2017 Innovation Café: Improving Key Health Metrics

What: This is a forum for Oregon health system transformation champions to engage in peer-to-peer learning and networking. CCO, clinic and other innovative health system leaders will present projects and discuss learnings focused on three CCO incentive metrics:

- Increasing effective contraceptive use to reduce unintended pregnancy
- Reducing tobacco prevalence
- Reducing emergency department use with a focus on behavioral health

Plenary speakers will include Ignatius Bau, a national expert who provides technical assistance to advance health equity; and Patty Cason, a consultant and clinician trainer who specializes in increasing access to comprehensive patient-centered contraceptive services.

When: May 9, 8 a.m.–4 p.m.

Where: Salem Convention Center (tentative)

Cost: Free

Call for Projects

Much of the day will be spent in small-group table discussions. If you'd like to present a project that addresses one of the three topic areas, please submit a brief proposal at: surveymonkey.com/r/ICproject

Presentation format: Informal 20-25 minute small-group table discussions. Presenters will share a short project overview, along with a one-page handout, then facilitate a discussion on the topic including project implementation, dissemination and sustainability. Presentations may be repeated.

Important dates:

- **Call for projects open:** February 13
- **Project proposals due:** March 10
- **Applicants informed of decisions:** March 27
- **Presenter preparation webinars (must attend one):** March 29 (9-10 a.m.); April 3 (noon-1 p.m.)
- **Project one-page handouts due:** April 14

Presentation parameters:

- Projects must relate to one of the following CCO incentive metrics: increasing effective contraceptive use to reduce unintended pregnancy; reducing tobacco prevalence; or reducing emergency department use (priority given to projects that focus on behavioral health, which could include mental health, substance use, opiate use or other topics).
- Proposals will be evaluated based on: relevance, innovative ideas, demonstrated outcomes, metrics tied to health equity for key populations, and CCO and geographic representation
- Presenters must include how projects are financed, challenges and lessons learned
- Presenters must attend one of two preparation webinars hosted by OHA prior to the event.
