

# Hydroxychloroquine auto-shipment

We are continuing to distribute hydroxychloroquine product to the areas that are the hardest hit by COVID-19 and continuing to work with manufacturers to bring in incremental product.

To help ensure we are providing our primary customers with their allocated product based upon our fair share allocation process, we are executing an auto-shipment of **hydroxychloroquine by Prasco** to your pharmacy based on your previous purchase history. Product will be shipped for delivery beginning Tuesday, April 6, 2020 and will arrive throughout the coming days.

CIN	NDC	Product description
5608955	66993005702	HYDROXYCHLOROQUINE 200MG 100 CPLT

All auto-shipments will follow normal return policies, however we highly recommend product not be returned. For additional information regarding this auto-ship, please contact your account representative.

Thank you for everything you are doing to support your patients at this time. For the latest COVID-19 information, please visit [www.cardinalhealth.com/covid19](http://www.cardinalhealth.com/covid19).

Thank you for your partnership.
