A licensee may not claim more than 20 hours of continuing education completed in one 24-hour period. Courses shall not be taken simultaneously. Each licensee shall maintain records to support the attestation of completed hours.

(4) Courses or activities determined by licensees to meet the criteria herein are presumed to be approved until or unless specifically disapproved by the Board. Licensees will be informed of any disapproved courses in a timely manner. The Board will maintain a list of disapproved courses available for review by licensees.

(5) Any chiropractic physician who is also actively licensed in a healthcare profession with prescriptive rights is exempt from the over-the-counter, non-prescriptive substances requirements.

(6) Any chiropractic physician changing license status from inactive to active or senior active shall take the required hours referenced in section (2). It shall be within the Board's discretion to determine, on a case-by-case basis, the required continuing education based on the time away from active status.

- (d) The material covered shall pertain to the practice of chiropractic in Oregon or be related to the licensee's specific practice;
- (e) Continuing education hours for Board activities must assist in assuring the competence and skills of the licensee; and

Licensees shall respond to this request within 30 days by supplying the Board with verification of their CE courses or activities.

(12) Any licensee who has submitted inadequate, insufficient, or deficient CE records or who otherwise appears to be in noncompliance with the requirements of this rule will be given written notice by the Board and will have 30 days from the date of notice to submit additional documentation, information or written explanation to the Board establishing the licensee's compliance with this rule. The Board may issue civil citations for noncompliance of this rule.

(13) At its discretion, the Board may audit, by attendance, the content of any program in order to verify the content thereof. Denial of an audit is grounds for disapproval.

(14) Any licensee seeking a hardship waiver from their continuing education requirements shall apply to the Board, in writing, as soon as possible after the hardship is identified and prior to the close of licensure for that year. Specific details of the hardship must be included. In order to approve an application for a hardship waiver, the Board, within its discretion, must find that such hardship exists.

(15) The Board shall maintain and make available, through its web page and electronic communications to licensees, a list of disapproved courses, if any. The Board may disapprove a course or CE activity after giving the sponsor and/or licensees the opportunity to provide additional information of compliance with the criteria contained in this rule, and opportunity for contested case hearing under the provisions of ORS 183.341, if requested. Any CE sponsor or licensee may request the Board to review any previously disapproved course at any time.
