

Join Our Team
to support
Children's
Advocacy
Centers in
expanding
services for
children.

Crime Victim and Survivor Services Division of the Oregon Department of Justice is hiring a Fund Coordinator to develop a one-time grant program for Children's Advocacy Centers to expand their services for children who may have been abused.

Help programs bridge relationships and collaborate within their community to ensure equitable services.

Support programs in building capacity to serve children and their families through use of grant funds.

If you have experienced exclusion or bias or are from a community impacted by inequity, you bring an important perspective to this work.

We are looking for motivated individuals who want to be part of increasing access to equitable services for children and families.

This position provides you the opportunity to:

- work independently while still part of a highly functioning team;
- creatively explore funding possibilities with programs; and
- support programs in developing and strengthening services and access to services.
