Regional Town Hall Meetings on

Substance Misuse Prevention and Intervention and Substance Use Disorder Treatment and Recovery

Nearly 1 in 10 Oregonians ages 12 and older are estimated to have a substance use disorder (SUD), which is the fourth highest rate in the nation.

In 2018, Governor Kate Brown declared addiction and substance misuse a public health crisis in Oregon. The Oregon Alcohol and Drug Policy Commission (ADPC) has been charged with developing a statewide strategic plan to:

- Reduce SUDs and promote recovery
- Prevent alcohol and other drug (AOD) related deaths and injuries
- Prevent social problems related to misuse of alcohol and other drugs

The strategic planning process is being implemented in partnership with Oregon state agencies, tribal nations, and communities to develop seamless and effective systems of substance misuse prevention and intervention and SUD treatment and recovery at all levels. ADPC has contracted with JBS International to help facilitate this planning process.

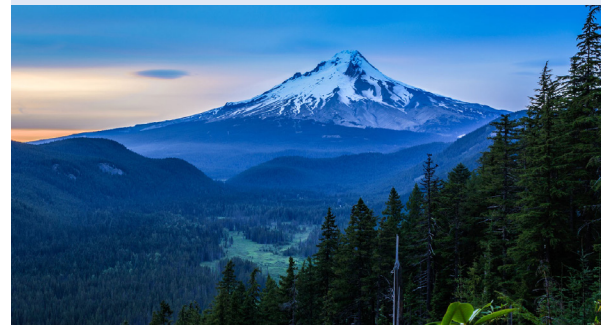

Who should attend: Anyone concerned about, impacted by, and/or working to address substance misuse and related problems. We are looking for partners with a wide range of interest areas, lived life experiences, and expertise!

For general information and registration questions, or to request accommodations* for the hearing impaired or other persons with disabilities, please contact: ADPCStakeholderEvents@jbsinternational.com

*Please make accommodation requests at least 72 hours before the meeting. All meeting locations are accessible to persons with disabilities.

Town Hall Meetings

will be held from 6 PM to 8 PM at the following locations:
