Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing, with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The [University of Arizona Center for Rural Health](#) & the [Southwest Telehealth Resource Center](#) invite you to a **free** webinar on the implementation and practice of telemedicine.

Webinar ~ Wednesday, June 12, 2013 ~ 11:00am PDT

“Telemedicine Facility Design: From Closets to Classrooms”

This is an opportunity to learn about:

- 1. Learn how to conduct an assessment of a clinical telemedicine room.**
- 2. Define the key elements necessary to consider when designing and installing equipment in a telemedicine space.**
- 3. Take a virtual tour that includes before and after shots of telemedicine facilities in Arizona.**

Janet Major
*Associate Director,
Facilities*

Janet Major joined the University of Arizona in 1987 as Technical Director of Centennial Hall and has spent several years administering the daily operations of videoconferencing. She has been with the Arizona Telemedicine Program for over 15 year and as Associate Director of Facilities, her current responsibilities include the planning, development and installation of the teleconferencing and peripheral equipment used in rural Telemedicine sites as well as training healthcare professionals in the effective use of teleconferencing and telemedicine equipment.
