

Drug Endangered Children (DEC) Roadmap and Toolkit Academy

Children are impacted on a daily basis by their parents or caregivers substance misuse; often these children are the first impacted and the last ones to be identified and to receive services. To help address this the National Alliance for Drug Endangered Children is providing the Roadmap and Toolkit Academy.

This Academy focuses on how to implement the DEC Roadmap and Toolkit which is a strategy in building a multidisciplinary Drug Endangered Children (DEC) Alliance. This course focuses on three stages: Awareness, Implementation and Institutionalization. The information learned and access to the National Alliance for Drug Endangered Children resource portal will allow your alliance to develop and grow at its own pace. Full attendance and participation is highly recommended.

The DEC Roadmap and Toolkit Academy will be held virtually on Zoom. Each of the 7 sessions will begin at **12 noon Pacific time** and run for 1 to 2 hours as listed below. The Zoom link will be shared in your registration confirmation email.

Training Session Dates and Time Lengths

- 1) June 13 - Roadmap and Toolkit Introduction 1 hour (12-1pm Pacific time)
- 2) June 17 - Awareness 2 hours (12-2pm Pacific time)
