## WELCOME KATHERINE AUSTIN & MARK JACOBSEN!

The Oregon State Board of Architect Examiners would like to welcome its newest Board members – Katherine Austin and Mark Jacobsen. Governor Kate Brown appointed Katherine and Mark to the Board beginning February 1, 2022. Welcome Katherine and Mark and thank you very much for your service to the Board!!

Katherine Austin is an architect based in Bend. She holds an M.Arch from UCLA and a BFA and MFA from Boston University. She was licensed in California in 1991 and established her firm in 1995. Katherine's specialty is sustainable affordable housing with approximately 900 units of housing built to date. She serves on the City of Bend's Affordable Housing Advisory Committee advocating for affordability in her region. As a former Mayor and Planning Commissioner she believes strongly in public service.

Katherine currently serves on the Executive Committee of AIA Oregon. She has also served five years on the National Housing Knowledge Community, three years on the Board Knowledge Community, is a past President of the Redwood Empire Chapter of California, and has been on the Jury of the National AIA Housing Awards and Small Project Awards.

Mark Jacobsen joined the Board as a public member filling the position vacated by Jim Chaney. As an attorney with a solo law practice serving architects and engineers, Mark has extensive experience and expertise related to legal, practical, business, and technical aspects of architectural practice. Mark understands the effective regulation of the practice of architecture is important and believes service on the Board of Architect Examiners is an opportunity to give back to the community, both in general, and to the community of architects.

Mark earned his JD from the University of Oregon School of Law and a BA from the University of California Berkeley. He is a member of the Washington State Bar Association and the AIA. Mark has served on the Legislative Affairs Committee of AIA Oregon and OSBAE's ORS Revisions Committee.

## MANY THANKS TO JIM CHANEY

OSBAE gratefully acknowledges Jim Chaney who resigned from the Board in January. Jim was appointed as a public member in 2016 and also served from 2006 to 2010. Jim was an active and dedicated Board member, serving as Chair from 2019-2020. His broad range of experience as an attorney responsible for contracts for design and construction for a public agency in addition to many years as a commercial building contractor were invaluable to the Board. Thank you for your service Jim!

## CONGRATULATIONS TO OUR NEW EXAM REGISTRANTS

OSBAE is pleased to announce that the following individuals successfully gained registration by examination in Oregon between October 18, 2021 and April 5, 2022.

CLAYTON I.A. ARROWOOD	MEGAN M. LESTER
MATTHEW J. BRIDEGROOM	MICHAEL B. LINDEN
CARLY BUSHMAN	SHANNON MCDONALD
DAVIS H. CARLISLE	MATTHEW B. NICHOLSON
JIHYE CHOE	KAELI E. NOLTE
JONATHAN F. CREIGHTON	STEPHANIE PAK
JOHN DALIT	LAUREN J. SANCHEZ
SAMUEL C. HARRIS	JOSEPH C. SIS JR.
GILLIAN HEVEY	KEITH J. TRINE
BRITNI JESSUP	HALEY R. WALLACE
KEVIN JONES	EMILY WILSON
GUSTAF J. KAMP	CHRISTINA-MARIE R. WOODFIN
THUY T. LE	AUSTIN ZEITZ
WAYNY LE	

You did it!  
*Congratulations*

## WHO NEEDS TO REGISTER AS A FIRM WITH OSBAE?

Staff at the Oregon State Board of Architect Examiners (OSBAE) often discover that some businesses don't realize they must register with OSBAE and the Oregon Secretary of State's office. Oregon law allows an individual architect to practice under their own name only. If an individual, or group of individuals, wishes to provide architectural services under any other name, even if it is a derivative of the individual's name, that name must be registered with OSBAE as well as the Secretary of State.

Verify that your firm is registered with OSBAE via the "registration verification search" feature on the OSBAE website at [www.osbae.com](http://www.osbae.com).

Confirm that your firm is registered with the Oregon Secretary of State via the "business name search" feature on their website at:  
<https://sos.oregon.gov/business/Pages/find.aspx>

## PUBLIC BOARD MEMBER OPENING

We are seeking public member applicants for an upcoming opening on the Board. Public members are a vital part of OSBAE and help represent the consumer's point of view. Although registered architects may not serve as a public member you may know someone with an interest in the profession who could contribute their skills to the Board.

