## 2015 SRP Statistics and Orders for 2016 SRP Materials

#### **Provide Your Contact Information**

The Oregon Library Association's Children's Services Division (CSD) and Oregon Young Adult Network (OYAN) partner with the Oregon State Library to provide summer reading resources to libraries in Oregon. Your library's summer reading participation statistics demonstrate the need for the Oregon Library Association and the State Library to support summer reading in local libraries.

This survey is also your opportunity to order the free summer reading materials provided individual libraries by statewide partnerships.

Please take some time to fill out this survey to the best of your ability. This survey should only be completed and submitted once per library. If you have any questions about how to fill out the survey contact Katie Anderson at 503-378-2528 or katie.anderson@state.or.us.

\*1. Please provide the following contact information so summer reading materials can be shipped to your library and we know who to contact if we have any questions. Note: many materials CANNOT be shipped to P.O. boxes. Please list your library's physical address.

Report Your 201	5 Summer Reading Statis	stics

2015 SRP Statistics and Orders for 2016 SRP Materials  At the local level, you can use your library's summer reading statistics to advocate for funding with local stakeholders, in grant applications, and in developing partnerships with local organizations and businesses on future summer reading activities. At the state level, your summer reading statistics are used to make the case to the Legislature for Ready to Read Grant funds. These statistics are also reported to the Institute of Museum and Library Services because Library Services and Technology Act (LSTA) funds are used to support these summer reading resources too.	n
Please keep in mind that local libraries are at liberty to implement the summer reading program in whatever way works best for their communities. Only answer the following questions that apply to the statistics your library keeps.	
*4. Did people have to sign-up (register) to participate in the reading component of your summer reading program?  O Yes O No	
Sign-up Statistics	
*5. Did you track the number of people who signed-up (register) by age range? E.g. Children, teens, and adults. $_{\rm C\ Yes}$	
Sign-up Statistics By Age	
6. How many young children signed-up? (Approximately birth-6 years old)  7. How many elementary school-age children signed-up? (Approximately 6-12 years old)  8. How many teens signed-up?  9. How many adults signed-up?	

10. How many people in total signed-up (registered) to participate in your summer reading program?

2015 SRP Statistics and Orders for 2016 SRP Materials
11. Which age ranges can participate in your summer reading program?
☐ Young children (approximately birth-6 years old)
☐ Elementary school-age children (approximately 6-12 years old)
☐ Teens
☐ Adults
Finishers Statistics
*12. Did people participating in the reading component of your summer reading program turn-in their finished reading record? A reading record, log, or game board is how summer reading participants track their progress towards their reading/listening or literacy activity goal over the course of the summer.  O Yes  No

reading program?	
Order 2015 Summer Reading Certificates	
In the past, printing and distributing hardcopies of the summer reading certificates was paid for by a donation. The donation funds are no longer available. The State Library surveyed public libraries to ask if they thought printing and distributing the certificates was a good use of State Library funds. The results of the survey were shared with the executive boards of OLA's Children's Services Division and Oregon Young Adults Network, and both organizations recommended that the State Library 1) discontinue printing and distributing hardcopies, 2) make a black-and-white certificate available to download for those who don't have a color printer, and 3) provide a few local funding suggestions. The State Library decided to follow these recommendations.	
*47. Did you download and print 2015 Oregon Summer Reading Certificates?	
C Yes	
O No	
Certificates-yes	
48. How many did you print?	
Certificates-no	
49. Why didn't you print Oregon Summer Reading Certificates?	
I haven't used the certificates in the past so didn't plan to use them this year either	
I didn't know the certificates were available to download and print	
C. I didn't like the ent/decise, but would download and mint them in future years if I like the ent/decise	
I didn't like the art/design, but would download and print them in future years if I like the art/design	
There were technical issues that prevented me from downloading and/or printing

## 2015 SRP Statistics and Orders for 2016 SRP Materials

# 50. Do you have any recommendations to provide the State Library about the Oregon Summer Reading Certificates?

### Order 2016 Summer Reading Sweepstakes Materials

\*If your library serves fewer than 10,000 people and you want one free summer reading performer next summer, then you must participate in and order sweepstakes materials. The performers' fees and all their travel costs are paid for by the Oregon College Savings Plan to promote summer reading and this sweepstakes in small communities. Free performers for next summer aren't guaranteed at this time, but collecting sweepstakes orders at this time reduces the number of surveys you receive.

The Oregon State Library, Oregon Library Association, and the Oregon College Savings Plan developed a partnership in 2010 to offer a summer reading sweepstakes. The name of the sweepstakes changes every year to reflect the summer reading theme; the 2015 sweepstakes was called Save For College, Save The Day! The goal of this partnership is to increase summer reading program participation to reduce summer learning loss which will lead to more Oregon students being prepared for college.

Libraries may promote and distribute sweepstakes materials in whatever way works best with their summer reading program. Parents and legal guardians of children and teens participating in your library's summer reading program can enter the sweepstakes to win a \$529 Oregon College Savings Plan or have \$529 deposited into an existing Oregon College Savings Plan account. Libraries indicated on the winning entry forms will receive a \$500 grant from the Oregon College Savings plan, even if that winner does not claim their prize.

These materials are paid for by the Oregon College Savings Plan, therefore they are available to your library for free. The Oregon College Savings Plan also pays for 4 AM Northwest interview spots and advertising on KATU to promote the summer reading program at public libraries and this sweepstakes.
