

## Position Advertisement: Forensic Interviewer – Full or Part-Time

### Who We Are

Founded in 1994, KIDS Center works together with law enforcement, medical providers, and social service agencies to create a supportive response to child abuse through a multi-disciplinary team approach.

### Who We're Looking For

KIDS Center is hiring for a Forensic Interviewer. This position is responsible for gathering caregiver history from families and conducting video-recorded forensic interviews of children (primarily aged 4-17). The information collected will be synthesized in a written report.

### A Day-In-The-Life

- Conduct sensitive, thorough, and forensically sound interviews.
- Obtain information in a forensically sound, neutral manner in compliance with the State of Oregon Forensic Interviewing Guidelines and other legal requirements for evidence.
- Provide support, primarily note-taking, to medical examiners during medical examinations.
- Gather comprehensive social history from parents/caregivers.
- Gather relevant background information and current investigation status reports from community partners.
- Demonstrate cultural competency and sensitivity to clients and families during the evaluation process.
- Compose reports with pertinent information gathered from caregivers during the social history and from the child during the interview.
- Work with the medical examiner to complete the assessment section of the report.
- Conduct post-evaluation debrief sessions with parents/caregivers. Provide pertinent educational materials to families and make recommendations for referrals to appropriate community services.
- Communicate recommendations to Family Support Specialists to follow-up with the family.
- Be thoroughly prepared to testify in grand jury and court as requested.
- Participate in team case staffings and actively work toward team goals and organizational objectives.
- Participate in regular peer reviews.
- Keep informed on the latest child abuse issues and interviewing techniques, including training and continuing education. Conduct research on these topics as needed and/or requested.
- Participate in Medical Evaluation Team and All Staff meetings.
- Conduct training and/or participate in public speaking engagements related to forensic interviewing as requested. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions of the position.

### To Be Considered You Must Have

- Bachelor's degree in social work or related field.
- Five (5) years of direct experience.
- Ability to relate to children and adults of all ages, races, ethnicities, and socio-economic backgrounds as well as professionals across multiple disciplines and individuals in crisis situations.
- Comfortable with technology, including video recording equipment.
- Excellent verbal and written communication skills.
- Demonstrated ability to effectively function on a team.
- Demonstrated ability to produce legible, accurate and timely written reports.
- Capacity for empathy.
- Ability to self-direct.

### These Are A Plus

- Master's degree in a related field.
- Bilingual in Spanish.
