerelease

- **ArcGIS Desktop**

- All extensions included with the exception of Business Analyst, Roads and Highways and Full Motion Video

- **ArcGIS Server**

- All extensions included with the exception of Business Analyst, Roads and Highways and ArcGIS for Inspire

- **ArcGIS Pro**

- The following extensions will be included: Network Analyst, 3D Analyst, Data Reviewer, Geostatistical Analyst, Workflow Manager and Spatial Analyst

- **ArcGIS Engine**

- **Esri Developer Network (EDN)**

- **Amazon Machine Image (AMIs)**

ArcGIS 10.3 Prerelease Licensing

- **ArcGIS Desktop and Server**

- Prelease will use licenses from the customer's production license pool
- Temporary authorization numbers will be available on a request basis for any customer that cannot use production licenses to evaluate prerelease

ArcGIS Pro Prerelease – Licensing

- **ArcGIS Pro**

- ArcGIS Pro will be issued based on the customers' actual Desktop licenses current in maintenance
- ArcGIS Pro Beta 5 allowed access to Desktop Advanced and all extensions
- ArcGIS Pro licenses assigned at Beta 5 that do not match the final entitlements will need to be reassigned before using ArcGIS 10.3 Pro Prerelease

ArcGIS Pro Prerelease – Licensing - Continued

- **Enterprise License Agreements (ELAs)**
 - Entitlements are based on the number of Desktop licenses currently activated
 - A report will be provided with quantity of ArcGIS Pro entitlements added to each ELA customer

ArcGIS for Portal 10.3 Prerelease Licensing

- **Portal for ArcGIS is Licensed by Named User**
- **Named Users will be Issued as a Server Entitlement at 10.3 Prerelease**
 - Portal for ArcGIS can be licensed for use with ArcGIS for Server Advanced or Standard (Enterprise or Workgroup)
- **Named Users for ArcGIS for Portal will not be available to EDN Subscriptions**

Understanding our world.
