

Early Childhood Matters Advisory Council

Public Input Sessions

Please join us in active conversations regarding the continued support of Oregon's children.

Governor Kulongoski recently appointed a State Advisory Council on Early Childhood Education and Care for children from birth to school entry. This Council has been tasked to identify crucial areas and activities to ensure Oregon children are ready for success in school. Your input is needed for the Council to prepare a Strategic Report which will form the basis of a grant application for additional federal funding to help ensure Oregon's children are ready for school. The input meetings are open to the public and will be facilitated by staff and Sr. Fellows of the American Leadership Forum of Oregon.
