

# MEMORANDUM

**TO:** Oregon Ecological Flow Technical Advisory Group

**FROM:** E. George Robison – Technical Services Division - OWRD

**SUBJECT:** EFTAG Agenda

**DATE:** January 28, 2010

=====  
**Location:** *Rogue Conference Room (3<sup>rd</sup> Floor – Water Resources Department) 725  
Summer Street NE, Salem, Oregon, 97301\**

**Agenda: (Meeting time: From 2PM to 5 PM)**

1. Introductions: 15 minutes
2. Brief discussion of materials in email including ODFW guidance, Poff et al. 2010 and Forest Service Paper 15 minutes
3. Review of outline overall : 15 minutes  
*\*This is a more overall look at the outline are there sections that need to be added or maybe titles reworded? Is this the right structure? Should the first couple of bullets be introduction and background sections?*
4. Review Section 1 – What are ecological flows? (20-30 minutes)  
*\*A discussion of what bullets need to be added? Is their additional information that should be covered?*
5. Review Section 2 – Ecological Flow Methods? (20-30 minutes)  
*\*A discussion of what bullets need to be added is their additional information that should be covered?*
6. Review Section 3 – Application to Oregon? (20-30 minutes)  
*\*A discussion of what bullets need to be added is their additional information that should be covered? Are there other schemes that need to be highlighted?*
7. Parting thoughts (20-30 minutes) *\*What should be in conclusion? Title ok?*
