## CONTINUING EDUCATION AUDIT

The annual Continuing Education (CE) audit is underway. CE is a critical component of the Board's mission to protect the public health, safety, and welfare. The CE audit is conducted to determine if registrants are meeting the CE requirements listed in Oregon Administrative Rule (OAR) 806-010-0145. Each renewal cycle, eight percent of registered architects who submitted renewal applications are randomly selected for the CE audit.

OSBAE would like to remind registrants that we require 24 hours of CE in architectural health, safety, and welfare (HSW) subjects to renew or reinstate an architect certificate of registration. Evidence of compliance must be maintained by the architect for a minimum of two years. Acceptable evidence of completion is a certificate or transcript that includes the name of the course provider, registrant's name, course title, completion date, and HSW hours received.

Please see [OAR 806-010-0145](#) for the details regarding CE, as well as the [flowchart](#) that is available on our website. It's important to note that failing to comply with CE requirements, or making false statements or misrepresentations related to CE activities, may result in disciplinary action by the Board.

Thank you for your diligence in maintaining your CE records!

## EXECUTIVE DIRECTOR UPDATE

After nearly six years with OSBAE and over 20 years in state government, it is time to retire! I have truly enjoyed my time working with the Board, its staff, and the architects. Our team has accomplished quite a bit to improve the services we offer, including revamping our website, completely rewriting our statutes and rules, adding virtual board meetings, shortening the registration processing time, and moving to an almost paperless office. Many thanks to all of you for allowing me to work with such a great team and profession!!

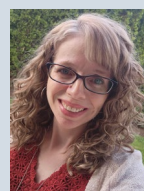

With warm regards,

*Lisa Howard*

### Meet Your New Executive Director!

The Board posted the position in January and was pleased to receive applications from 11 qualified individuals. After conducting two rounds of interviews, the Board selected Elizabeth Boxall as the new Executive Director! Elizabeth will join OSBAE in May.

"I'm incredibly excited to join the Oregon State Board of Architect Examiners as the new Executive Director! With over 13 years of experience in state government, including serving as a state agency director for other small semi-independent agencies, I bring operational knowledge and a passion for transparent, equitable, and collaborative leadership. Outside of work, I enjoy spending time with my two adult children, beach getaways, hiking, and game nights with friends, finding balance and inspiration in both professional and personal pursuits. I'm eager to work with each of you to continue our mission to protect the health, safety, and welfare of the public."

*Elizabeth Boxall*
