Lane County Health and Human Services is looking for a visionary public health professional who will join us in leading community health transformation efforts. This person will be a voice in the community for prevention and public health, and a champion for integrated, high quality services as part of a larger Health and Human Services department.

The successful candidate will show strong leadership, creative thinking, and project management skills. She or he will have the ability to manage staff with multiple complex projects.

Lane County Public Health's (LCPH) envisions a future in which all members of the community value and promote healthy attitudes and behaviors. We are involved and leading the way for the monumental transformation healthcare is going through. LCPH, along with Lane County Health and Human Services, have been working collaboratively with other organizations to achieve the Triple Aim of improving health care, improving the health of the population, and containing or reducing costs of healthcare.

Requirements for this position include:

Education:

Master's Degree from an accredited college or university in Nursing, Public Health, Public Administration, Business Administration or a related field

Experience:

Six years of progressively responsible supervisory experience in a public health agency.

Special Requirements:

Oregon Driver's License or ability to obtain one by time of hire.
