**GPL Discussion – November 14, 2017**
2018 Training Needs Exercise (15 min)

1. **What are some of the common training needs shared by participating agencies at GPL?**

2. **In what areas can we do our own shared lessons learned debriefs on new technologies or project outcomes? [ ] Collector, [ ] Enterprise, [ ] Pro…**

3. **What topics and depth would we like to ask ESRI to present material to this particular group? [ ] Collector, [ ] Enterprise, [ ] Pro…**

4. **What other collaborative workshop or joint ESRI classroom type trainings hold interest for us in the coming year? [   ] ESRI instructor-led classroom, [ ] ½ day or 1 day workshops for areas of focal interest…**

5. **Would a written survey be beneficial for developing a more in depth profile of our current shared training needs? [   ] ESRI training needs assessment, [ ] Ad-hoc Survey Monkey…**

6. **Is there interest in performing a GIS Capability Maturity Model exchange together in 2018. This would be in part to better understand our shared collaborative strengths and identify best opportunities in joining efforts?**
