

## Notification of Auto-shipment 3.31.2020

In these unprecedented times, we reach out every day with the latest information to keep you up-to-date. We are constantly evaluating the generics market dynamics to provide high service levels for the SOURCE<sup>SM</sup> Generics portfolio. We utilize extensive data available to help make the best decisions possible to service our primary SOURCE<sup>SM</sup> Generics customers.

**To help ensure we provide our primary customers with their allocated product based upon our fair share allocation process, we are executing an auto-shipment based on your previous purchase history.**

### Generic ProAir® auto-shipment

CIN	NDC	DESCRIPTION
5604137	45802-0088-01	ALBUTEROL SULFATE 90MCG 8.5GM

Product will be shipped for delivery beginning Wednesday, April 1, 2020. Quantities may continue to be limited.

All auto-shipments will follow normal return policies based on each customer's standard deal terms. We know you will be cautious about returning product which may be needed in the coming months.

We will continue to closely monitor the COVID-19 outbreak, will adjust our protocols as needed and will provide additional information to customers and partners as we have it.

**For additional information, please see our COVID-19 customer microsite, [www.cardinalhealth.com/covid19](http://www.cardinalhealth.com/covid19) or your sales representative.**
