

# Digital Signatures - *How will it affect me?*

*What are they?*

*How do they work?*

*What are the benefits?*

*Can they be used for stamping and signing*

*Plans? Surveys? Contracts? Time Sheets?*

---

These, and other questions will be answered in this presentation that will cover the fundamentals, uses, and benefits of digital signatures in an engineering work environment. The presentation will also provide information on ODOT's efforts to implement digital stamping of contract plans and other related documents.
