

Child Physical Abuse Training for Primary Care Providers

Four Sessions from Sept. - Nov 2024 • 6.5 AMA PRA Category 1 Credits™

PROGRAM OVERVIEW

Build and sharpen your clinical skills in child physical abuse identification and reporting alongside a virtual cohort of Oregon primary care providers. During this four-session training, board certified, Oregon-based child abuse pediatricians will combine lectures with case presentations and group discussions designed to help learners:

- Identify the signs of child physical abuse, including types of bruises/skin injuries, abdominal injuries, burns, sentinel injuries, head trauma, and fractures
- Conduct an exam and identify patient and familial history elements that are concerning for child physical abuse
- Understand the roles and responsibilities associated with Oregon's county-based Designated Medical Providers and Children's Advocacy Centers, Karly's Law, the Oregon Child Abuse Hotline, and Child Protective Services when there are concerns of abuse
