Beyond Voting: Elections & Campaigns

Donna L Cohen, MEd, MLIS *Teacher and Librarian*

It's election time and we need to look at candidates but also at our electoral system – how it works, who votes, and whether we are encouraged to participate in the democratic process.

This workshop covers voter fraud, voting rights, alternative election options, methods of financing campaigns [PACs, 527s, 501C (4)] and more.

Might there be adjustments to our electoral process that would make it more effective and democratic?
