

TELL US ABOUT THE SCHOOLS YOUR CHILDREN DESERVE

The Every Student Succeeds Act (ESSA) provides all states and schools in the country with a chance to be innovative, and to strengthen our public education system by providing teachers with more support and districts with more flexibility to address the unique needs facing their communities.

The Oregon Department of Education wants you to share your input on Oregon's State Plan to improve student learning in our state, and determine how we can best support our schools to meet the needs of each and every student.

Improving education in Oregon takes all of us – we hope to see you there!
