RULE SUMMARY

The current rule language in 111-005-0040 and 111-005-0042 does not specifically support the most judicious process for releasing the names of vendors submitting proposals for the OEGB Board's consideration. The amendments made in 111-005-0040 and 111-005-0042 reflects the process OEGB has used since its inception and is consistent with the type of services the OEGB Board contracts for.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing negative economic impact of the rule on business.
