

# Care and Wellbeing Center HIV and Aging Learning Collaborative

## Supporting Community Mental Health for Elders living with HIV

Zoom, November 9 11 AM - 1 PM Pacific

### Learning Objectives:

1. Describe two ways aging with HIV impacts mental health.
2. Compare the role of psychiatrists and primary care physicians in mental health care.
3. Explain the goals of the PEARLS community-based depression education and screening program.
4. Identify one component of the PEARLS program that can be implemented in your services.
