Situational Status

On September 8, 2022, the Oregon Office of Emergency Management (OEM) Emergency Coordination Center (ECC) activated to monitor wildfires and public safety power shutoffs, and facilitate information sharing and resource coordination. Evacuation orders are in place for six wildfires. Multiple state agencies and emergency management partners are supporting firefighting and response needs. Resources from two states are providing support through the Emergency Management Assistance Compact (EMAC).

Lead Agencies

Statewide Coordination Oregon Department of Emergency Management	Energy – Electric Oregon Public Utility Commission
Firefighting Oregon Office of the State Fire Marshal Oregon Department of Forestry	Mass Care Oregon Department of Human Services
	Animal Sheltering Oregon Department of Agriculture

Equity & Inclusion

- Collaborate with local, tribal, and state partners to identify and address barriers experienced by the nine federally recognized Tribes of Oregon, Black and Brown Communities, economically disadvantaged families, people with disabilities, older adults, rural communities, people without housing, people with limited English proficiency, and other historically underrepresented and underserved communities
- Ensure capacity to issue notices and life-safety messaging in multiple languages

Wildfire Impacts on Critical Infrastructure

Event Name	Communications	Energy	Transportation	Water	Other Sectors	Total
Cedar Creek Fire	3	2	3	2	6	16
Double Creek Fire	0	0	0	0	0	0
Milo McIver Fire	0	3	3	0	7	13

Wildfire impacts derived from data from Oregon Titan Fusion Center Special Events and Domestic Incidents Tracker (SEDIT) analysis. Data current as of 1400 on 9/11/2022.

Concerns

- Availability of resources regionally and nationally to fill resource requests
- Access to equitable information for all populations

Oregon Wildfire Activation (OERS #2022-1997)

COMMON OPERATING PICTURE

Produced by the Emergency Coordination Center in Salem, OR

September 11, 2022
(Updated each operational period)

ESF-1 ODOT

- Coordinate evacuation.

ESF-2 Communications

- Manage communication impacts.

ESF-4 Firefighting

- Wildfire suppression support.
- Conduct structural damage assessments.

ESF-6 Mass Care

- Support evacuation shelter operation needs.
- Coordination with food and feeding programs for evacuee support.

ESF-11 Agriculture

- Coordinate needs for domestic and livestock sheltering.
- Monitor impacts to livestock operations and feed availability.

ESF-12 Energy

- Monitor for impacts and potential threats to energy/power/gas infrastructure.
- Mitigate service interruptions and plan for restoration.

ESF-15 Public Information

- Monitor and provide information to inform internal and external audiences with a focus on the public at large.

ESF-18 Military Support

- Coordinate ORNG personnel.
- Support local air crews at fire locations and traffic control points.
