

Job Opening:

DUAL DIAGNOSIS THERAPIST

Be a vital part of a non-profit organization that values a diverse workforce and provides quality and culturally-responsive mental health and addiction services.

LifeWorks NW partners with the Multnomah County Domestic Violence Program.

As a Dual Diagnosis Therapist – job # 344495 you would:

- Provide stabilization and short term therapy mental health and substance abuse treatment services for people experiencing domestic violence.
- Be responsible for assessment, treatment planning, provision of counseling (individual and group) services, consultation with care providers and coordination of multiple service providers for assigned client caseload; and for keeping accurate, timely records.
- Be co-located at The Gateway Center for Domestic Violence.

PAY RANGE/BENEFITS:

- Pay depends on qualifications/experience.
- Full benefits such as medical/dental, PTO (paid time off), 403(b) plan benefits and more.

QUALIFICATIONS:

- Master's degree in Psychology, Counseling, Social Work, or a mental health related field (QMHP) required.
- If recovering from a substance abuse related disorder, must be able to demonstrate continuous sobriety under nonresidential, independent living conditions for the immediate past two years.
- Understanding of domestic violence, and trauma.
- Have knowledge, skills, and abilities demonstrating competence in: treatment of mental health and substance-related disorders including client evaluation and individual, group, family, and other counseling techniques; program policies and procedures for client case management and record keeping; and accountability for recording information in the client files assigned to them consistent with those policies and procedures. Should be familiar with theory or concepts of prevention.
- Current CADC or have a formal plan to obtain certification within two years of hire.
- Able to provide culturally specific services for people experiencing domestic violence. This includes understanding of population's need and identifying trauma informed care interventions.
- Good computer skills including a functional knowledge of Microsoft Outlook and Word. Ability to master proprietary software including electronic health record system.
- Requires access to a car, a valid driver's license, proof of current automobile insurance coverage, and ability to meet LifeWorks NW driving requirements.
