Practical Application of the Forensic Experiential Trauma Interview

 BASIC

What is FETI®?

Certified FETI® is the founding and governing body of the official Forensic Experiential Trauma Interview, a science and practice-based interviewing methodology informed by the latest research on the neurobiology of trauma and memory.

The Forensic Experiential Trauma Interview (FETI®) provides interviewers with a science-informed interviewing framework that maximizes opportunities for information collection and accurately documents the participant's experience in a neutral, equitable, and fair manner.

About the Course

Practical Application of FETI is the second course on your path to Basic certification. Attendees will apply and demonstrate FETI skill sets learned during the Introduction to FETI course.

This course requires online and in-person training. The three day, in-person training offers attendees an unparalleled one-on-one interviewing experience including the ability to practice FETI® interviews under the guidance and instruction of CFP-A instructor.

Each attendee will participate in a confidential FETI interview facilitated by a Advanced Certified FETI® Practitioner with a Specialty in Personal Experience Interviewing.