To apply simply visit the Governor's website at [Governor of Oregon : Boards & Commissions : State of Oregon](http://Governor of Oregon : Boards & Commissions : State of Oregon). For more information about Board service feel free to contact Lisa Howard:  
[lisa.howard@osbae.oregon.gov](mailto:lisa.howard@osbae.oregon.gov)  
(503) 763-0662 x 5

## WHO WE ARE

### Board Members

Don Eggleston, Chair  
Erica Ceder, Vice-Chair  
Richard Alexander, Public Member  
Katherine Austin  
Heidi Bertman  
Tonie Esteban  
Mark Jacobsen, Public Member

### Staff

Lisa Howard, Executive Director

### CONTINUING EDUCATION AUDIT

The annual Continuing Education (CE) audit is underway. CE is a critical component of the Board's mission to protect the public health, safety, and welfare. The CE audit is conducted to determine if registrants are meeting the CE requirements listed in Oregon Administrative Rule (OAR) 806-010-0145. Each renewal cycle, eight percent of registered architects who submitted renewal applications are randomly selected for the CE audit. A letter was sent to selected registrants in early April with instructions regarding the audit requirements.

OSBAE would like to remind registrants that 24 hours of CE in architectural health, safety, and welfare (HSW) subjects is required to renew or reinstate an architect certificate of registration. Evidence of compliance must be maintained by the architect for a minimum of two years. Acceptable evidence of completion is a certificate or transcript that includes the name of the course provider, registrant's name, course title, completion date, and HSW hours received.

Please see [OAR 806-010-0145](#) for the details regarding CE, as well as the [flowchart](#) that is available on our website. It's important to note that failing to comply with CE requirements, or making false statements or misrepresentations related to CE activities, may result in disciplinary action by the Board. Thank you for your diligence in maintaining your CE records.

### HELP SHAPE THE FUTURE OF ARCHITECTURE

NCARB is conducting an ambitious, once-in-a-decade study, the Analysis of Practice, that will shape their programs and initiatives over the next several years. The previous version, the Practice Analysis, was conducted in 2012 and led to the evolution of the AXP and ARE 5.0. For the current Analysis of Practice to be as thorough and insightful as possible, NCARB needs to engage a diverse cross-section of people across the profession.

#### What is the Analysis of Practice?

It is a profession-wide study that explores how architects are currently practicing and how that practice is likely to shift in the years ahead. The results will guide updates to NCARB's programs and services, including the national experience program and licensing exam, so that we can continue effectively protecting the public. OSBAE relies on these programs for candidates to meet the experience and examination requirements for registration.

#### Why participate?

The profession is constantly evolving, and the path to licensure must evolve with it. To ensure these programs are aligned with modern architecture practice, NCARB regularly partners with researchers to conduct a comprehensive review of current practice. The previous study led to a restructuring of the Architectural Experience Program® (AXP®) and Architect Registration Examination® (ARE®).

[Sign up](#) today to be a part of this critical research!

## INDIVIDUAL FEE UPDATES

To ensure its finances for the coming years, the Oregon State Board of Architect Examiners (Board) approved a fee increase for individuals effective July 1, 2022.

At its February 18, 2022 meeting, the Board initiated rulemaking to amend OAR 806-010-0105 (Fee Schedule). This increase was part of the 2021-2023 biennial budget process. The proposed rulemaking was sent via email on March 9 to all registered architects and architectural firms.

A public hearing was held and written comments were accepted through March 23rd. Comments on the fee increases were received from 13 individuals with a majority in support of the proposal. The Board reviewed and discussed the comments at their April 15th meeting and voted to approve the fee increases.

### Why Fee Increases?

The Board is increasing fees to provide sufficient operating revenues for 2021-2023 and to help safeguard the continued financial solvency of the Board. The Board proposed the increases in consideration of anticipated expenditures for maintaining existing operations in the 2021-2023 budget. Individual registration fees were last increased in 1998 and renewal fees were last increased in 2002.

Board revenues have not kept pace with operating expenses since 2013, but the Board chose to fund the deficits using its financial reserves. Rather than immediately raising fees when the imbalance in revenues and expenses emerged, the Board spent down its financial reserves. Expenses are predicted to outpace revenue for the next two biennia and the reserves are no longer a feasible source for covering deficits. The proposed increases are designed to rebalance the budget while still maintaining an adequate level of reserves to cover nine months of expenses.

As a semi-independent state agency, the Board is required to collect fees to cover its operating costs. No state General Fund dollars are available to the Board, which is why Board policy requires the maintenance of a limited financial reserves fund. With the number of new and renewing firms and individuals fluctuating year to year, the Board believes these increases bring the necessary stability to maintain the Board's mission of public health, safety, and welfare.
