

HW-302

Adopting reliable sensor made in Germany;

All-new & patented probe design to ensure high accuracy;

Beeper for fever or high temperature

°C /°F reading available;

Automatic shut off

Storage of last 10 readings

3 Colors Backlight LCD for easy reading

MODEL: HW-302

Specification:

Measurement time	<1 second
Measurement range	Human body:35.0°C~42.9°C Object:0°C~9
Power supply	d.c. 3V 2 AAA alkaline Battery
Power consumption	When off≤10uW
	When measurement≤30mW
Power level indicator	Indication for low power level
Memory	Storage of last 10 readings
Display	3 Colors Backlight LCD (red, green, orange)
Reading scale	Celsius or Fahrenheit
Automatic shut off	In 30 seconds
Dimensions	136mm×76.5mm×38mm
Standards	EN60601-1、 EN 12470-5 、 ASTM 1965-9
