

# WEB LITERACY PILOT

OregonASK will be starting a year long Mozilla Web Literacy pilot this August. The pilot will consist of **three trainings**, one at the beginning of each session from August 2017 to March 2018. Each training will go over new web literacy content for upper elementary and middle school aged youth. Participants will also learn best practices for teaching STEM and Computer Science. Please register to participate in this set of trainings, which will also include webinar refresher training and coaching throughout the year.

All trainings will take place at OregonASK  
9140 SW Pioneer Ct., Wilsonville OR, 97070

## Training Objectives:

- Participants will explore aspects of the Mozilla Web Literacy Map and apply them to skills involved in Web Club participation.
- Participants will explore methods for facilitating youth-lead activities,
