

Oregon Public
Health Association

Special Poster Session: Quality Improvement & Performance Management

Hosted by:
The Coalition of Local Health Officials

Date: Monday, October 13th, 2014

Time: 4:00- 6:00 pm

Location: OPHA 70th Annual Conference, Room TBD

Abstract:

Over the past few years, the Oregon local public health system has become increasingly focused on continuous quality improvement and performance measurement. These efforts have lead to improvements in policies, programs and services; and ultimately opportunities to increase desired health outcomes and conditions throughout communities in Oregon. This poster session will highlight quality improvement projects and performance management efforts at Oregon's Local Health Departments. The session will also allow Local Health Department's to share helpful advice and learn from other's experiences.

If you would like to present a poster during the special session please contact Kathleen Johnson no later than October 3rd, 2014.

For Presenters:

A fully paid conference registration is required of all presenters - No exceptions! If you are presenting on only one of the two conference days you may elect to pay the one day conference registration fee. Early bird registration opens August 14th.

Posters will be displayed on 8' x 4' bulletin boards. Please create a poster that will fit these dimensions.
