Presented by **Michael A. Faber, AA, BS, MA, AGHEF**

### Education description

As a result of this program, participants will be able to:

- Identify the most common myths and stereotypes of aging
- Define ageism, as well as identify its possible causes and potential solutions
- Describe ways to help older persons to adapt to common aging-related losses
- Understand proper approaches for effective communication with both frail and cognitively impaired older persons
- Identify differences between "normal" aging and dementia
- Understand and apply person-centered care practices in their work with older adults

***Free to AAMA current members.***
