

THE POWER OF COLLECTIVE ACTION

We bring together public service professionals to grow our knowledge and action on public sector sustainability.

STRENGTH IN NUMBERS

When public sector staff unite for a shared goal, their collective voice has the potential to influence policies, practices, and industries.

SHARING KNOWLEDGE

Through community sharing we build knowledge, grow in our capacity as professionals, and drive change at the local, regional, and state level.

PUBLIC SECTOR TRANSFORMATION

The collective push for sustainability has the potential to reshape government towards more sustainable practices.

Whether you are new to sustainability or an experienced professional, you are welcome - PSSR PSSR strives to move us all forward together.

OUR OFFERINGS

ROUNDTABLE

We host a quarterly roundtable online where you can meet and talk with public sector staff from around the region and learn about topics like renewable energy, community solar, waste reduction, environmental justice, climate policy, and more.

WORKGROUPS

Get involved in one of our workgroups focused on specific topics including:

- Climate Action
- Sustainable Purchasing
- Strategic Planning

ONLINE COMMUNITY

Ask questions anytime, post opportunities, share proposals, network, and draw on a network of colleagues working on projects you're interested in and working on.

EDUCATION & AWARENESS

We organize quarterly meetings where experts and local staff share best practice and progress on key sustainability actions happening across the Northwest.

COMMUNITY + FUN

We get together to build community, learn from each other, and have fun.

OUR MEMBERS

Our group includes staff from cities, counties, regional government, state, and federal agencies and other public agencies.

The City of Gresham has found value in learning best practices in sustainability, gaining advice, and making key connections through the PSSR network.

MISSION

The Public Sector Sustainability Roundtable (PSSR) advances sustainability and climate resiliency in the Pacific Northwest by making space for public sector staff to collaborate, share resources and knowledge, and encourage the application of sustainable and equity-conscious best practices across sectors.
