Tues 7/4	Seasonal (Fourth of July)	Happy Fourth of July! Where are you planning to celebrate outdoors?		
Thurs 7/6	Problem	#placemattersOR	Repost SFO post (By nearly every statistical measure, America's low-income and minority communities now smoke and die more from cigarettes than other Americans. http://bit.ly/2sxHTlq)	
Fri 7/7	Problem	"Having healthy school meals is really related to how the school system is serving students that don't have [much access and availability] to resources."	https://www.theatlantic.com/education/archive/2017/03/do-healthy-lunches-improve-student-test-scores/520272/?utm_source=nl-atlantic-weekly-032417	
Mon 7/10	Problem	By 2030, around three out of every five people will live in cities, and many of those people will be elderly. Are we ready?	https://www.fastcompany.com/3068543/our-aging-population-can-be-an-economic-powerhouse-if-we-let-it	
Wed 7/12	Problem	#placemattersOR	http://www.npr.org/2017/05/09/482285021/for-children-in-public-housing-location-matters-more-than-race?utm_source=facebook.com&utm_medium=social&utm_campaign=npr&utm_term=nprnews&utm_content=20170510	
Fri 7/14	Problem	Want to live to be 100? Here are six reasons	https://www.facebook.com/BlueZones/posts/10154992213124270	

		why walking is good for our health.		
Wed 7/19	Problem	Summer Free For All provides free, accessible, family-friendly summer activities that celebrate Portland's growing cultural diversity. Free fitness in the park and open summer swim days are only the beginning.	https://www.portlandoregon.gov/parks/61921	
Thurs 7/20	Problem	Despite the health benefits, more than three-quarters (77%) of Oregon adults do not get enough physical activity. What can your community do?	https://www.surgeongeneral.gov/library/calls/walking-and-walkable-communities/index.html	
Fri 7/21	Problem	How does the place we live affect our health?	https://www.facebook.com/MultCoHealth/photos/a.153059014750024.40159.140161142706478/1326847637371150/?type=3&theater	
Mon 7/24	Problem	"It's humanistic, not medicalized. It's what growing old should be." Read more about the innovations taking place at the intersection of aging, place and health.	http://www.rwjf.org/en/culture-of-health/2017/04/global_innovations_keep_seniors_connected.html?cid=xfrwjf_unpd	
Wed 7/26	Problem	330 schools in the greater Portland metro area. What would our place look like if every kid could walk to school?	http://www.oregonmetro.gov/news/getting-class-safely-6-key-findings-new-report-portland-area-schools	
Fri 7/28	Problem	Is this a coincidence?	Repost SFO post (Lower-income neighborhoods	

			have a much higher density of tobacco retailers. http://wapo.st/2sr4Xr0)
