JOIN US

for a viewing of our industry's
first-ever telehealth commercial.

You're invited to a premier of the first legal and regulatory telehealth commercial, produced by the Robert J. Waters Center for Telehealth & e-Health Law (CTeL). The commercial features Dr. Miles Ellenby, a pediatric intensivist at Oregon Health & Science University's Doernbecher Children's Hospital and medical director of the OHSU Telemedicine Network.

The event also will showcase CTeL's newest state-by-state publications on privacy, tele-pharmacy and medical devices.
