

JEFF NOBLE

coach | consultant | speaker | entrepreneur

Jeff is the Founder and CEO of  **Noble Initiatives**, an organization that provides hope and education to people caring for someone living with a Fetal Alcohol Spectrum Disorder (FASD) through online applications and in-person training sessions, demonstrations and consultations. He is also the creator of the Caregiver Kick Start!, an online coaching program that offers education and support to FASD caregivers through live coaching calls, online learning modules and other leading FASD experts.

FASD 101!

Jeff will lead you through the fundamentals of Fetal Alcohol Spectrum Disorder (FASD). The training is communicated in a deliberately 'jargon-free', down to earth style which will ensure that every attendee leaves knowing they can make positive changes in the way they understand, interpret and live/work with individuals affected by an FASD.

Topics covered include: understanding brain dysfunction, primary and secondary disabilities, a model for providing appropriate accommodations, sensory integration and the importance of early intervention.

THE KEYS TO FASD SUCCESS

For parents and caregivers to be successful (and sane) in this lifetime career that they have selflessly devoted themselves to, there are specific elements that will guarantee a winning outcome: *Respite, Training, Coaching and Understanding Grief and Loss.*

Jeff will provide participants with an intensive overview of the realities of raising/caring for someone with an FASD and the unique demands and challenges that professionals and systems often overlook. Participants are provided with practical, research based theories and strategies that will focus on the FASD caregiver and building capacity through mentorship and (non-traditional) support systems.

SOCIAL MEDIA AND THE CAREGIVER CONNECTION

Training, education and support for FASD caregivers is difficult to find because it's too expensive, it's hard to find and no one wants to fill in to baby sit. Social media can help to decrease the isolation experienced by FASD caregivers. It creates networking opportunities for caregivers to share strategies and suggestions - social media builds connections and bridges the gap between caregivers and frontline staff.

This workshop will teach caregivers and front line staff alike how to use social media for the purposes of training, learning, educating and as a support network. Social media is a cost effective approach to increasing engagement and support for FASD caregivers.

Jeff's training is highly interactive, entertaining and filled with 'lightbulb moments' of discovery.

Jeff is a helper, a leader and an innovator. His focus is FASD, but his expertise is building community through social media. Using an interactive, yet personal approach, Jeff delivers relevant, useful and need-to-know information to help and support front line workers, educators and caregivers of those living with an FASD.

“You know how they call people Dog Whisperers? Well, I see you as *Jeff Noble, Paradigm Shifter.*”

-Linda, FASD1oh!1 Workshop Participant

Along with staying connected through weekly and monthly newsletters that follow Jeff’s various adventures as a consultant, blogger and FASD advocate, Jeff is the creator of **FASDFOREVER.com**, a blog that delivers content that caregivers can identify with and use in the real world. Jeff is also the moderator of a Facebook Fan Page that is followed by over 7,300 fans worldwide where he spreads awareness, tips and FASD insight.

Jeff has been a *featured expert* with the Minnesota Organization on Fetal Alcohol Syndrome (MOFAS) Virtual Family Centre (VFC) and on Family Caregivers Unite! Voice America – Online Talk Radio.

He’s also been *featured in:*

“You’ve opened my eyes to realize that I can still teach her with more realistic expectations and that I’m not failing her if she doesn’t get it.”
-FASD 1oh!1 Participant

“A life changing experience for our family is what I’ve been telling everyone.”
-FASD Caregiver

“But what I appreciate most is your good humour, honesty and respect for people.”
